Product Description

Product Description:

Kitchen Soak Tank

Cleaning Type: Immersion / Soak
Inner tank Material: Stainless Steel 304
Internal Tank Size: 850*480*620MM
Tank Capacity: 250L
Gross Weight: 98KG

The Kitchen Soak Tank is a powerful and efficient cleaning tool designed for commercial and industrial use. Its immersion/soak cleaning type ensures that even the toughest stains and dirt are effectively removed from your tableware and kitchen utensils. With its Stainless Steel 304 inner tank, this Soak Tank guarantees durability and a long-lasting performance.

The Internal Tank Size of 850*480*620MM provides ample space for soaking and cleaning large quantities of dishes, making it ideal for restaurants, hotels, and other food service establishments. The Tank Capacity of 250L allows for multiple batches of items to be cleaned at once, increasing productivity and saving time.

Weighing 98KG, this Soak Tank is a heavy-duty and sturdy piece of equipment that can withstand daily use in commercial kitchens. Its sleek and modern design also makes it a great addition to any kitchen, adding both functionality and aesthetic appeal.

The Kitchen Soak Tank is not just limited to cleaning dishes and utensils. It can also be used as a Sink Dish Soak Tank, allowing for easy and efficient cleaning of sink filters and other kitchen equipment. With its powerful cleaning capabilities, it can also serve as a Tableware Soak Vessel, ensuring that your plates, bowls, and cutlery are spotless and sanitized.

Overall, the Kitchen Soak Tank is a versatile and essential tool for any commercial kitchen. Its industrial-grade quality and efficiency make it a must-have for busy food establishments looking to maintain high standards of cleanliness and hygiene.

Applications:

Welcome to the Kitchen Soak Tank!

Brand Name: Skymen

Model Number: JTS-250LZF

Place of Origin: China

The Kitchen Soak Tank is a revolutionary cleaning equipment designed by Skymen, a trusted brand in the cleaning industry. With its advanced features and high quality materials, the JTS-250LZF model is the perfect solution for all your kitchen cleaning needs.

Stainless Steel 304 Inner Tank

The inner tank of the Kitchen Soak Tank is made of high grade stainless steel 304, ensuring durability and long-lasting performance. This material is resistant to corrosion, rust, and other chemicals, making it ideal for use in kitchen cleaning equipment.

Large Tank Capacity

The JTS-250LZF model has a tank capacity of 250L, making it suitable for use in various kitchen settings. It can accommodate multiple cooking utensils, tableware, and other kitchen items, making it an efficient and time-saving cleaning solution.

Adjustable Heater

The Kitchen Soak Tank is equipped with an adjustable heater that can heat up the water from room temperature up to 80°C. This feature allows for thorough cleaning and disinfection of items soaked in the tank, ensuring a hygienic and safe kitchen environment.

Immersion / Soak Cleaning Type

The JTS-250LZF model offers two cleaning options - immersion and soak. With immersion cleaning, the items are fully submerged in the water and cleaning solution, while soak cleaning involves soaking the items in the tank for a longer period of time. Both methods effectively remove dirt, grease, and other contaminants from the items.

Cooking Utensils Soak Container

The Kitchen Soak Tank is specially designed to serve as a cooking utensils soak container. Its large tank capacity and adjustable heater make it the perfect vessel for soaking and cleaning all types of cooking utensils, including pots, pans, and kitchen tools.

Tableware Soak Vessel

The JTS-250LZF model is also suitable for use as a tableware soak vessel. Its large tank capacity and adjustable heater make it an efficient and convenient solution for cleaning plates, bowls, cutlery, and other tableware items.

Filter Cleaning Soak Tank

In addition to cooking utensils and tableware, the Kitchen Soak Tank can also be used as a filter cleaning soak tank. Its powerful cleaning action can effectively remove debris, oil, and other impurities from various types of filters, ensuring they function at their best.

Upgrade your kitchen cleaning game with the Kitchen Soak Tank from Skymen. Made with high quality materials and equipped with advanced features, it is the perfect solution for all your kitchen cleaning needs. Get yours today and experience the difference!

Trust Skymen for all your Kitchenware Soak Unit needs. Contact us today to learn more about our customization service and how we can help improve your kitchen cleaning process.

Support and Services:

Kitchen Soak Tank Technical Support and Service

Thank you for choosing Kitchen Soak Tank! We are dedicated to providing high-quality technical support and services to ensure that your Kitchen Soak Tank operates at its best performance.

Technical Support

Our team of experienced technicians is available to assist you with any technical issues or questions you may have regarding the operation, maintenance, or troubleshooting of your Kitchen Soak Tank. We offer 24/7 technical support through phone, email, or our online chat service. Our goal is to provide prompt and effective solutions to keep your Kitchen Soak Tank running smoothly.

Service

In addition to technical support, we also offer a comprehensive service package to meet your specific needs. Our services include installation, maintenance, repair, and replacement of parts. Our trained technicians will ensure that your Kitchen Soak Tank is installed correctly and performs at its best. We also offer regular maintenance plans to keep your tank in top condition and avoid any unexpected breakdowns. In the event of a breakdown, our team will provide prompt and efficient repair services to minimize any downtime.

At Kitchen Soak Tank, customer satisfaction is our top priority. We strive to provide exceptional technical support and services to meet your needs and exceed your expectations. We value your feedback and continuously work towards improving our products and services to ensure your satisfaction.

Thank you for choosing Kitchen Soak Tank. We are committed to providing the best technical support and services to keep your kitchen running smoothly. Please do not hesitate to contact us for any assistance or inquiries.

Packing and Shipping:

Packaging and Shipping for Kitchen Soak Tank

Packaging:

The Kitchen Soak Tank is packaged in a sturdy cardboard box to ensure safe delivery. The product is wrapped in bubble wrap and placed in the center of the box to prevent any damage during shipping.

The box is labeled with the product name, model number, and fragile symbols to notify the shipping carrier to handle with care.

Shipping:

The Kitchen Soak Tank is shipped via standard ground shipping. The estimated delivery time will depend on the destination and shipping method selected at the time of purchase.

For international orders, shipping costs and delivery times may vary depending on the country and shipping method chosen.

Once the product is shipped, the customer will receive a tracking number via email to track the status of their order.

In the unlikely event that the product arrives damaged, please contact our customer service team within 24 hours of delivery to arrange for a replacement or refund.
