

High Capacity 1500L Industrial Ultrasonic Cleaner For Cleaning Auto Parts Hardware Mold

Our Product Introduction

Basic Information

- Place of Origin: Shenzhen
- Brand Name: SkyMen
- Certification: CE/RoHS/ISO9001
- Model Number: JP-1216ST
- Minimum Order Quantity: 1
- Price: usd 5000-9800/pcs
- Delivery Time: In Stock
- Payment Terms: T/T, Western Union, L/C, MoneyGram
- Supply Ability: 3000 pcs/month

Product Specification

- Capacity: 1500L
- Inner Tank Size: 1500*1000*1000mm
- Transducer: 216 Pcs
- Ultrasonic Power: 10.8KW
- Heating Power: 36kw
- Frequency: 40/28kHz
- Material: Stainless Steel SUS304/SUS316
- Warranty: 1 Year
- Highlight: **1500L Industrial Ultrasonic Cleaner,
Hardware Mold Industrial Ultrasonic Cleaner,
Large tank Ultrasonic Auto Parts Cleaner**

Product Description

JP-1216ST 1500L 1500W Large tank industrial ultrasonic cleaner

Ultrasonic cleaners are highly effective, intense cleaning systems that can be used to effectively clean tools and equipment in many industries. The automotive industry utilizes ultrasonic cleaning methods in many facets of their industry - manufacturing, production, assembly and even in automotive repair. Ultrasonic cleaning provided the best method of cleaning and degreasing for all types of automotive parts and machinery. Unlike other cleaning processes and harsh chemicals, ultrasonic cleaning will not damage intricate, lightweight, or easily damaged parts.

The Benefit of Ultrasonic Cleaners in the Automotive Industry An ultrasonic cleaner can thoroughly removes carbon deposits, grease, and other types of dirt and contaminants from carburetors, exhaust manifolds, cylinder blocks, motorcycle engines, ATV cylinders and more. It can also be used on smaller parts such as plugs, screws, bolts and fixtures. Ultrasonic cleaners can also be used in the marine industry on inboard and outboard motors because the cleaning process is both thorough and gentle on aluminum parts, which reduces the risk of future corrosion.

Details about JP-1216ST ultrasonic cleaner

| | | |
|------------------|---|---|
| Model No. | JP-1216ST | |
| Image |  | |
| Ultrasonic model | Ultrasonic Frequency | 28/40 kHz |
| | Material | Stainless Steel SUS304 |
| | Tank Capacity | 1500L |
| | Timer | 1~99 hours adjustable |
| | Heater | 20°C to 95°C adjustable |
| | Power Supply | AC 100 ~ 120V, 50 / 60Hz AC 220 ~ 240V, 50 / 60 Hz |
| | Ultrasonic Power | 10.8KW |
| | Heating Power | 36KW |
| | Basket& cover | Standard equipped |
| Packing | Tank Size | 1500*1000*1000mm (L x W x H) |
| | Warranty | 1 year |
| Features. | Automatic measuring of load - frequency and power regulation Fully digital generator – well-adjusted and energy efficient Advanced diagnostics – performance monitoring and service capabilities Top level of cleanliness Quick wash process Good ergonomics in manual handling of lightweight items A cost-effective solution Compact design, small footprint | |

| | |
|--------------|--|
| Application. | <p>Used in the following fields of oil removal, rust removal, wax removal, glue removal, dust removal, ink removal, rosin soldering, in addition to trace oxide skin, in addition to fingerprints, in addition to carbon deposition</p> <p>Application: Hardware mold, auto parts, aviation, Marine, coal, oil field, circuit board, electronic components, hydraulic parts, cast aluminum parts, precision hardware, optical lenses</p> |
| Certificates | CE/ROHS/FCC/PSE/ISO9001 |

SUS304 Stainless Steel Tank

SUS304 stainless steel tank, no solder joints, no gaps, good corrosion resistance and heat resistance.

Heat resistance

Anti-corrosion

Cleaning effects:

FAQ:

What autoparts can be cleaned?

cylinder heads, cylinder blocks, crankshafts, camshafts, carburetors, con-rods, pistons, turbocharger components, diesel injectors, DPF filters, brake system components, gearbox and transmission components, radiators etc.

How does the ultrasonic cleaner play a role in the auto parts industry?

In the automotive industry, ultrasonic cleaners use industrial strength cleaning action to:

- Clean carbon deposits from carburetors and engine parts
- Removes stubborn oil, grease, lubricants, paint, rust, and dirt
- Safely clean any aluminum parts
- Penetrate and thoroughly clean small holes, small apertures, and crevices
- Clean sensitive parts including wiring and plastic without damage

How about after sales services?

12 months warranty for SKYMEN ultrasonic cleaner. Any technical problem during warranty time, free replacement parts will be sent

to your door. And technical support is also available after 1 year.
