Product Description

Product Description:

Kitchen Soak Tank

Introducing the JTS-250LZF Kitchen Soak Tank – the ultimate solution for effectively soaking and cleaning your cookware, tableware, and kitchenware. This durable and efficient soak tank is designed to make your kitchen cleaning routine a breeze.

Product Features

Heater: The Kitchen Soak Tank comes equipped with a heater that can adjust the temperature from room temperature up to 80°C. This allows you to customize the temperature according to your needs, ensuring an effective cleaning process.

Model: The JTS-250LZF is the perfect model for your kitchen needs. It is designed to provide exceptional performance and make your cleaning process easier and more efficient.

Tank Capacity: With a large tank capacity of 250L, this soak tank can easily accommodate a large number of items, saving you time and effort.

Internal Tank Size: The internal tank size of 850*480*620MM provides ample space for soaking various sizes of cookware, tableware, and kitchenware.

Gross Weight: Weighing in at 98KG, this soak tank is sturdy and durable, ensuring long-term use and value for your money.

Efficient Cleaning

The Kitchen Soak Tank is equipped with a powerful heater and a large capacity tank, making it the perfect solution for effectively cleaning all types of kitchen items. The adjustable temperature feature allows you to remove stubborn stains and grease with ease, making your kitchenware look brand new.

Durable Design

Made with high-quality materials, the Kitchen Soak Tank is designed to withstand heavy use and last for years. Its sturdy design and efficient cleaning process make it a must-have for every kitchen.

Easy to Use

The Kitchen Soak Tank is easy to use and requires minimal maintenance. Simply fill the tank with water, adjust the temperature, and let the soak tank do the rest. The large capacity tank also means fewer refills, saving you time and effort.

Conclusion

The JTS-250LZF Kitchen Soak Tank is the perfect addition to any kitchen. Its efficient cleaning process, durable design, and easy usability make it a must-have for every household. Save time and effort with this powerful soak tank and enjoy spotless and sparkling kitchenware every day.

Kitchen Soak Tank - Skymen

Brand Name: Skymen

Model Number: JTS-250LZF

Place of Origin: China

Gross Weight: 98KG

Tank Capacity: 250L

Power Supply: 110V / 220V, Single Phase

Model: JTS-250LZF

Internal Tank Size: 850*480*620MM

Product Description:

The Kitchen Soak Tank by Skymen is a powerful and efficient cleaning solution for kitchen equipment and utensils. It is designed to remove tough stains, grease, and rust, leaving your kitchenware looking like new.

Application:

The Kitchen Soak Tank is perfect for use in commercial kitchens, restaurants, catering services, and other food establishments. It is also suitable for use in household kitchens.

Product Features:

Kitchen Equipment Soak System: With its large tank capacity of 250L, the Kitchen Soak Tank can accommodate large kitchen equipment such as pots, pans, trays, and utensils.

Filter Cleaning Soak Tank: The tank comes with a built-in filter that helps to trap food particles and debris, making the cleaning process more efficient.

Kitchenware Soak Unit: The Kitchen Soak Tank is designed to clean various types of kitchenware, including stainless steel, aluminum, and plastic.

Rust Removal Soak Tank: The powerful cleaning solution used in the tank is effective in removing rust, making it ideal for cleaning rusted kitchen equipment.

Easy to Use: The Kitchen Soak Tank is easy to operate and requires minimal maintenance. Simply fill the tank with water and the cleaning solution, place the kitchenware inside, and let it soak for the recommended time.

Safe and Environmentally Friendly: The cleaning solution used in the tank is biodegradable and does not contain any harsh chemicals, making it safe for the environment and for use in food establishments.

Product Benefits:

Efficient and time-saving: The Kitchen Soak Tank can clean multiple items at once, saving you time and effort in cleaning.

Cost-effective: With its powerful cleaning solution and large tank capacity, the Kitchen Soak Tank can help reduce the need for expensive cleaning products and services.

Improved hygiene: Regularly cleaning kitchen equipment and utensils with the Kitchen Soak Tank helps to maintain a clean and hygienic kitchen environment.

Increased lifespan of kitchenware: By removing tough stains, grease, and rust, the Kitchen Soak Tank helps to extend the lifespan of your kitchen equipment and utensils.

Convenient: The compact size of the Kitchen Soak Tank makes it easy to store and does not take up much space in the kitchen.

Customizable: Skymen offers a variety of models and sizes to suit different kitchen needs and requirements.

Cleaning Process:

The cleaning process with the Kitchen Soak Tank is simple and effective:

Fill the tank with water up to the recommended level.

Add the recommended amount of cleaning solution to the water and mix well.

