SKYMEN 3rd household Ultrasonic Cleaner

SKYMEN Ultrasonic Cleaner is an emerging consumer hardware product, which is targeted at people wearing glasses, jewelry, etc., It adopts the 3rd generation ultrasonic technology, more safer and more efficient.

How dirty your glasses & jewelry is?

Glasses and jewelry has close contact with your skin , Dirty objects attached can injure the skin and cause skin problems such as acne etc, The ordinary cleaning method is difficult to clean the corner and gaps of glasses and jewelry, So the dirty objects will accumulate over time.....

The third-generation ultrasonic cleaning method

Get rid of your cleaning troubles

Cavitation bubble explosion cleaning without dead corner

Completely removes dirt without damage

Renew your jewelry with cleaning agent.

Cleaning expert in your daily life

SKYMEN Ultrasonic CleanerCan clean most stuff in your daily life. Especially suitable for some products with complicated structure and porous gap such as glasses, watches, pen tips, dentures, etc.Cleaning experts in your daily life

One-button start, automatic operation

Waterproof design switch button, Automatically powered off and protected after 3 minutes cleaning, easy and convenient operation
