

## Industrial High Power Ultrasonic Cleaner Water / Detergent Cleaning Made

### Our Product Introduction

for more products please visit us on [skymenultrasonic.com](http://skymenultrasonic.com)

#### Basic Information

- Place of Origin: China
- Brand Name: Sky men
- Certification: CE FC PSE ROHS ISO
- Model Number: JP-720G
- Minimum Order Quantity: 1
- Price: \$5900
- Packaging Details: WOODEN BOX
- Delivery Time: 10-25 days
- Payment Terms: EXW
- Supply Ability: 5000pcs/month

#### Product Specification

- Timer: 1-99 Hours
- Cleaning Mode: Water & Detergent
- Heating: Yes
- Frequency: 28/40KHZ Optional
- Ultrasonic Power: 3600W
- Tank Size: 1000\*600\*600mm
- Cleaning Basket: SUS 304
- Highlight: **3600W High Power Ultrasonic Cleaner, Sky men High Power Ultrasonic Cleaner, Detergent Cleaning Industrial Ultrasonic Cleaner**

## Product Description

### Product Description:

#### Industrial Ultrasonic Cleaner

The Industrial Ultrasonic Cleaner is an essential piece of equipment for any industrial setting that requires thorough and efficient cleaning. It utilizes ultrasonic technology to provide a powerful and effective cleaning solution for various parts and equipment.

#### Product Overview

The Industrial Ultrasonic Cleaner is a heavy-duty cleaning machine that is designed to remove stubborn dirt, grime, and contaminants from industrial parts and equipment. It is equipped with advanced ultrasonic technology, making it an ideal choice for industrial cleaning applications.

#### Cleaning Mode

The Industrial Ultrasonic Cleaner offers two cleaning modes - water and detergent. This allows for versatility in cleaning different types of materials and substances. The water mode is suitable for general cleaning, while the detergent mode is ideal for removing tough stains and grease.

#### Timer and Temperature

This ultrasonic cleaner comes with a timer that can be set for 1 to 99 hours, providing flexibility in the cleaning process. Additionally, it has a temperature range of 1 to 90 degrees, allowing for effective cleaning of various materials without causing damage.

#### Ultrasonic Power

The Industrial Ultrasonic Cleaner is equipped with a powerful 3600W ultrasonic power, which generates high-frequency sound waves that create millions of tiny bubbles in the cleaning solution. These bubbles create an intense scrubbing action, ensuring thorough and efficient cleaning of all surfaces.

#### Certification

Our Industrial Ultrasonic Cleaner is certified with CE, FC, PSE, ROHS, and ISO, ensuring that it meets international quality and safety standards. This certification guarantees that the product is reliable, safe, and efficient for use in industrial settings.

#### Benefits of Using Industrial Ultrasonic Cleaner

Efficient and thorough cleaning

Time-saving and cost-effective

Easy to use and maintain

Versatile cleaning modes

Safe for use with various materials

Durable and long-lasting

Overall, the Industrial Ultrasonic Cleaner is a top-of-the-line cleaning equipment that is designed to meet the demands of industrial settings. With its powerful ultrasonic technology, versatile cleaning modes, and advanced features, it is the perfect solution for all your industrial cleaning needs.

### Features:

Product Name: Industrial Ultrasonic Cleaner

Tank Size: 1000\*600\*600mm

Timer: 1-99 Hours

Heating: Yes

Temperature: 1-90 Degree

Tank Material: SUS 304/316

Ultrasonic Cleaning Equipment

Ultrasonic Parts Cleaning Machine

Industrial Cleaning Ultrasonic System

### Technical Parameters:

Product Name	Industrial Ultrasonic Cleaner
Ultrasonic Cleaning Equipment	Industrial Sonic Cleaning Device
Timer	1-99 Hours
Certification	CE FC PSE ROHS ISO
Cleaning Basket	SUS 304
External Generator	2 Units
Temperature	1-90 Degree
Heating Power	9000W
Tank Material	SUS 304/316
Frequency	28/40KHZ Optional
Capacity	JP-720G

Ultrasonic Power	3600W
------------------	-------

### Applications:

Industrial Ultrasonic Cleaner - Skymen JP-720G

The Skymen JP-720G Industrial Ultrasonic Cleaner is a powerful and efficient cleaning system designed for heavy duty industrial use. Made in China, this product has received multiple certifications including CE, FC, PSE, ISO, REACH, ROHS, and PAHS, ensuring its high quality and safety standards.

The minimum order quantity for this product is 1 unit, with a price of \$5900. It comes in a sturdy wooden box for packaging and has a delivery time of 10-25 days. Payment terms are EXW and the supply ability is 5000 units per month, making it readily available for use in various industries.

Application and Usage

The Skymen JP-720G Industrial Ultrasonic Cleaner is suitable for a wide range of industries and applications. Its powerful cleaning capacity and durable design make it ideal for heavy duty use in factories, workshops, and laboratories.

