

## Temperature 1-90 Degree Industrial Ultrasonic Cleaner With External Generator 3 Units

### Our Product Introduction

for more products please visit us on [skymenultrasonic.com](http://skymenultrasonic.com)

#### Basic Information

- Place of Origin: China
- Brand Name: SkyMen
- Certification: CE FC PSE ROHS ISO
- Model Number: JP-1108G
- Minimum Order Quantity: 1
- Price: \$5900
- Packaging Details: WOODEN BOX
- Delivery Time: 10-25 days
- Payment Terms: EXW
- Supply Ability: 5000pcs/month

#### Product Specification

- Timer: 1-99 Hours
- Capacity: JP-1108G
- Cleaning Basket: SUS 304
- Ultrasonic Power: 5400W
- Cleaning Mode: Water & Detergent
- Tank Size: 1000\*900\*600mm
- Tank Material: SUS 304/316
- Highlight: **90 Degree Industrial Ultrasonic Cleaner, Industrial Ultrasonic Cleaner with External generator**

## Product Description

### Product Description:

Industrial Ultrasonic Cleaner

Product Overview

The Industrial Ultrasonic Cleaner is a state-of-the-art cleaning machine designed for heavy-duty use in industrial settings. With its powerful ultrasonic technology and large tank size, it is perfect for removing dust and rust from various parts and equipment.

Ultrasonic Power

The Industrial Ultrasonic Cleaner is equipped with a powerful 5400W ultrasonic power, making it one of the most powerful cleaning machines in the market. This high power ensures thorough and efficient cleaning, without the need for harsh chemicals or abrasives.

Frequency Options

The Industrial Ultrasonic Cleaner comes with two frequency options, 28KHZ and 40KHZ, which can be easily switched between depending on the cleaning requirements. This flexibility allows it to clean a wide range of materials, from delicate components to heavy machinery.

External Generator Units

To ensure maximum efficiency and effectiveness, the Industrial Ultrasonic Cleaner comes with 3 external generator units. These generators provide additional power and control to the cleaning process, ensuring that even the toughest dirt and grime can be removed with ease.

Drainage System

No need to worry about draining the tank after each use. The Industrial Ultrasonic Cleaner comes with a built-in drainage system, making it easy to dispose of the dirty cleaning solution and refill with fresh water for the next use.

Tank Size

The Industrial Ultrasonic Cleaner has a large tank size of 1000\*900\*600mm, making it suitable for cleaning a variety of equipment and parts of different sizes. Its spacious tank allows for multiple items to be cleaned at once, saving time and increasing productivity.

Key Features:

Dust and rust removing capabilities

High power ultrasonic technology

Flexible frequency options

3 external generator units

Built-in drainage system

Large tank size

Conclusion

The Industrial Ultrasonic Cleaner is the perfect solution for industries that require heavy-duty cleaning. Its powerful ultrasonic technology, flexible frequency options, and large tank size make it an efficient and effective cleaning machine. With its ability to remove dust and rust, it ensures that your equipment and parts are always in top condition. Say goodbye to manual and time-consuming cleaning methods and invest in the Industrial Ultrasonic Cleaner for a faster and more thorough cleaning process.

### Features:

Product Name: Industrial Ultrasonic Cleaner

Capacity: JP-1108G

Heating: Yes

Temperature: 1-90 Degree

Drainage: Yes

Cleaning Mode: Water & Detergent

Large Scale Ultrasonic Cleaner

Powerful Cleaning Capacity

Ultrasonic Cleaning Equipment

### Technical Parameters:

Product Name	Industrial Ultrasonic Cleaner
Model	JP-1108G
Drainage	Yes
External Generator	3 Units
Capacity	1108L
Heating	Yes
Certification	CE, FC, PSE, ROHS, ISO
Tank Material	SUS 304/316
Cleaning Mode	Water & Detergent

<b>Cleaning Basket</b>	SUS 304
<b>Ultrasonic Power</b>	5400W
<b>Timer</b>	1-99 Hours

Keywords: Ultrasonic Parts Cleaning Machine, Dust Rust removing, Industrial Ultrasonic Washer

### Applications:

Industrial Ultrasonic Cleaner - Skymen JP-1108G

Brand Name: Skymen

Model Number: JP-1108G

Place of Origin: China

Certification: CE FC PSE ISO REACH ROHS PAHS

Minimum Order Quantity: 1

Price: \$5900

Packaging Details: WOODEN BOX

Delivery Time: 10-25 days

Payment Terms: EXW

Supply Ability: 5000pcs/month

External generator: 3 Units

Frequency: 28/40KHZ Optional

Capacity: JP-1108G

Cleaning Basket: SUS 304

Tank Size: 1000\*900\*600mm

The Industrial Ultrasonic Cleaner - Skymen JP-1108G is a top-of-the-line cleaning machine designed for heavy-duty industrial use. Its advanced ultrasonic cleaning system makes it the ideal choice for cleaning car engine parts and other heavy machinery components. With its powerful cleaning capabilities and high-quality construction, this cleaner is a must-have for any industrial setting.

