Basic Information

- Place of Origin: China
- Brand Name: Skymen
- Model Number: JTS-1048W

Product Specification

- Tank Capacity: 135L
- Cleaning Method: Ultrasonic
- Warranty: 1 Year
- Cleaning Time: 5-15min
- Weight: 130kg
- Power: 220V/380v, 3 Phase
- Product Name: Anilox Roller Cleaning Equipment
- Operating Temperature: 5-50°C
- Highlight: **3 Phase Ultrasonic Anilox Cleaning Machine,
380V Ultrasonic Anilox Cleaning Machine,
OEM Anilox Cleaning Equipment**

Product Description

Product Description:

Anilox Roller Cleaning Equipment is a professional cleaning equipment for anilox roller. With a tank size of 900*600*250mm, it is made of SUS304 material which ensures its superior performance and durability. The cleaning method is ultrasonic which can effectively remove contaminants and other impurities from the anilox roller. The product is lightweight and easy to operate, weighing only 130kg. Anilox Roller Cleaning Equipment is an ideal choice for those who need an efficient and reliable anilox ultrasonic cleaning solution.

Features:

Product Name: Anilox Roller Cleaning Equipment

Cleaning Method: Anilox Ultrasonic Cleaning

Tank Size: 900*600*250mm

Cleaning Time: 5-15min

Weight: 130kg

Technical Parameters:

Property	Parameters
Product Name	Anilox Roller Cleaning Equipment
Material	SUS304
Tank Size	900*600*250mm
Warranty	1 Year
Weight	130kg
Cleaning Method	Ultrasonic
Power	220V/380v, 3 Phase
Tank Capacity	135L
Cleaning Time	5-15min
Operating Temperature	5-50°C

Applications:

Sky men JTS-1048W Anilox Roller Cleaning Equipment is a customized anilox roller cleaning machine designed by China, which adopts ultrasonic cleaning method for printing anilox cleaning. This anilox cleaning equipment has a tank size of 900*600*250mm, and it is able to operate within a temperature range of 5-50°C. It can provide efficient and precise cleaning results, with a cleaning time of 5-15min. This anilox roller cleaning machine is a great choice for printers who need to clean anilox rollers for printing purposes. The Sky men Anilox Roller Cleaning Equipment is also ideal for printing anilox cleaning equipment. It is reliable, durable, and easy to operate, making it the best choice for those who are looking for a reliable and efficient anilox roller cleaning machine.

Packing and Shipping:

Packaging and Shipping of Anilox Roller Cleaning Equipment

We use secure packaging materials to make sure the Anilox Roller Cleaning Equipment is safe and it arrives in perfect condition. All our packages are clearly marked with the product name, the weight, and the delivery address.

We use a reliable courier service to deliver the Anilox Roller Cleaning Equipment. Our delivery partners are known for their punctuality and reliability. They track the shipment throughout its journey so that you can be certain of the delivery time. We also offer insurance on the shipments.

FAQ:

Q1: What is Anilox Roller Cleaning Equipment?

A1: Anilox Roller Cleaning Equipment is a machine that is used to clean and remove accumulated ink from anilox rollers. Skyman's Model JTS-1048W Anilox Roller Cleaning Equipment is made in China and is designed to provide a thorough, fast, and safe cleaning of anilox rollers.

Q2: What does the Skyman's Model JTS-1048W Anilox Roller Cleaning Equipment do?

A2: The Skyman's Model JTS-1048W Anilox Roller Cleaning Equipment is designed to provide a thorough, fast, and safe cleaning of anilox rollers. It is able to remove accumulated ink from the surface of anilox rollers, which helps to keep the rollers working at their peak performance.

Q3: How does the Skyman's Model JTS-1048W Anilox Roller Cleaning Equipment work?

A3: The Skyman's Model JTS-1048W Anilox Roller Cleaning Equipment uses a combination of mechanical and chemical cleaning processes to effectively remove accumulated ink from the surface of anilox rollers. The mechanical process uses high-pressure jets to remove ink from the surface of the roller, while the chemical process utilizes an organic solvent to soften and break down the ink.

Q4: What is the advantage of using the Skyman's Model JTS-1048W Anilox Roller Cleaning Equipment?

A4: The Skyman's Model JTS-1048W Anilox Roller Cleaning Equipment is an efficient and cost-effective way to keep anilox rollers functioning at peak performance. It is able to remove accumulated ink quickly and safely, allowing for a faster turnaround time and improved productivity.

Q5: Is the Skyman's Model JTS-1048W Anilox Roller Cleaning Equipment easy to use?

A5: Yes, the Skyman's Model JTS-1048W Anilox Roller Cleaning Equipment is designed to be user friendly. It comes with a comprehensive user manual and an easy-to-use control panel, allowing you to quickly and easily set up the machine and clean anilox rollers.
