Industrial Grade 3600W Heavy Duty Ultrasonic Cleaner With 9000W Heating System

Our Product Introduction

for more products please visit us on skymenultrasonic.com

Basic Information

- Place of Origin: China
- Brand Name: SkyMen
- Certification: CE FC PSE ROHS ISO
- Model Number: JP-720G
- Minimum Order Quantity: 1
- Price: \$5900
- Packaging Details: WOODEN BOX
- Delivery Time: 10-25 days
- Payment Terms: EXW
- Supply Ability: 5000pcs/month

Product Specification

- Ultrasonic Power: 3600W
- Heating Power: 9000W
- Heating: Yes
- Tank Size: 1000*600*600mm
- Drainage: Yes
- Tank Material: SUS 304/316
- Frequency: 28/40KHZ Optional
- Highlight: **3600W Heavy Duty Ultrasonic Cleaner, Industrial Grade Heavy Duty Ultrasonic Cleaner, Industrial Ultrasonic Cleaner with Heating System**

Product Description

Product Description:

Industrial Ultrasonic Cleaner

Product Overview

The Industrial Ultrasonic Cleaner is a heavy duty ultrasonic washer designed for efficient and powerful cleaning in industrial settings. Its advanced technology and features make it an essential tool for any industrial cleaning process.

Cleaning Mode: Water & Detergent

The Industrial Ultrasonic Cleaner offers a versatile cleaning mode that allows for both water and detergent to be used in the cleaning process. This dual mode ensures effective and thorough cleaning of various industrial materials and surfaces.

Heating: Yes

Equipped with a heating function, this ultrasonic cleaner is able to heat up the cleaning solution to a temperature range of 1-90 degrees. This allows for optimal cleaning results, as higher temperatures can help to remove tough stains and grime.

Temperature: 1-90 Degree

The Industrial Ultrasonic Cleaner offers an adjustable temperature range of 1-90 degrees, providing flexibility to cater to different cleaning needs. This feature also helps to prevent damage to delicate materials that may be sensitive to high temperatures.

Ultrasonic Power: 3600W

The powerful ultrasonic power of 3600W ensures thorough and efficient cleaning of industrial materials and surfaces. The high frequency vibrations generated by the ultrasonic power are able to penetrate deep into the materials, removing dirt and grime effectively.

Drainage: Yes

The Industrial Ultrasonic Cleaner comes with a drainage system that makes it easy to drain and replace the cleaning solution after use. This feature saves time and effort, making the cleaning process more convenient and efficient.

Features:

Product Name: Industrial Ultrasonic Cleaner

Ultrasonic Power: 3600W

Temperature: 1-90 Degree

Heating power: 9000W

Heating: Yes

Cleaning Mode: Water & Detergent

Ultrasonic Cleaning Equipment

Advanced Ultrasonic Cleaning System

High Power Ultrasonic Cleaner

Technical Parameters:

Product Attribute	Technical Parameters
Product Name	Industrial Ultrasonic Cleaner
Product Type	Industrial Grade Ultrasonic Cleaner
Model Number	JP-720G
Certification	CE, FC, PSE, ROHS, ISO
Drainage	Yes
Frequency	28/40KHZ Optional
Temperature	1-90 Degree
Cleaning Basket	SUS 304
External generator	2 Units
Tank Size	1000*600*600mm
Cleaning Mode	Water & Detergent
Capacity	JP-720G
Heating power	9000W
Product Description	Industrial Sonic Cleaning Device with Advanced Ultrasonic Cleaning System

Applications:

Industrial Ultrasonic Cleaner - Skymen JP-720G

The Skymen JP-720G Industrial Ultrasonic Cleaner is a top-of-the-line cleaning equipment designed for large scale industrial parts cleaning. With its advanced ultrasonic cleaning system, this cleaner is able to provide superior cleaning performance, making it an essential tool for various industrial applications.

Product Attributes

Brand Name: Skymen

Model Number: JP-720G

Place of Origin: China

Certification: CE FC PSE ISO REACH ROHS PAHS

Minimum Order Quantity: 1

Price: \$5900

Packaging Details: WOODEN BOX

Delivery Time: 10-25 days

Payment Terms: EXW

Supply Ability: 5000pcs/month

Cleaning Basket: SUS 304

Tank Material: SUS 304/316

Tank Size: 1000*600*600mm

External generator: 2 Units

Heating: Yes

Application and Scenario

The Skymen JP-720G is perfect for industrial parts cleaning. Its large tank size and efficient cleaning process make it ideal for cleaning various types of industrial parts, such as metal components, electronic parts, and mechanical parts. This ultrasonic cleaner is widely used in industries such as automotive, aerospace, manufacturing, and electronics.

The versatile cleaning applications of the Skymen JP-720G make it suitable for a wide range of scenarios. It can effectively clean dirt, oil, grease, and other contaminants from small and large parts, ensuring a precise cleaning solution for various industrial needs.

