Product Description

Product Description:

Product Overview: Kitchen Soak Tank - JTS-250LZF

The Kitchen Soak Tank is a revolutionary product designed to make kitchen cleaning easier and more efficient. This versatile product is perfect for cleaning a variety of cookware and other kitchen items, making it an essential addition to any kitchen.

Product Features:

Heater: The Kitchen Soak Tank comes equipped with a heater that can adjust the temperature from room temperature to 80°C. This allows for thorough cleaning and disinfection of kitchen items.

Cleaning Type: The Kitchen Soak Tank uses the immersion/soak method for cleaning. This method ensures that all parts of the kitchen items are thoroughly cleaned, leaving them sparkling and free of any residue.

Internal Tank Size: With dimensions of 850*480*620MM, the Kitchen Soak Tank is spacious enough to hold a large number of cookware and other kitchen items at once. This makes it ideal for use in busy commercial kitchens.

Gross Weight: Weighing in at 98KG, the Kitchen Soak Tank is sturdy and durable, making it suitable for heavy-duty use in any kitchen setting.

Model: The specific model of this Kitchen Soak Tank is JTS-250LZF, which indicates its capacity of 250 liters. This size is perfect for medium to large kitchens.

Key Benefits:

The Kitchen Soak Tank is a versatile product that can clean a wide range of kitchen items, including cookware, sink dishes, and even filter cleaning.

With its immersion/soak cleaning method, the Kitchen Soak Tank ensures that all parts of the kitchen items are thoroughly cleaned and sanitized.

The adjustable heater allows for customized cleaning depending on the level of dirt and grease on the items, making it highly effective.

The spacious internal tank size and sturdy construction make it suitable for use in busy commercial kitchens, saving time and effort in cleaning.

With its compact size and sleek design, the Kitchen Soak Tank can easily fit into any kitchen setting without taking up too much space. In conclusion, the Kitchen Soak Tank - JTS-250LZF is a must-have product for any kitchen looking to improve their cleaning process. Its efficient and effective cleaning method, adjustable heater, and durable construction make it a valuable addition to any kitchen's cleaning arsenal.

Kitchen Soak Tank - Efficient Cleaning Solution for Your Kitchen Equipment

Brand Name: Skymen

Model Number: JTS-250LZF

Place of Origin: China

Introducing the JTS-250LZF Kitchen Soak Tank

Say goodbye to scrubbing and soaking your kitchen equipment by hand. The JTS-250LZF Kitchen Soak Tank from Skymen is here to make your cleaning process quicker and easier. Designed with the latest technology and high-quality materials, this soak tank is the perfect solution for removing grease and oil from your cooking utensils, cookware, and other kitchen equipment. Perfect for Various Kitchen Equipment

The JTS-250LZF Kitchen Soak Tank is suitable for various types of kitchen equipment, including pots, pans, baking trays, utensils, and more. Its large internal tank size of 850*480*620MM can easily accommodate multiple items at once, making it ideal for busy kitchens. With its powerful cleaning solution, it can efficiently remove stubborn grease and oil, leaving your equipment spotless and ready for use. Stainless Steel 304 Inner Tank

The inner tank of the JTS-250LZF Kitchen Soak Tank is made of high-quality stainless steel 304 material, ensuring durability and corrosion resistance. This makes it suitable for use in commercial kitchens and ensures that it will last for a long time.

Immersion / Soak Cleaning

The JTS-250LZF Kitchen Soak Tank uses immersion / soak cleaning method, which is the most efficient and effective way to clean heavily soiled kitchen equipment. This method involves soaking the items in a powerful cleaning solution, allowing it to penetrate and break down grease and oil, making it easier to remove.

Easy to Use with Multiple Power Supply Options

The JTS-250LZF Kitchen Soak Tank is very easy to use. Simply fill the tank with water and add the cleaning solution, then turn on the power and let it do its job. It is available in both 110V and 220V, single phase options, making it suitable for use in different countries and regions.

Experience the Convenience of JTS-250LZF Kitchen Soak Tank

Say goodbye to the hassle of scrubbing and soaking your kitchen equipment by hand. The JTS-250LZF Kitchen Soak Tank from Skymen is here to make your life easier and your kitchen equipment spotless. With its efficient cleaning power and durable construction, it is the perfect addition to any commercial kitchen. Get yours today and experience the convenience for yourself!

For any service inquiries, please don't hesitate to reach out to our customer service team. We are here to assist you and make sure your Kitchen Soak Tank meets your expectations.

Packing and Shipping:

Kitchen Soak Tank Packaging and Shipping

Our Kitchen Soak Tank comes securely packaged to ensure safe delivery to your doorstep. The packaging is designed to protect the tank from any damages during transportation. Here is a breakdown of our packaging and shipping process:

Packaging

The Kitchen Soak Tank is first wrapped in a layer of protective bubble wrap.

It is then placed in a sturdy cardboard box with additional padding for extra protection.

The box is sealed with strong packaging tape to prevent any accidental opening during transit.

Shipping

Once your order is confirmed, our team will carefully pack and ship your Kitchen Soak Tank within 1-2 business days. We use reputable shipping companies to ensure timely and safe delivery of your product. You will receive a tracking number via email to keep track of your shipment.

If you have any special shipping requests or need expedited shipping, please contact our customer service team before placing your order. Additional fees may apply.

Upon delivery, please inspect the packaging for any damages. If the packaging appears to be damaged, please take photos and contact us immediately. We will work with the shipping company to resolve any issues and ensure you receive a replacement if necessary.

We take great care in packaging and shipping our Kitchen Soak Tank to ensure it arrives in perfect condition. Thank you for choosing our product and we hope you enjoy using it for all your kitchen cleaning needs!
