

Industrial Grade Heavy Duty Ultrasonic Cleaner SUS 304 Cleaning Basket With Heating

Our Product Introduction

for more products please visit us on skymenultrasonic.com

Basic Information

- Place of Origin: China
- Brand Name: Sky men
- Certification: CE FC PSE ROHS ISO
- Model Number: JP-1108G
- Minimum Order Quantity: 1
- Price: \$5900
- Packaging Details: WOODEN BOX
- Delivery Time: 10-25 days
- Payment Terms: EXW
- Supply Ability: 5000pcs/month

Product Specification

- Tank Size: 1000*900*600mm
- Timer: 1-99 Hours
- Frequency: 28/40KHZ Optional
- Capacity: JP-1108G
- Cleaning Basket: SUS 304
- Ultrasonic Power: 5400W
- Tank Material: SUS 304/316
- Highlight: **SUS304 Basket Heavy Duty Ultrasonic Cleaner, Heavy Duty Ultrasonic Cleaner with Heating, Industrial Grade Ultrasonic Cleaner**

Product Description

Product Description:

Industrial Ultrasonic Cleaner - For Efficient Dust and Rust Removing

The Industrial Ultrasonic Cleaner is a powerful and versatile cleaning machine designed for large scale industrial use. With a tank size of 1000*900*600mm, it is ideal for cleaning large and bulky items. The cleaner operates at a frequency of 28/40KHZ, which can be adjusted according to the cleaning requirements.

One of the key features of the Industrial Ultrasonic Cleaner is its ability to effectively remove dust and rust from various surfaces. The ultrasonic vibrations created by the cleaner penetrate deep into the smallest crevices, removing even the most stubborn dirt and grime. This makes it an ideal tool for industries such as automotive, manufacturing, and electronics where dust and rust can cause major problems.

The cleaner also offers the option for DPF ultrasonic cleaning. This is particularly useful for industries that use diesel engines, as it helps to remove particulate matter build-up in the diesel particulate filters (DPF). Regular DPF ultrasonic cleaning can improve the performance and lifespan of these filters, saving time and money on replacements.

The Industrial Ultrasonic Cleaner comes with a built-in drainage system, allowing for easy disposal of the cleaning solution after use. This saves time and effort, making the cleaning process more efficient.

In addition, the cleaner is equipped with a heating function, which can help to accelerate the cleaning process and remove stubborn dirt and grime. The temperature can be adjusted according to the cleaning requirements, making it suitable for a wide range of cleaning tasks.

The Ultrasonic Power of this cleaner is an impressive 5400W, providing strong and consistent cleaning power for even the toughest cleaning jobs. This makes it a reliable and efficient tool for industrial cleaning, ensuring that every item comes out clean and shiny.

In conclusion, the Industrial Ultrasonic Cleaner is a must-have for any industry that requires efficient and thorough cleaning of large and bulky items. With its powerful ultrasonic vibrations, DPF cleaning capabilities, and large tank size, it offers a cost-effective and time-saving solution for dust and rust removal. Make the Industrial Ultrasonic Cleaner a part of your industrial cleaning arsenal today!

Features:

Product Name: Industrial Ultrasonic Cleaner

Capacity: JP-1108G

Tank Material: SUS 304/316

Cleaning Basket: SUS 304

Temperature: 1-90 Degree

Timer: 1-99 Hours

Dust Rust removing

Car Engine Parts Cleaning Machine

Industrial Ultrasonic Washer

Technical Parameters:

Product Name	Industrial Ultrasonic Cleaner
Model No.	ICU-1000900600
Tank Size	1000*900*600mm
Cleaning Mode	Water & Detergent
Cleaning Basket	SUS 304
Timer	1-99 Hours
Frequency	28/40KHZ Optional
Ultrasonic Power	5400W
External Generator	3 Units
Certification	CE FC PSE ROHS ISO
Heating Power	18000W
Tank Material	SUS 304/316
Application	Industrial Cleaning Ultrasonic System, Car Engine Parts Cleaning Machine, High Power Ultrasonic Cleaner

Applications:

Industrial Ultrasonic Cleaner - Skymen JP-1108G

Brand Name: Skymen

Model Number: JP-1108G
Place of Origin: China
Certification: CE, FC, PSE, ISO, REACH, ROHS, PAHS
Minimum Order Quantity: 1
Price: \$5900
Packaging Details: Wooden Box
Delivery Time: 10-25 days
Payment Terms: EXW
Supply Ability: 5000pcs/month
Product Description:

The Skymen JP-1108G Industrial Ultrasonic Cleaner is a high-quality and efficient cleaning system designed for industrial use. This powerful cleaner uses ultrasonic technology to remove tough dirt, grease, and contaminants from various industrial parts and components. It is suitable for a wide range of industries, including manufacturing, automotive, aerospace, and more.
Industrial Cleaning Ultrasonic System:

The Skymen JP-1108G is a versatile industrial cleaning system that can be used for a variety of cleaning applications. It can effectively clean parts and components such as metal, plastic, glass, and ceramic. Its powerful ultrasonic waves can reach deep into the surfaces of the parts, removing even the most stubborn dirt and contaminants.

High Cleaning Efficiency:

The Skymen JP-1108G is equipped with a high-powered ultrasonic transducer that produces powerful vibrations to create millions of tiny bubbles in the cleaning solution. These bubbles collapse upon contact with the parts, creating a powerful scrubbing action that effectively removes dirt and contaminants. This results in a high cleaning efficiency and saves time and labor costs for industrial cleaning processes.

