Basic Information

- Place of Origin: China
- Brand Name: Skymen
- Certification: CE FC PSE ISO REACH ROHS PAHS
- Model Number: JP-720G
- Minimum Order Quantity: 1
- Price: \$5900
- Packaging Details: WOODEN BOX
- Delivery Time: 10-25 days
- Payment Terms: EXW
- Supply Ability: 5000pcs/month

Product Specification

- Drainage: Yes
- Frequency: 28/40KHZ Optional
- Capacity: JP-720G
- Tank Size: 1000*600*600mm
- Heating Power: 9000W
- Cleaning Basket: SUS 304
- Temperature: 1-90 Degree
- Heating: Yes
- Highlight: **Industrial Large Scale Ultrasonic Cleaner,
SUS 304 Tank Large Scale Ultrasonic Cleaner,
Efficient Cleaning Industrial Ultrasonic Cleaner**

Product Description

Product Description:

Industrial Ultrasonic Cleaner

Product Overview

The Industrial Ultrasonic Cleaner is an advanced ultrasonic cleaning system designed for industrial use. It is a highly efficient and versatile cleaning solution that combines the power of high frequency cleaning with a large tank capacity and user-friendly features.

Key Product Attributes

Tank Size: 1000*600*600mm

Frequency: 28/40KHZ Optional

Capacity: JP-720G

Timer: 1-99 Hours

Cleaning Mode: Water & Detergent

Advanced Ultrasonic Cleaning System

The Industrial Ultrasonic Cleaner utilizes advanced ultrasonic technology to deliver powerful cleaning results. The high frequency of 28/40KHZ creates powerful sound waves that produce microscopic bubbles in the cleaning solution. These bubbles implode upon contact with the surface of the objects being cleaned, effectively removing dirt, grime, and contaminants.

Efficient Cleaning

With the combination of high frequency cleaning and a large tank capacity, the Industrial Ultrasonic Cleaner is able to clean multiple objects at once, saving time and improving efficiency. The powerful cleaning action also means that less manual scrubbing is required, reducing the risk of damaging delicate objects and saving labor costs.

Durable and Versatile

The tank of the Industrial Ultrasonic Cleaner is made of high-quality stainless steel, making it durable and resistant to corrosion. This allows it to withstand heavy use in industrial settings. The large tank size also makes it versatile, capable of cleaning a wide range of objects, from small parts to large equipment.

User-friendly Features

The Industrial Ultrasonic Cleaner is designed with user-friendliness in mind. The timer function allows for precise control over the cleaning process, with a range of 1-99 hours. The water and detergent cleaning mode makes it suitable for a variety of cleaning needs, from gentle to heavy-duty cleaning. The simple control panel and easy-to-follow instructions make it easy to operate for any user.

Time-saving Solution

The Industrial Ultrasonic Cleaner is a time-saving solution for industrial cleaning needs. With its efficient and powerful cleaning action, it can reduce cleaning time significantly, allowing for more time to focus on other tasks. This can lead to increased productivity and cost savings for businesses.

Experience the Power of Water & Detergent Cleaning Mode

The Industrial Ultrasonic Cleaner offers the option of using water and detergent as the cleaning solution, making it suitable for a wide range of cleaning needs. This mode is gentle enough for delicate objects, yet powerful enough for heavy-duty cleaning tasks. It also helps to remove stubborn stains and contaminants, leaving objects clean and shiny.

Features:

Product Name: Industrial Ultrasonic Cleaner

Frequency: 28/40KHZ Optional

Timer: 1-99 Hours

Tank Material: SUS 304/316

Cleaning Mode: Water & Detergent

Heating power: 9000W

Ultrasonic Cleaning Equipment

Heavy Duty Ultrasonic Cleaner

Industrial Sonic Cleaning Device

Technical Parameters:

Attribute	Value
Product Name	Industrial Ultrasonic Cleaner
Heating Power	9000W
Heating	Yes
External Generator	2 Units
Cleaning Mode	Water & Detergent
Tank Material	SUS 304/316
Cleaning Basket	SUS 304
Capacity	JP-720G

Temperature	1-90 Degree
Tank Size	1000*600*600mm
Drainage	Yes
Product Type	Ultrasonic Parts Cleaning Machine
Usage	Heavy Duty Ultrasonic Cleaner
Grade	Industrial Grade

Applications:

Industrial Ultrasonic Cleaner - Skymen JP-720G

The Skymen JP-720G Industrial Ultrasonic Cleaner is a heavy duty and high power cleaning solution for industrial and commercial use. With advanced ultrasonic technology, it provides efficient and fast cleaning for a variety of applications.

