## Product Description

### Product Description:

Kitchen Cleaning Soak Tank - Model: JTS-250LZF

The Kitchen Cleaning Soak Tank is an essential tool for any commercial kitchen looking to efficiently clean their dishes, pots, and pans. This Stainless Steel Dip Tank is designed for immersion and soaking cleaning, making it perfect for tough grease and grime. With a Gross Weight of 98KG, it is a heavy-duty and durable solution for all your kitchen cleaning needs.

Cleaning Type: Immersion / Soak

The JTS-250LZF uses the immersion or soak cleaning method, which is highly effective in removing tough stains and grease. Simply fill the tank with water and add your preferred cleaning solution, then let your dirty dishes and cookware soak in the tank for a designated amount of time. The soak method allows for a more thorough and efficient cleaning process, saving you time and effort.

Gross Weight: 98KG

The JTS-250LZF has a Gross Weight of 98KG, making it a heavy-duty and sturdy option for your kitchen cleaning needs. The weight of the tank ensures its stability and durability, providing a long-lasting solution for your kitchen.

Tank Capacity: 250L

With a tank capacity of 250L, this Soak Tank can hold a large number of dirty dishes and cookware, making it perfect for busy commercial kitchens. The large capacity also means you can clean multiple items at once, increasing your efficiency and productivity.

Internal Tank Size: 850\*480\*620MM

The internal tank size of 850\*480\*620MM provides ample space for your dishes and cookware to soak and get thoroughly cleaned. The size is optimized for maximum efficiency and can accommodate various sizes and types of kitchen items.

Kitchen Cleaning Soak Tank with Heated Soak Tank

The JTS-250LZF comes with a heated soak tank feature, which ensures that your cleaning solution is warm and effective in removing grease and grime. The heated soak tank not only improves the cleaning process but also helps to save water and energy.

Invest in the JTS-250LZF Kitchen Cleaning Soak Tank for a hassle-free and efficient cleaning experience in your commercial kitchen.

With its immersion/soak method, heavy-duty construction, large capacity, and heated soak tank feature, you can say goodbye to greasy pots and pans and hello to spotless and sparkling dishes.