Key Features

Advanced Ultrasonic Cleaning System: The Skymen JP-720G is equipped with an advanced ultrasonic cleaning system that produces powerful ultrasonic waves for efficient cleaning.

High Quality Cleaning Results: With its superior cleaning performance, this industrial ultrasonic cleaner delivers high-quality cleaning results, leaving the parts spotless and free from any residue.

Efficient Cleaning Process: The ultrasonic waves generated by the Skymen JP-720G create millions of tiny bubbles that penetrate even the smallest crevices of the parts, providing a thorough and efficient cleaning process.

Superior Cleaning Performance: The Skymen JP-720G is designed to deliver superior cleaning performance, making it possible to clean even the most stubborn dirt and contaminants from the parts.

Versatile Cleaning Applications: This industrial ultrasonic cleaner is suitable for a wide range of cleaning applications, making it a valuable tool for various industries.

Precise Cleaning Solution: The Skymen JP-720G provides a precise cleaning solution, ensuring that the parts are thoroughly cleaned without any damage.

Easy Operation: This ultrasonic cleaner is designed for easy operation, with user-friendly controls and a simple interface.

Safe Cleaning Process: The Skymen JP-720G uses a safe and eco-friendly cleaning process, without the need for harsh chemicals or solvents.

Overall, the Skymen JP-720G Industrial Ultrasonic Cleaner is a top-of-the-line cleaning equipment that offers efficient, safe, and precise cleaning solutions for a wide range of industrial applications. Its advanced technology, superior performance, and versatile applications make it an essential tool for any industrial cleaning needs.

Customization:

Industrial Cleaning Ultrasonic System - Skymen JP-720G

Brand Name: Skymen

Model Number: JP-720G

Place of Origin: China

Certification: CE FC PSE ISO REACH ROHS PAHS

Minimum Order Quantity: 1

Price: \$5900

Packaging Details: WOODEN BOX

Delivery Time: 10-25 days

Payment Terms: EXW

Supply Ability: 5000pcs/month

External generator: 2 Units

Timer: 1-99 Hours

Capacity: JP-720G

Tank Size: 1000*600*600mm

Temperature: 1-90 Degree

Customized Service

Our Industrial Ultrasonic Cleaner offers high power cleaning for large scale industrial needs. With our customizable options, we ensure that our JP-720G model meets your specific requirements.

External generator: We provide 2 units of external generators for enhanced cleaning power.

Timer: The timer can be set from 1 to 99 hours, allowing for efficient and timely cleaning.

Capacity: The JP-720G model has a large capacity for cleaning multiple items at once.

Tank Size: The tank size of 1000*600*600mm allows for cleaning of larger parts and items.

Temperature: Our ultrasonic cleaner can operate at temperatures ranging from 1 to 90 degrees, suitable for different cleaning needs.

Packing and Shipping:

Packaging and Shipping

The Industrial Ultrasonic Cleaner is carefully packaged to ensure safe delivery to our customers. We use high-quality materials to protect the cleaner from any damage during transportation.

The cleaner is first placed in a sturdy and durable cardboard box, which is then sealed with strong tape to prevent any accidental openings. Inside the box, the cleaner is wrapped in bubble wrap for additional protection against bumps and vibrations.

For international shipments, the box is further reinforced with wooden or plastic pallets to prevent any damage during handling and loading onto cargo ships or airplanes.

Our packaging process also includes labeling the box with clear and prominent markings of the product name, model number, and handling instructions to ensure proper handling and delivery.

Once packaged, the Industrial Ultrasonic Cleaner is ready for shipping. We offer various shipping options, including air freight, sea freight, and express delivery, to meet our customers' specific needs.

Our shipping team carefully monitors all shipments to ensure timely and safe delivery. We also provide tracking information for our customers to track their orders and know when to expect delivery.

At Industrial Ultrasonic Cleaners, we strive to provide the best packaging and shipping services to guarantee the arrival of our products in perfect condition to our customers worldwide.

FAQ:

Q: What is the brand name of this product?

A: The brand name of this product is Skymen.

Q: What is the model number of this product?

A: The model number of this product is JP-720G.

Q: Where is this product manufactured?

A: This product is manufactured in China.

Q: What certifications does this product have?

A: This product is certified by CE, FC, PSE, ISO, REACH, ROHS, and PAHS.

Q: What is the minimum order quantity for this product?

A: The minimum order quantity for this product is 1.

Q: How much does this product cost?

A: This product is priced at \$5900.

Q: What is the packaging for this product?

A: This product is packaged in a wooden box.

Q: How long does it take for this product to be delivered?

A: The delivery time for this product is 10-25 days.

Q: What are the payment terms for this product?

A: The payment terms for this product is EXW.

Q: What is the supply ability for this product?

A: The supply ability for this product is 5000pcs/month.
