Product Description

Ultrasonic Blind Cleaner 10 Foot/3000mm Long For Blinds

For window blind clean, Skymen recommend cleaner with double tank: ultrasonic tank & rinsing tank.

Ultrasonic tank is use to remove contaminants from every part of the blind, including the head rail, and bottom rails which support the blind.

Rinsing tank is use tap water to rinse off detergent residues from the blinds. Detergents remaining behind will leave residues on the blinds after drying, especially dark-colored blinds.

Size could be customized.

ultrasonic wave generator control

FAQ:

Q: What's advantage of Skymen ultrasonic cleaner?

A: Skymen ultrasonic cleaner is the best way to have thorough cleaning without damaging objects. It helps to remove stubborn dirt and dust from watch, eyeglasses, jewelry, etc, make them look new once again. It's very safe and easy to operate, proves to be a best helping hand for you at home.

Q: How often should I change the cleaning fluid in my tank?

A: Changed whenever it becomes visibly too contaminated, or when the cleaning process is not as effective.

Q: Why do I need to use a basket?

A: Basket would help to load objects together, and get better cleaning effect.

Q: Can ultrasonic cleaning damage parts?

A: Although the effect of thousands of implosions per second is very powerful, the cleaning process is safe. No damage to your daily objects.

Q: What about the warranty?

A: 1 Year warranty for Skymen ultrasonic cleaner.

If any technical problem during warranty time, replacement parts will be sent free of charge. And technical support is also available after 1 year.
