

3000W Industrial Ultrasonic Gun Parts Cleaner Long Life 40Khz Frequency

Our Product Introduction

for more products please visit us on skymenultrasonic.com

Basic Information

- Place of Origin: China Mainland
- Brand Name: SkyMen
- Certification: CE RoHS
- Model Number: JTS-1010
- Minimum Order Quantity: 1pcs
- Price: Negotiation
- Packaging Details: 1pcs/ carton
- Delivery Time: In Stock
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 300pcs/month

Product Specification

- Material: Stainless Steel 304
- Power Supply: 220V Or 110V, 50KHz / 60KHz
- Timer: 1~30mins
- Heater: 20~80C
- Ultrasonic Power: 600W
- Accessories: Stainless Steel Basket, Lid, Manual Instruction
- Highlight: **3000W ultrasonic gun parts cleaner, Long Life ultrasonic gun parts cleaner, 40Khz Ultrasonic Gun Cleaner**

Product Description

Firearms Bullet Ultrasonic Gun Cleaner Timer Heater With Baskets

1. Why Do You Need Ultrasonic Cleaner

Gun Lover Usually clean their gun once a week but mostly get trouble in cleaning. There are many hard cleaning components in a gun and it is not easy to clean by hand.

However, ultrasonic gun parts cleaner will do all cleaning job for you and you just need to wait several minutes. It clean every parts of your gun and it keep same intensity in every direction.

2. Advantage Of Ultrasonic Gun Parts Cleaner.

More thorough cleaning- cleans down to one micron cleanliness level

Shorter cleaning times- 3-5 minutes for most firearms

Less handling- allows the user to perform other functions while cleaning is in process

Lubrication tank design uses ultrasonic energy allowing complete coverage in every crack and crevasse

Cleaning detergent is specifically chosen for firearm cleaning and includes a rust prohibitor

Lubrication is specially formulated for firearm cleaning with water displacement and low temperature properties

3. How Gun Parts Ultrasonic Cleaner Work?

Ultrasonic transducers mounted to the tank bottom produce high frequency sound waves which cause rapidly alternating high & low pressure conditions in the cleaning solution. Millions of microscopic bubbles form and then implode (a process called cavitation) resulting in an intense scrubbing action that removes fouling even in the smallest indentations, grooves and impossible to reach by hand areas.

Using water based detergents with rust inhibitor and heat, unburned powder, carbon, lint, oil & dirt will be quickly removed from the field stripped gun parts usually within 4-6 minutes of immersion with minimal hand labor. Heated ultrasonic cleaning, followed by rinsing and ultrasonic lubrication with supplied lube pan and special oil, insures that the parts are moisture free and protected. After excess lubricant is removed from the parts with compressed air, they can be lubricated in accordance with manufacturer's instructions or your S.O.P.

The parts are then restored to factory new level of cleanliness which could not be achieved by the usual hand cleaning methods. The process does not affect night sights, rubber grips, and plastic frames or leave the parts dried out and unprotected.

4. How To Clean Your Gun Parts With Ultrasonic Cleaner.

- (1). Field strip the gun
- (2). Swab the bore with a good defouler like Hoppes #9
- (3). Insert the stainless steel basket into the ultrasonic cleaning system
- (4). Insert the polycarbonate tray into the stainless steel basket Ride The Waves Ultrasonic Gun Cleaning Equipment
- (5). Add cleaning solution concentrate Cleaning Solution
- (6). Turn heating unit on to 50 degrees C
- (7). Insert gun parts into the ultrasonic cleaner
- (8). Set the cleaning time for between 5 and 30 minutes, depending on how dirty the gun is. (Light maintenance on the lower end of the time scale, heavy cleaning on the higher end of the time scale.)
- (9). Turn the ultrasonic cleaner on
- (10). Check guns periodically for cleanliness
- (11). When clean, turn off heat and the ultrasonic unit
- (12). Swab the bore with a good defouler like Hoppes #9
- (13). Always lubricate your gun after cleaning

Features

5. Feature Of JTS-1010

All stainless steel - ensures many years of trouble free performance

The most advanced transducer design in the industry

Simultaneous technology - provides the highest performance of any system

eliminates standing waves and provides a safe cleaning environment for all gun surfaces

Best warranty in the industry - you talk directly to our support staff who designed and built the system

Two Cleaning Process To Provide Detail care for your gun, including rough and precision cleaning.

Degas Function will improve cleaning effect and reduce oxidation on your gun parts.

Specification

6. Specification of JTS-1010

Model	JTS-1010	Frequency	40,000Hz
Tank capacity	30L	Timer	1-99 mins
Tank size	90.8 x 20.5 x 15.9 cm	Unit size	97.8 x 27.3 x 35.6 cm
Box packing	114.3 x 38.1 x 44.5 cm	Function	Degasing/Draining
Ultrasonic power	600W	Heating power	500W

N.W.	33kg	G.W.	35kg
POWER SUPPLY	AC 100 ~ 120V, 60Hz ; AC 220 ~ 240V, 50Hz

Remark:

1. tank size and other functions can be custom made
2. customer logo is acceptable
3. packing by wooden case
4. lead time is negotiable according to qty. and custom made requirements

FAQ

Q: What's the advantage of Skymen ultrasonic cleaner?

A: Skymen ultrasonic cleaner is the best way to have thorough cleaning without damaging objects. It helps to remove stubborn dirt and dust from the watch, eyeglasses, jewelry, etc, make them look new once again. It's very safe and easy to operate, proves to be the best helping hand for you at home.

Q: How often should I change the cleaning fluid in my tank?

A: Changed whenever it becomes visibly too contaminated, or when the cleaning process is not as effective.

Q: Why do I need to use a basket?

A: Basket would help to load objects together, and get a better cleaning effect.

Q:Can ultrasonic cleaning damage parts?

A: Although the effect of thousands of implosions per second is very powerful, the cleaning process is safe. No damage to your daily objects.

Q: What about the warranty?

A: 1 Year warranty for Skymen ultrasonic cleaner. If any technical problem during warranty time, replacement parts will be sent free of charge. And technical support is also available after 1 year.
