

REACH Anilox Roller Cleaning Equipment SUS304 40Khz Ink Ultrasonic Cleaner

Our Product Introduction

for more products please visit us on skymenultrasonic.com

Basic Information

- Place of Origin: China
- Brand Name: SkyMen
- Certification: CE, RoHS, FCC, REACH
- Model Number: JTS-1048W
- Minimum Order Quantity: 1
- Price: Negotiation
- Packaging Details: Wooden case
- Delivery Time: In Stock
- Payment Terms: T/T
- Supply Ability: 1000pcs per month

Product Specification

- Application: Printing Cylinder And Anilox Rolls Cleaning
- Function: Ultrasonic+heating
- Ultrasonic Frequency: 40Khz
- Heating Power: 2400W
- Ultrasonic Power: 6000W
- Inner Tank Size: Custom According To Rolls Size
- Highlight: **REACH Anilox Roller Cleaning Equipment, Anilox Roller Cleaning Equipment SUS304, 40Khz Ink Ultrasonic Cleaner**

Product Description

Anilox Rollers Cleaning Remove Printing Ink Ultrasonic Cleaner

Although the kinds of anilox roll is divided into metal roll and ceramic roll, the micro net-hole is used for storing printing ink, as example of normal mesh roll 600L/ICH, the aperture of its net-hole is about 30 microns, generally speaking, normal cleaning tools won't have such micro tools for cleaning net-hole; but diameter of water vacuole produced by ultrasonic is about two to five microns, there can come 6 to 15 water vacuole into single net-hole to impact bottom dirt physically for reaching purpose of completely clean, which is cannot compared by other cleaning methods. Currently, most of micro cleaning in the world uses ultrasonic cleaner and its application range is inclusive.

PRODUCT SPECIFICATIONS

Model No.	JTS-1048W
Application	Printing Cylinder and Anilox Rolls Cleaning
Rolls Cleaning quantity Every time	1, 2, or 3pcs rollers
Ultrasonic Frequency	40kHz
Tank Material	SUS304 (SUS 316 can be customized)
Thickness of tank	2mm
Inner tank dimension	Custom according to rollers size and clean quantity
Custom size according to roller	Available
Transducer	48pcs
Ultrasonic Power	2400W
Heating Power	6000W
Time setting of Ultrasonic	1-99 hours
Temperature setting	Room temperature to 203°F
Drain hole	On the bottom of inner tank
Basket	Available
Power supply	220V / 380V 3 Phase power
Warranty	1 year
Certificate	CE; RoHS; FCC; REACH
Lead time	20 working days after payment

FEATURES AT A GLANCE

Ultrasonic cleaning effect is more complete

The principle of ultrasonic cleaning is hundred of millions water vacuole which is produced by ultrasonic transducer and cannot be seen by naked eye, water vacuoles round mesh roll collectively and evenly, water vacuoles can come in and take dirt away whatever plane or depression point. The role cleaning solution is to activate dirt which attached on mesh roll and make its adsorption capability decreased. Being taken by water vacuole which produced by ultrasonic in a walk and reach the purpose

of complete cleaning. Meanwhile, water vacuole produced by ultrasonic impacts and takes dirt away which is belong to physical function, but cleaning solution is to decrease adsorption capability of dirt which is belong to chemical function, like western medicine is a palliative treatment but TCM is the cure of the root cause, the combination of physical and chemical principles makes cleaning more complete and reasonable; This is its merit which is not available in other methods.
