## Product Description

### Product Description:

Our Anilox Roller Cleaning Equipment is the perfect solution for printing anilox cleaning and anilox washing. Its tank size is 900\*600\*250mm, power is 220V/380v, 3 Phase, material is SUS304, and tank capacity is 135L. It uses the ultrasonic cleaning method to achieve high-quality printing result. It is the ideal cleaning equipment for anilox roller, designed to provide superior cleaning results while using minimal energy and resources. It is easy to operate and maintain, and can ensure that the anilox rollers are perfectly clean and free of any debris. Our Anilox Roller Cleaning Equipment is the best choice for those who are looking for a reliable and cost-effective anilox roller cleaning solution.

### Features:

**Product Name:** Anilox Roller Cleaning Equipment

**Operating Temperature:** 5-50°C

**Tank Capacity:** 135L

**Weight:** 130kg

**Warranty:** 1 Year

**Material:** SUS304

**Features:**

Specialized for **roller cleaning** and **printing anilox cleaning**

### Technical Parameters:

Product Name	Anilox Roller Cleaning Equipment
Weight	130kg
Cleaning Time	5-15min
Material	SUS304
Tank Size	900*600*250mm
Tank Capacity	135L
Operating Temperature	5-50°C
Cleaning Method	Ultrasonic
Power	220V/380v, 3 Phase
Warranty	1 Year

### Applications:

Sky men JTS-1048W Anilox Roller Cleaning Equipment: Customized Cleaning Machine for Anilox Roller Washing

Sky men JTS-1048W Anilox Roller Cleaning Equipment is a customized cleaning machine designed for anilox roller washing. It is made of SUS304 stainless steel with a tank size of 900\*600\*250mm, and weighs 130kg. This machine uses ultrasonic cleaning method to thoroughly clean the anilox roller, effectively removing ink and other contaminants. It is equipped with 220V/380v, 3 Phase power supply, providing excellent cleaning performance with low energy consumption.

Sky men Anilox Roller Cleaning Equipment is ideal for customers who need to wash various anilox rollers. It is easy to operate and maintain, and supports a wide range of customized functions. In addition, it is equipped with advanced safety features, providing users with a safe and reliable cleaning experience.

Sky men JTS-1048W Anilox Roller Cleaning Equipment is the ideal choice for customers who need to clean and maintain their anilox rollers. It is highly efficient, with excellent cleaning performance and low energy consumption. With its advanced safety features, it provides users with a safe and reliable cleaning experience.

### Customization:

Sky men Anilox Roller Cleaning Equipment is a customized anilox roller cleaning machine designed for cleaning anilox rollers, with model number JTS-1048W. It has a tank size of 900\*600\*250mm and is powered by 220V/380V, 3 Phase. It uses ultrasonic cleaning method for thorough cleaning. The product weighs 130kg.

### Support and Services:

Anilox Roller Cleaning Equipment Technical Support and Service
