

## Skymen 135L Ultrasonic Anilox Cleaning Machine For Printing Factories/Printing Centers

Our Product Introduction

for more products please visit us on [skymenultrasonic.com](http://skymenultrasonic.com)

### Basic Information

- Place of Origin: China
- Brand Name: Skymen
- Model Number: JTS-1048W

### Product Specification

- Warranty: 1 Year
- Weight: 130kg
- Cleaning Time: 5-15min
- Cleaning Method: Ultrasonic
- Operating Temperature: 5-50°C
- Tank Capacity: 135L
- Material: SUS304
- Tank Size: 900\*600\*250mm
- Highlight: Skymen Ultrasonic Anilox Cleaning Machine,  
135L Ultrasonic Anilox Cleaning Machine,  
Ultrasonic Anilox Cleaner For Printing Factories

## Product Description

### Product Description:

Anilox Roller Cleaning Equipment is an advanced cleaning system specially designed for cleaning anilox rollers. It is composed of a cleaning tank, a power supply, and a controller. This machine is equipped with an ultrasonic generator, which can generate high-frequency sound waves to thoroughly clean the anilox rollers. Its power supply is 220V/380V, 3 Phase, and its weight is 130kg. The size of the cleaning tank is 900\*600\*250mm, and the cleaning time is 5-15min. With the help of this Anilox Roller Cleaning Equipment, users can easily remove various types of pollutants from the rollers and improve the printing quality. Moreover, this cleaning equipment can also be used for deep cleaning of other types of rollers, making it a great choice for roller cleaning applications.

### Features:

**Product Name:** Anilox Roller Cleaning Equipment

**Weight:** 130kg

**Tank Size:** 900\*600\*250mm

**Cleaning Time:** 5-15min

**Power:** 220V/380v, 3 Phase

**Features:** Anilox Washing, Anilox Ultrasonic Cleaning, Customized Anilox Roller Cleaning Machine

### Technical Parameters:

Product Name	Anilox Roller Cleaning Equipment
Material	SUS304
Cleaning Time	5-15min
Operating Temperature	5-50°C
Power	220V/380v, 3 Phase
Tank Size	900*600*250mm
Tank Capacity	135L
Weight	130kg
Cleaning Method	Ultrasonic
Warranty	1 Year

### Applications:

#### Skymen Anilox Roller Cleaning Equipment - JTS-1048W

Skymen Anilox Roller Cleaning Equipment (Model Number: JTS-1048W) is designed to clean anilox rollers with ultrasonic technology in a safe, fast and efficient way. This high-end equipment is a perfect choice for any printing factories, printing centers, paper mills, and other related industries that require anilox roller washing. It has a power of 220V/380V, 3 Phase, an operating temperature from 5-50°C and a tank size of 900\*600\*250mm. It is made in China and comes with a 1 year warranty.

What advantages does Skymen Anilox Roller Cleaning Equipment offer? This equipment is the perfect solution for any industry that needs to clean anilox rollers. It is fast, efficient and safe, as it uses ultrasonic technology to break down the most difficult dirt and ink residues. Plus, it has a large tank size and a wide operating temperature range, making it suitable for a variety of cleaning conditions. And with a 1 year warranty, you can be sure that your equipment is of the highest quality and will last a long time.

Skymen Anilox Roller Cleaning Equipment is the perfect choice for any industry that needs to clean anilox rollers. It is fast, efficient and safe, and comes with a 1 year warranty. With its ultrasonic technology and large tank size, it is the perfect solution for any industry that requires anilox washing and cleaning.

### Customization:

Anilox Roller Cleaning Equipment by Skymen

Skymen's Anilox Roller Cleaning Equipment (Model Number: JTS-1048W) is designed to effectively clean rollers, such as anilox rollers. It is constructed of SUS304 material with a weight of 130kg. With a tank capacity of 135L, it has an operating temperature of 5-50°C and is powered by 220V/380v, 3 Phase.

This Anilox Roller Cleaning Equipment is a reliable and efficient cleaning solution for all types of rollers, including anilox rollers. With its robust construction and durable material, it is an ideal choice for any roller cleaning needs.

### Support and Services:

Anilox Roller Cleaning Equipment Technical Support and Service

We are committed to providing you with top-notch technical support and service for Anilox Roller Cleaning Equipment. Our team of experienced professionals is available 24/7 to answer any questions you may have and help you troubleshoot any issues that may arise. We also offer regular maintenance services to ensure that your equipment is running optimally and that any problems you may have are addressed quickly and effectively.

We also provide in-depth training to help you get the most out of your Anilox Roller Cleaning Equipment. Our training sessions cover everything from basic operation and safety guidelines to advanced troubleshooting techniques. We also offer online tutorials and manuals to help you get up to speed quickly.

If you ever have any questions or concerns, please don't hesitate to contact us. We look forward to helping you make the most of your Anilox Roller Cleaning Equipment.

## Packing and Shipping:

For Anilox Roller Cleaning Equipment, all packages will be shipped using the most suitable and reliable shipping method. Shipping costs will be calculated based on the weight of the package and the method of shipment selected. The packaging for Anilox Roller Cleaning Equipment will be suitable for the items to be shipped. The packages will be padded and sealed for protection and security during transit.

## FAQ:

**Q:**What is the Brand Name of Anilox Roller Cleaning Equipment?

**A:**The Brand Name of Anilox Roller Cleaning Equipment is Skymen.

**Q:**What is the Model Number of Anilox Roller Cleaning Equipment?

**A:**The Model Number of Anilox Roller Cleaning Equipment is JTS-1048W.

**Q:**Where is Anilox Roller Cleaning Equipment made?

**A:**Anilox Roller Cleaning Equipment is made in China.

**Q:**What is Anilox Roller Cleaning Equipment used for?

**A:**Anilox Roller Cleaning Equipment is used for cleaning anilox roller.

**Q:**What are the advantages of Anilox Roller Cleaning Equipment?

**A:**Anilox Roller Cleaning Equipment has excellent performance and durability, and provides a thorough cleaning with minimal damage to the anilox roller.