Place the kitchenware inside the tank, making sure they are fully submerged in the solution.

Set the timer for the recommended cleaning time.

After the cleaning process is complete, drain the tank and rinse the kitchenware with clean water.

With the Kitchen Soak Tank by Skymen, cleaning your kitchen equipment and utensils has never been easier. Invest in this efficient and reliable kitchen cleaning solution today and see the difference it makes in your kitchen.

Customize Your Sink Dish Soak Tank with Skymen

Are you tired of spending countless hours scrubbing your dirty dishes and kitchenware? Let Skymen's Kitchen Soak Tank make your life easier with our custom options.

What is a Kitchen Soak Tank?

A Kitchen Soak Tank, also known as a Tableware Soak Vessel, is a large tank used to soak and clean dirty dishes, utensils, and kitchenware. It uses a combination of water, detergent, and heat to effectively remove stubborn stains and grease.

Why Choose Skymen's Soak Tank?

High Quality Materials: Our Kitchen Soak Tanks are made with durable Stainless Steel 304, ensuring long-lasting use.

Customizable Size: Our JTS-250LZF model has a tank capacity of 250L and an internal tank size of 850*480*620MM. However, we can customize the size according to your specific needs.

Adjustable Heater: Our Soak Tanks come with an adjustable heater, allowing you to set the temperature anywhere between room temperature and 80°C.

Convenient Power Supply: Our Soak Tanks can be powered by either 110V or 220V, making it suitable for use in different countries.

Efficient Cleaning: With our Soak Tank, you can easily remove stubborn stains and grease from your dishes and kitchenware, saving you time and effort.

Customize Your Soak Tank Today

Don't settle for a one-size-fits-all solution. Let Skymen's Kitchen Soak Tank be tailored to your needs. Contact us now to get started on your customized Kitchen Cleaning Soak Tank.

Support and Services:

Kitchen Soak Tank - Technical Support and Service

Thank you for choosing Kitchen Soak Tank as your solution for cleaning and degreasing in your kitchen. We are committed to providing you with the highest quality product and excellent customer service. Please refer to the following information for technical support and service for your Kitchen Soak Tank.

Product Information

The Kitchen Soak Tank is a commercial grade stainless steel tank designed for soaking and cleaning dirty kitchen equipment. It uses a combination of heat and cleaning solution to break down and remove tough grease and grime. The tank has a capacity of XX gallons and is equipped with a powerful heating element to ensure effective cleaning.

Technical Support

If you encounter any technical issues with your Kitchen Soak Tank, please refer to the troubleshooting guide provided in the user manual. If the issue persists, please contact our technical support team at XXX-XXX-XXXX or email us at support@kitchensoaktank.com. Our team of experts will be happy to assist you and provide a solution to your problem.

Service and Maintenance

To maintain the effectiveness and longevity of your Kitchen Soak Tank, we recommend following these maintenance tips:

Regularly clean the tank after use to prevent buildup of grease and debris.

Drain and refill the tank with new cleaning solution every few weeks.

Check and replace the heating element if necessary.

Inspect and replace any damaged parts.

If you require any servicing or maintenance for your Kitchen Soak Tank, please contact our customer service team at XXX-XXX-XXXX or email us at service@kitchensoaktank.com. We offer a variety of service plans to fit your needs and ensure your Kitchen Soak Tank is always in top condition.

We appreciate your business and strive to provide the best support and service for our customers. Thank you for choosing Kitchen Soak Tank.

Packing and Shipping:

Product Name: Kitchen Soak Tank

Packaging and Shipping

The Kitchen Soak Tank will be carefully packaged and shipped to ensure safe delivery to our customers. Here is a breakdown of our packaging and shipping process:

Packaging:

The Kitchen Soak Tank will be placed in a sturdy cardboard box with sufficient padding to protect it during shipping.

All parts and accessories will be securely wrapped and placed in the box to avoid any damage during transit.

The box will be labeled with the product name, dimensions, and weight for easy identification.

Shipping:

Once the order is confirmed, our team will process and ship the Kitchen Soak Tank within 1-2 business days. We offer the following shipping options:

Standard shipping: This option will take 5-7 business days for delivery within the United States.

Expedited shipping: For customers who need their Kitchen Soak Tank urgently, we offer expedited shipping which will take 2-3 business days for delivery within the United States.

International shipping: We also ship our products internationally, and the delivery time will vary depending on the destination country.

Customers can track their order using the provided tracking number once the product has been shipped.

At Kitchen Soak Tank, we strive to provide the best packaging and shipping services to ensure that our customers receive their product in perfect condition. Thank you for choosing our product.
