Counter inside the machine which counts each clean.

Design with castor and brake for mobile service.

Low running costs

Simple and safe to use.

Provide an excellent service for all level of golfers.

Make hands free from water.

Golf has become an increasingly popular game. Your area may have many public and private courses where you can set up a machine. The average golf course has 200 golfers a day. If only 10% of the golfers have their set of 14 clubs cleaned for €10, your potential for the day is €200 (plus tips!). If you clean clubs for only 2 hours a day, 5 days a week, for 6 months a year (prime golfing months), you can make approximately €24,000 per year per machine. With 5 machines, you could make €120,000 per year.