#### Application

The Skymen JP-1108G is perfect for cleaning car engine parts, such as pistons, valves, and cylinders. It can also effectively remove oil, grease, and other stubborn contaminants from heavy machinery components like gears, bearings, and chains.

#### Features

Powerful ultrasonic cleaning technology capable of removing tough contaminants

Large tank size (1000\*900\*600mm) allows for cleaning of multiple parts at once

Comes with 3 external generators for maximum cleaning power

Optional frequency (28/40KHZ) for customized cleaning

Constructed with high-quality SUS 304 cleaning basket for durability and longevity

CE FC PSE ISO REACH ROHS PAHS certified for safety and quality assurance

#### How It Works

The Skymen JP-1108G uses high-frequency sound waves (ultrasonic waves) to create millions of microscopic bubbles in the cleaning solution. These bubbles then implode on the surface of the parts being cleaned, effectively removing dirt, oil, and other contaminants without damaging the parts themselves. This process is fast, efficient, and environmentally friendly.

#### Why Choose Skymen JP-1108G

Heavy-duty construction ensures long-lasting use even in harsh industrial environments

Advanced ultrasonic cleaning technology provides thorough and efficient cleaning

Large tank size allows for cleaning of various sizes and types of parts

Optional frequency and 3 external generators for customized cleaning

Certified for safety and quality assurance

Competitively priced at \$5900, with a minimum order quantity of just 1 unit

Fast delivery time (10-25 days) and flexible payment terms (EXW)

Supply ability of 5000pcs/month ensures availability for high-volume orders

#### Conclusion

The Industrial Ultrasonic Cleaner - Skymen JP-1108G is the perfect solution for heavy-duty cleaning in industrial settings. Its advanced technology, durable construction, and competitive pricing make it a top choice for businesses in need of an efficient and reliable cleaning machine. With its customizable features and certifications, the Skymen JP-1108G is the ultimate industrial ultrasonic cleaner for all your cleaning needs.

Are you looking for customized service for your Ultrasonic Cleaning Equipment?

Look no further than Skymen's JP-1108G model. With its powerful 18000W heating power, large tank size of 1000\*900\*600mm, and optional frequency of 28/40KHZ, this industrial ultrasonic cleaner is perfect for DPF ultrasonic cleaning and other large scale cleaning needs.

At Skymen, we understand that every customer's needs are unique. That's why we offer customized services to meet your specific requirements. Whether it's for a particular industry or a specific task, we will work with you to provide the best solution possible.

Don't settle for a one-size-fits-all approach. Choose Skymen's JP-1108G Industrial Ultrasonic Cleaner for personalized and efficient cleaning results.

## Packing and Shipping:

### Industrial Ultrasonic Cleaner Packaging and Shipping

Our Industrial Ultrasonic Cleaner is carefully packaged to ensure safe transportation and delivery to our customers. Each unit is wrapped in protective materials and placed in a sturdy and durable cardboard box.

The packaging includes foam inserts and dividers to prevent any damage during shipping. We also use high-quality tape and strapping to secure the box and its contents.

For international shipping, we comply with all necessary regulations and provide all required documentation to ensure a smooth and hassle-free delivery process.

Our shipping options include standard ground shipping, expedited shipping, and air freight for urgent orders. We work with trusted and reliable carriers to ensure timely and efficient delivery.

Upon shipment, we provide our customers with a tracking number to easily track their package and receive updates on the delivery status.

With our careful packaging and efficient shipping methods, you can trust that your Industrial Ultrasonic Cleaner will arrive in perfect condition and ready to use.

## FAQ:

Q: What is the brand name of this product?

A: The brand name of this product is Skymen.

Q: What is the model number of this product?

A: The model number of this product is JP-1108G.

Q: Where is this product made?

A: This product is made in China.

Q: Does this product have any certifications?

A: Yes, this product is certified with CE, FC, PSE, ISO, REACH, ROHS, and PAHS.

Q: What is the minimum order quantity for this product?

A: The minimum order quantity for this product is 1.

Q: What is the price of this product?

A: The price of this product is \$5900.

Q: How is this product packaged?

A: This product is packaged in a wooden box.

Q: How long is the delivery time for this product?

A: The delivery time for this product is 10-25 days.

Q: What are the accepted payment terms for this product?

A: The accepted payment terms for this product is EXW.

Q: What is the supply ability for this product?

A: The supply ability for this product is 5000pcs/month.
