#### Basic Information

- Place of Origin: China
- Brand Name: SkyMen
- Certification: CE FC PSE ISO REACH ROHS PAHS
- Model Number: JP-1108G
- Minimum Order Quantity: 1
- Price: \$5900
- Packaging Details: WOODEN BOX
- Delivery Time: 10-25 days
- Payment Terms: EXW
- Supply Ability: 5000pcs/month

#### Product Specification

- Cleaning Mode: Water & Detergent
- Heating: Yes
- Temperature: 1-90 Degree
- Heating Power: 18000W
- Capacity: JP-1108G
- Drainage: Yes
- Cleaning Basket: SUS 304
- External Generator: 3 Units
- Highlight: **SUS304 Basket Industrial Ultrasonic Cleaner,  
External Generator Industrial Ultrasonic Cleaner**

### Product Description:

#### Industrial Ultrasonic Cleaner

Welcome to our Industrial Ultrasonic Cleaner, a professional and heavy duty cleaning device that is designed to meet the industrial cleaning needs of various industries such as automotive, medical, manufacturing, and more. Our high power ultrasonic cleaner is the perfect solution for removing tough dirt, grease, and contaminants from your equipment and parts, ensuring a thorough and efficient cleaning process.

#### Certified for Quality

Our Industrial Ultrasonic Cleaner is certified with CE, FC, PSE, ROHS, and ISO, ensuring that it meets the highest standards of quality and safety. You can trust that our product is reliable, efficient, and safe to use.

#### Durable Tank Material

The tank of our Industrial Ultrasonic Cleaner is made of SUS 304 or 316 stainless steel, making it highly resistant to corrosion and capable of withstanding high temperatures. This ensures that the cleaner is durable and long-lasting, providing you with a reliable cleaning solution for years to come.

#### Heating Function

Our industrial grade ultrasonic cleaner comes with a heating function that allows you to adjust the temperature according to your cleaning needs. This feature makes our cleaner suitable for cleaning a wide range of materials, including metal, glass, plastic, and more.

#### Large Capacity

The JP-1108G model of our Industrial Ultrasonic Cleaner has a large capacity, allowing you to clean multiple items at once. This makes it perfect for use in busy industrial settings where time and efficiency are crucial.

#### High Power Ultrasonic Cleaning

Our ultrasonic cleaner boasts a powerful ultrasonic cleaning technology that generates ultrasonic waves at a frequency of 5400W, providing a thorough and efficient cleaning process. This makes it an ideal choice for heavy-duty cleaning tasks that require precision and effectiveness.

#### Invest in Professional Cleaning Equipment

Investing in our Industrial Ultrasonic Cleaner means investing in high-quality, professional cleaning equipment that will save you time, effort, and money. Say goodbye to manual and inefficient cleaning methods and upgrade to our industrial grade ultrasonic cleaner for a superior cleaning experience.

### Features:

Product Name: Industrial Ultrasonic Cleaner

Drainage: Yes

External generator: 3 Units

Heating power: 18000W

Cleaning Basket: SUS 304

Capacity: JP-1108G

#### Advanced Ultrasonic Cleaning System

#### Industrial Grade Ultrasonic Cleaner

#### Immerse cleaning

#### High power

#### Efficient cleaning

#### Durable

#### Corrosion-resistant

#### User-friendly

### Technical Parameters:

Product Name:	Industrial Ultrasonic Cleaner
Model:	Customizable

Our Industrial Ultrasonic Cleaner is designed to provide efficient and thorough cleaning for various industrial equipment. With our customization service, we can tailor the product to meet your specific needs and requirements.

Our immersion cleaning process uses powerful ultrasonic waves to remove stubborn dirt and contaminants from your equipment. This ensures a deep and thorough cleaning, saving you time and effort compared to traditional cleaning methods.

As a leading manufacturer of Ultrasonic Parts Cleaning Machine, we understand the importance of providing reliable and high-quality products. Our Industrial Ultrasonic Cleaner is designed to meet the demanding needs of industrial cleaning, making it an essential tool for your business.

In addition to general industrial cleaning, we also offer DPF ultrasonic cleaning services for diesel particulate filters. This specialized cleaning process effectively removes soot and other deposits from DPFs, improving their performance and extending their lifespan.

Our Industrial Ultrasonic Cleaner is a versatile and cost-effective solution for all your industrial cleaning needs. With our customization service, we can modify the product to fit your specific requirements, ensuring maximum efficiency and effectiveness.

Trust Skymen for your industrial cleaning equipment needs and experience the benefits of our top-quality products and excellent customer service.

## Packing and Shipping:

Product Packaging and Shipping - Industrial Ultrasonic Cleaner

Our Industrial Ultrasonic Cleaner is carefully packaged to ensure safe and secure delivery to our customers. The packaging materials used are sturdy and durable to protect the product from any potential damage during transit.

Packaging Materials

Heavy-duty cardboard box

Bubble wrap

Styrofoam padding

Plastic packaging straps

Fragile stickers

Shipping Methods

We offer various shipping methods to cater to different customer needs:

Standard shipping - Delivery within 5-7 business days

Expedited shipping - Delivery within 2-3 business days

Express shipping - Delivery within 1-2 business days

Our shipping rates are calculated based on the weight and destination of the product. Customers can choose their preferred shipping method and see the estimated shipping cost during the checkout process.

International Shipping

We also offer international shipping to select countries. Please contact our customer service team for more information and a shipping quote.

Once the order is processed and shipped, customers will receive a tracking number via email to track the status of their shipment.

We take great care in packaging and shipping our Industrial Ultrasonic Cleaner to ensure it arrives at its destination in perfect condition. If there are any issues with the product upon delivery, please contact our customer service team for assistance.
