Kitchen Soak Tank

Gross Weight: 98KG

Inner tank Material: Stainless Steel 304

Heater: Room Temp-80°C Adjustable

Model: JTS-250LZF

Cleaning Type: Immersion / Soak

The Kitchen Soak Tank is a highly efficient and durable cleaning equipment designed for commercial kitchens and restaurants. With a gross weight of 98KG, this tank is made from high-quality Stainless Steel 304 material, ensuring its longevity and resistance to corrosion. The tank is designed to provide a quick and convenient way to clean greasy and dirty kitchenware, making it an essential addition to any kitchen.

The Kitchen Soak Tank is equipped with a powerful heater that can heat up the water from room temperature to 80°C, making it suitable for cleaning all types of kitchenware, from dishes and utensils to pots and pans. This adjustable heater allows you to set the temperature according to your specific cleaning needs, making the tank versatile and efficient.

The model JTS-250LZF is specifically designed for immersion and soak cleaning. This method is known for its effectiveness in removing tough stains, grease, and grime from kitchenware. Simply fill the tank with water and add the appropriate cleaning solution, and let the kitchenware soak for a designated time. The result is sparkling clean kitchenware without the need for heavy scrubbing and harsh chemicals.

The Kitchen Soak Tank is ideal for a variety of kitchenware, including Stainless Steel Dip Tank, Filter Cleaning Soak Tank, Sink Dish Soak Tank, and many more. Its spacious design can accommodate a large number of items, making it perfect for busy commercial kitchens and restaurants. The tank also comes with a drain valve for easy water disposal, making the cleaning process even more convenient.

The Kitchen Soak Tank is not only efficient and durable, but it is also user-friendly. Its sleek design and simple operation make it easy to use and maintain. With its powerful cleaning capabilities and versatile features, the Kitchen Soak Tank is a must-have in any commercial kitchen, providing a cost-effective and time-saving solution for all your cleaning needs.
