

CE FCC rated sweep mode Detachable Household Ultrasonic Cleaner made of Stainless SUS304 40KHz

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Skymen/OEM
- Certification: CE/ROHS/FCC/ISO9001 2008
- Model Number: JP-1200
- Minimum Order Quantity: 1 unit
- Price: Negotiation
- Packaging Details: carton box: 255*250*210mm
- Delivery Time: In Stock
- Payment Terms: L/C, T/T, Paypal
- Supply Ability: 500 units /day

SKYMEN | JP-1200

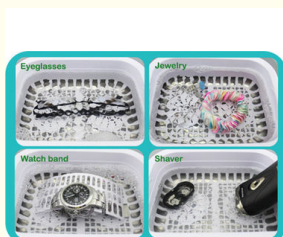

Product Specification

- Application: Clean Jewelry ,dental
- Material: SUS304+ABS
- Ultrasonic Power: 70W
- Timer: 5 Timer Setting
- Tank Size: 168*126*64mm
- Unit Size: 228*218*157mm
- Highlight: small ultrasonic cleaner,
ultrasonic jewelry cleaner

Product Description

CE FCC rated sweep mode Detachable Household Ultrasonic Cleaner made of Stainless SUS304 40KHz
The detachable ultrasonic tank design is coming from the feedback of end users that it is not convenient for them to empty out the water after cleaning. And for home use ultrasonic cleaner machine , the small size is hard to install the drainage valve. So the detachable tank is ideally for customers to empty out water without plug out and can do repeat cleaning work to save much labor and time.

This ultrasonic bath cleaner is a device that uses ultrasound to remove the dirt from jewelry,eyeglasses,hair combs,dental kits,tattoo tools and electronic boards. New model and new design for customers and end users in beauty , message , tattoo , dental and hygiene shops.

JP-1200FT is a 1.2 liters ultrasonic cleaner, Skymen Design product. with detachable tank ,it is the most Popular Model in Europe and United States and Asian Market.

Specification :

Model	JP-1200
Ultrasonic power	70W
Frequency	40KHz

Housing material	ABS
Tank material	SUS304
Tank capacity	1.2 L
Timer	5 Digital Timer Settings
Voltage	AC 100~120V, 60Hz AC 220~240V, 50Hz
Tank size	168*126*64MM
Unit size	230*200*160MM
Packing size	235*203*167MM
N.W.	2.3 Kg
G.W.	2.7 Kg
Certificate	ISO9001:2008;CE; RoHS;FCC

Features:

Detachable tank,

Stainless steel SUS 304 tank and ABS housing,exquisite appearance.

LED display for timer setting;

Touch control panel ,easy to operate;

With 90S/180S/280S/380s/480S ,5 cleaning cycles;

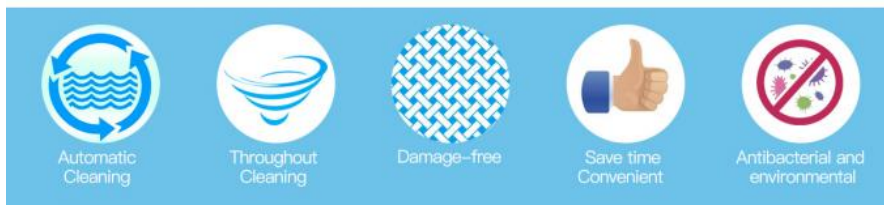

In gently removing compounds, fingerprints, soap and other dirt,will not cloud, dull or scratch; help reduce cleaning times,improve production speed and finish quality.

Application:

Multipurpose Cleaning

How Does Ultrasonic Cleaning Work?

Ultrasonic baths take advantage of a phenominon known as “cavitation”. Through this process, high frequency sound waves are used to create microscopic vacuum bubbles, that when forced against the object being disinfected, collapse, forcing the surrounding cleaning solution to fire into the space it once occupied.

This creates a powerful “scrubbing” action that gets into even the tiniest spaces. As you can imagine, this is a huge advantage when cleaning dental instruments

Product Picture:

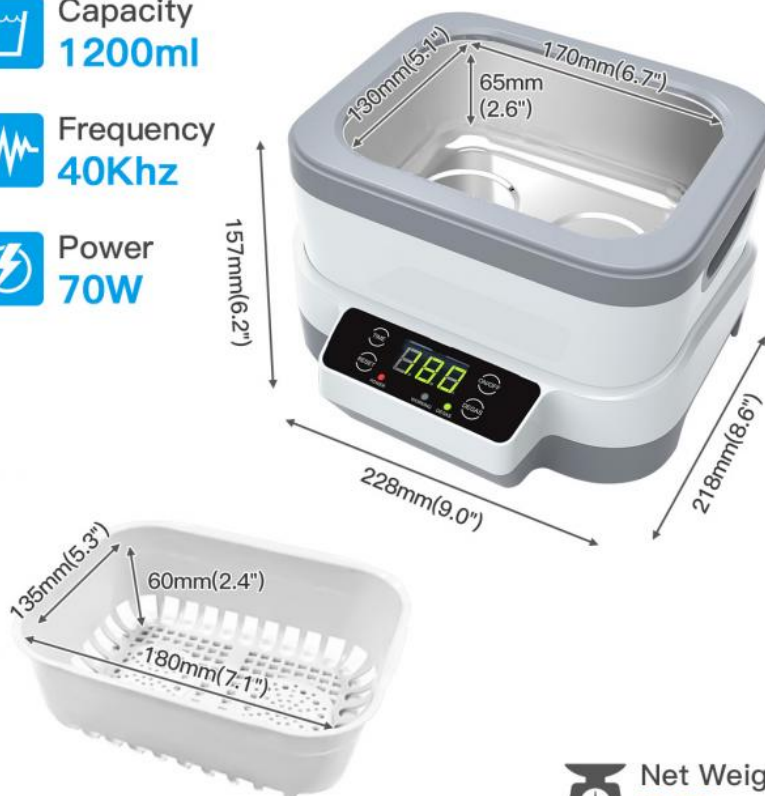

Control Panel

 Capacity
1200ml

 Frequency
40Khz

 Power
70W

 Net Weight
2.3kg

Digital Touch Control

5 cycles to choose from (90"/180"/280"/380"/480"), depending on the cleaning time you require, for easy precise control

Some cleaning objects example as below photo ultrasonic cleaning for eyeglasses , jewelry , watch band , shaver , etc.

Package:

1pcs per color box and 6pcs per carton;

1 piece order is OK for sample testing the ultrasonic cleaning effect first with fast delivery;

For resellers, OEM custom design is available with fast customer logo design and confirm before bulk order.

Ideally use in cleaning different small objects in gardening tools shops , hair shops , clinics , jewelry shops , watch shops.

OEM custom design is available.