It can be used to clean various types of equipment, parts, and components such as metal, plastic, and glass. Its ultrasonic power of 3600W and frequency of 28/40KHZ (optional) ensures efficient and thorough cleaning, removing even the toughest dirt, grease, and contaminants.

The capacity of JP-720G allows for the cleaning of larger items or multiple items at once. It also offers the flexibility of using either water or detergent as the cleaning mode, depending on the type of material being cleaned.

Scene and Environment

The Skymen JP-720G Industrial Ultrasonic Cleaner is suitable for use in a variety of scenes and environments. Its compact size and drainage feature make it easy to install and use in any industrial setting.

It can be used in factories and workshops for cleaning machinery, tools, and parts. In the automotive industry, it can be used to clean engine components and parts. In the medical field, it can be used to clean surgical instruments and equipment. It can also be used in jewelry making, electronics manufacturing, and many other industries.

Its advanced ultrasonic cleaning technology ensures a thorough and efficient cleaning process, saving time and labor costs. It also helps to prolong the lifespan of equipment and improve overall productivity.

Overall, the Skymen JP-720G Industrial Ultrasonic Cleaner is a reliable and high-performance product that can meet the cleaning needs of various industries and provide a clean and safe working environment.

### Customization:

Industrial Ultrasonic Cleaner - Customized Service

Brand Name: Skymen

Model Number: JP-720G

Place of Origin: China

Certification: CE FC PSE ISO REACH ROHS PAHS

Minimum Order Quantity: 1

Price: \$5900

Packaging Details: WOODEN BOX

Delivery Time: 10-25 days

Payment Terms: EXW

Supply Ability: 5000pcs/month

Frequency: 28/40KHZ Optional

External generator: 2 Units

Heating power: 9000W

Tank Material: SUS 304/316

Cleaning Basket: SUS 304

Our High Power Industrial Ultrasonic Cleaner, Model JP-720G, is designed and produced by Skymen in China. It is a top-of-the-line product with advanced ultrasonic cleaning technology.

Our Industrial Cleaning Ultrasonic System is certified with CE, FC, PSE, ISO, REACH, ROHS and PAHS, ensuring the highest quality and safety standards.

The minimum order quantity for this product is 1 unit, and the price is \$5900. The packaging details include a wooden box for secure transportation.

With a delivery time of 10-25 days, we offer EXW payment terms and have the ability to supply up to 5000 units per month to meet your demand.

The frequency of our Industrial Ultrasonic Cleaner is 28/40KHZ, and it comes with 2 external generators for optimal performance. The heating power is 9000W, and the tank material is made of SUS 304/316 for durability and corrosion resistance.

In addition, a SUS 304 cleaning basket is included for convenient and efficient cleaning of your industrial equipment.

Choose Skymen's Advanced Ultrasonic Cleaning System for a customized and high-quality cleaning solution for your industrial needs.

### Packing and Shipping:

Packaging and Shipping

The Industrial Ultrasonic Cleaner is carefully packaged to ensure safe delivery. Each unit is wrapped in a protective bubble wrap and placed in a sturdy cardboard box. The box is then sealed with reinforced tape to prevent any damage during transportation.

For international shipments, the unit is securely packed in a wooden crate with shock-absorbing materials to withstand long-distance shipping. The crate is also marked with fragile labels to alert handlers to handle with care.

Our standard shipping method is through reputable courier services, such as DHL, FedEx, or UPS. For large orders, we can arrange for sea or air freight shipping, depending on the customer's preference.

Customers can also choose to arrange for their own shipping methods and provide us with the necessary details. We will ensure that the product is properly packaged and ready for pick-up at our warehouse.

Once the order is shipped, customers will receive a tracking number to monitor the delivery status. Our team will also provide timely

updates on the shipment and assist with any issues that may arise during transit. We aim to deliver all orders within the estimated delivery time, but please note that customs clearance and other unforeseen circumstances may cause delays. We appreciate your understanding and patience in such situations. For any questions or concerns regarding packaging and shipping, please do not hesitate to contact our customer service team. We are committed to providing a smooth and hassle-free experience for our customers.

## FAQ:

**Q: What is the brand name of this product?**

A: The brand name of this product is Skymen.

**Q: What is the model number of this product?**

A: The model number of this product is JP-720G.

**Q: Where is this product made?**

A: This product is made in China.

**Q: What certifications does this product have?**

A: This product has CE, FC, PSE, ISO, REACH, ROHS, and PAHS certifications.

**Q: What is the minimum order quantity for this product?**

A: The minimum order quantity for this product is 1.

**Q: How much does this product cost?**

A: This product costs \$5900.

**Q: How is this product packaged?**

A: This product is packaged in a wooden box.

**Q: How long does it take to receive this product?**

A: It takes 10-25 days to receive this product.

**Q: What are the payment terms for this product?**

A: The payment terms for this product are EXW.

**Q: What is the supply ability for this product?**

A: The supply ability for this product is 5000pcs/month.