Product Attributes

Brand Name: Skymen

Model Number: JP-720G

Place of Origin: China

Certification: CE FC PSE ISO REACH ROHS PAHS

Minimum Order Quantity: 1

Price: \$5900

Packaging Details: WOODEN BOX

Delivery Time: 10-25 days

Payment Terms: EXW

Supply Ability: 5000pcs/month

Heating Power: 9000W

Tank Material: SUS 304/316

Tank Size: 1000*600*600mm

Cleaning Basket: SUS 304

Cleaning Mode: Water & Detergent

Application

The Skymen JP-720G Industrial Ultrasonic Cleaner is ideal for precision cleaning of metal parts in various industries such as automotive, aerospace, medical, and electronics. It can effectively remove dirt, grease, oil, and other contaminants from surfaces and crevices of small and large parts.

Features

Heavy Duty Ultrasonic Cleaner

Industrial Cleaning Ultrasonic System

Precision Cleaning

Metal Parts Cleaning

Industrial Parts Cleaning

High Power Ultrasonic Cleaner

Efficient and Fast Cleaning

Safe and Easy to Use

Scene and Scenario

The Skymen JP-720G Industrial Ultrasonic Cleaner is commonly used in factories, manufacturing plants, and workshops for industrial parts cleaning. It can also be found in medical and dental facilities for cleaning surgical instruments and tools. In the automotive industry, it is used for cleaning engine parts and car components. Additionally, it is also used in jewelry stores and watch repair shops for cleaning delicate items.

For example, a manufacturing plant producing precision metal components for airplanes would use the Skymen JP-720G Industrial Ultrasonic Cleaner to efficiently clean and remove any debris or contaminants from the parts before they are assembled. This ensures that the parts are free from any impurities that could affect their function or performance.

In a dental clinic, the Skymen JP-720G can be used to clean dental instruments and tools, ensuring proper sanitation and sterilization before use on patients. The advanced ultrasonic technology allows for thorough cleaning even in hard-to-reach areas, ensuring the safety and well-being of patients.

In a jewelry store, the Skymen JP-720G can be used to clean delicate and intricate pieces without damaging them. The gentle but powerful ultrasonic waves can effectively remove dirt and grime from jewelry, making them look as good as new.

The Skymen JP-720G Industrial Ultrasonic Cleaner is a versatile and essential tool for various industries and applications, providing efficient and reliable cleaning results every time.

Capacity: JP-720G
Drainage: Yes
Customization Options:
Large Scale Ultrasonic Cleaner
High Power Ultrasonic Cleaner
Ultrasonic Parts Cleaning Machine

Packing and Shipping:

Packaging and Shipping

Our Industrial Ultrasonic Cleaner is carefully packaged to ensure safe delivery to our customers. The product is first wrapped in protective material to prevent any damage during transportation. It is then placed in a sturdy cardboard box and secured with packing materials to prevent movement during shipping. The box is labeled with relevant product information and handling instructions for our shipping partners.

We offer multiple shipping options to meet the needs of our customers. For domestic orders, we offer standard ground shipping and expedited shipping for an additional fee. International orders can be shipped via air or sea freight, depending on the customer's preference and budget. Our packaging and shipping process is designed to ensure timely and secure delivery of our Industrial Ultrasonic Cleaner to our customers around the world.

We take great care in packaging and shipping our products, but in the unlikely event of any damage during transit, we offer a comprehensive return and exchange policy. Our customer service team is available to assist with any shipping-related inquiries or concerns. We are committed to providing a hassle-free and positive experience for our customers from the moment they place their order to the moment they receive their Industrial Ultrasonic Cleaner.