Multiple Applications:

The Skymen JP-1108G can be used for a wide range of industrial cleaning applications, including degreasing, descaling, rust removal, and more. It is also suitable for cleaning various parts and components, such as mechanical parts, engine parts, electrical components, and more. It is a versatile and cost-effective solution for industrial cleaning needs.

Features:

Cleaning Mode: Water & Detergent

Capacity: JP-1108G

Heating power: 18000W

Timer: 1-99 Hours

External generator: 3 Units

Application Scene:

The Skymen JP-1108G Industrial Ultrasonic Cleaner can be used in various industrial settings, such as manufacturing plants, repair shops, and more. It is also suitable for use in industries that require high levels of cleanliness, such as medical and pharmaceutical industries. Its powerful cleaning capabilities make it an essential tool for maintaining the quality and efficiency of industrial processes.
In conclusion,

The Skymen JP-1108G Industrial Ultrasonic Cleaner is a high-quality and efficient cleaning system that offers multiple applications for various industries. Its high cleaning efficiency, versatility, and cost-effectiveness make it a valuable investment for any industrial setting. With its advanced ultrasonic technology and superior cleaning capabilities, the Skymen JP-1108G is the ideal choice for industrial cleaning needs.

Customization:

Brand Name: Skymen

Model Number: JP-1108G

Certification: CE FC PSE ROHS ISO

Minimum Order Quantity: 1

Price: \$5900

Packaging Details: WOODEN BOX

Delivery Time: 10-25 days

Payment Terms: EXW

Supply Ability: 5000pcs/month

Cleaning Basket: SUS 304

Temperature: 1-90 Degree

Tank Size: 1000*900*600mm

Timer: 1-99 Hours

Customized Service for Skymen's Industrial Ultrasonic Cleaner

At Skymen, we understand the importance of having a reliable and efficient cleaning system for industrial use. That's why we offer customized services for our Industrial Ultrasonic Cleaner - model JP-1108G.

Our Industrial Ultrasonic Cleaner is designed to remove oil pollution and other tough contaminants from large-scale items. With its industrial-grade quality, it can handle even the toughest cleaning jobs with ease.

But we also understand that every industry has different needs and requirements. That's why we offer customized services to tailor our Industrial Ultrasonic Cleaner to your specific needs.

With our customized service, you can choose the tank size that best fits your cleaning needs. The tank size of our JP-1108G model is 1000*900*600mm, but we can adjust it according to your requirements.

The cleaning basket of our Industrial Ultrasonic Cleaner is made of SUS 304, a high-grade stainless steel that is durable and resistant to corrosion. However, if you need a different material for your specific cleaning needs, we can customize it for you.

We also understand that different industries may require different temperature settings for their cleaning processes. That's why our Industrial Ultrasonic Cleaner has a temperature range of 1-90 degrees, and it can be customized to fit your specific temperature needs. Additionally, our Industrial Ultrasonic Cleaner comes with a timer that can be set from 1-99 hours, allowing for precise and efficient cleaning. But if you need a different timer range, we can customize it for you.

With our customized service, you can be sure that our Industrial Ultrasonic Cleaner will meet your specific cleaning needs and provide efficient and reliable cleaning results every time.

Don't settle for a one-size-fits-all cleaning system. Choose Skymen's Industrial Ultrasonic Cleaner and customize it to fit your industrial cleaning needs.

Packing and Shipping:

Packaging and Shipping of Industrial Ultrasonic Cleaner

Our Industrial Ultrasonic Cleaner is packaged with the utmost care to ensure safe delivery to our customers. Each unit is individually wrapped in protective material and placed in a sturdy carton box. Fragile components are further secured with foam inserts to prevent any damage during shipping.

We offer various shipping options to accommodate our customers' needs. For domestic orders, we provide standard ground shipping, which typically takes 3-5 business days. Expedited shipping options, such as 2-day or overnight delivery, are also available for an additional cost.

For international orders, we work with trusted shipping carriers to provide efficient and reliable delivery. Customers can choose from standard or expedited shipping options, depending on their urgency and budget.

Our team carefully inspects each unit before packing to ensure that all components are in perfect condition. We also include a user manual and warranty information in the package for our customers' convenience.

Rest assured that our Industrial Ultrasonic Cleaner will arrive at your doorstep in excellent condition, ready to provide efficient and powerful cleaning for your industrial needs.

FAQ:

Q: What is the brand name of this product?

A: The brand name of this product is Skymen.

Q: What is the model number of this product?

A: The model number of this product is JP-1108G.

Q: Where is this product manufactured?

A: This product is manufactured in China.

Q: What certifications does this product have?

A: This product has CE, FC, PSE, ISO, REACH, ROHS, and PAHS certifications.

Q: What is the minimum order quantity for this product?

A: The minimum order quantity for this product is 1.

Q: What is the price of this product?

A: The price of this product is \$5900.

Q: How is this product packaged?

A: This product is packaged in a wooden box.

Q: How long is the delivery time for this product?

A: The delivery time for this product is 10-25 days.

Q: What are the payment terms for this product?

A: The payment terms for this product are EXW.

Q: What is the supply ability for this product?

A: The supply ability for this product is 5000pcs/month.
