Basic Information

- Place of Origin: China
- Brand Name: Skymen
- Certification: CE FC PSE ROHS ISO
- Model Number: JP-1108G
- Minimum Order Quantity: 1
- Price: \$5900
- Packaging Details: WOODEN BOX
- Delivery Time: 10-25 days
- Payment Terms: EXW
- Supply Ability: 5000pcs/month

Product Specification

- Temperature: 1-90 Degree
- Ultrasonic Power: 5400W
- External Generator: 3 Units
- Timer: 1-99 Hours
- Cleaning Basket: SUS 304
- Capacity: JP-1108G
- Heating Power: 18000W
- Highlight: **Industrial Ultrasonic Cleaner with Drainage,
Large Scale Industrial Ultrasonic Cleaner**

Product Description

Product Description:

Industrial Ultrasonic Cleaner

Product Overview

The Industrial Ultrasonic Cleaner is a large scale, high-powered cleaning machine designed for industrial use. It is perfect for removing dust and rust from various types of equipment and parts. Its industrial grade quality and advanced features make it an essential tool for efficient and effective cleaning in large scale industries.

Key Attributes

Cleaning Basket: The cleaning basket of this ultrasonic cleaner is made of SUS 304 stainless steel, ensuring durability and resistance to corrosion.

Temperature: The temperature range of this cleaner is from 1 to 90 degrees, providing flexibility for different cleaning needs.

Timer: The precise timer can be set from 1 to 99 hours, allowing for thorough and efficient cleaning.

Heating: The cleaner comes with a powerful heating function, enabling it to handle tough cleaning jobs with ease.

Heating Power: With a heating power of 18000W, this ultrasonic cleaner can effectively remove stubborn dirt and grime.

Features and Benefits

Features	Benefits
Large Scale	Can accommodate a large volume of items for cleaning, saving time and increasing efficiency.
Dust and Rust Removing	Effectively removes dust and rust from equipment and parts, improving their performance and prolonging their lifespan.
Industrial Grade	Designed for heavy-duty use in industrial settings, ensuring reliability and durability.
High Cleaning Efficiency	Uses the power of ultrasonic waves to clean items thoroughly and quickly, saving time and effort.
SUS 304 Stainless Steel	Durable and resistant to corrosion, ensuring a long lifespan of the cleaner.
Wide Temperature Range	Provides flexibility for different cleaning needs, ensuring optimal results.
Precise Timer	Allows for thorough and efficient cleaning, reducing the risk of damage to items.
Powerful Heating Function	Enables the cleaner to handle tough cleaning jobs with ease, saving time and effort.

Investing in the Industrial Ultrasonic Cleaner will greatly benefit your industrial cleaning processes. Its advanced features and powerful performance make it an essential tool for any industrial facility. So why wait? Get yours now and experience the difference!

Features:

Product Name: Industrial Ultrasonic Cleaner

Timer: 1-99 Hours

Drainage: Yes

Temperature: 1-90 Degree

Capacity: JP-1108G

Heating: Yes

Dust Rust removing

Heavy Duty Ultrasonic Cleaner

Industrial Cleaning Ultrasonic System

Technical Parameters:

Product Name	Industrial Ultrasonic Cleaner
Heating power	18000W
Cleaning Basket	SUS 304
Drainage	Yes
Heating	Yes
Certification	CE, FC, PSE, ROHS, ISO
Tank Material	SUS 304/316

Tank Size	1000*900*600mm
Ultrasonic Power	5400W
Cleaning Mode	Water & Detergent
Frequency	28/40KHZ Optional
Key Features	Industrial Sonic Cleaning Device, Dust Rust removing, Car Engine Parts Cleaning Machine

Applications:

Industrial Ultrasonic Cleaner - Skymen JP-1108G

The Skymen JP-1108G Industrial Ultrasonic Cleaner is a state-of-the-art cleaning equipment that utilizes the power of ultrasonic waves to efficiently and effectively clean various industrial materials and components. With its advanced features and top-notch performance, it is a popular choice for a wide range of industries, including automotive, electronics, medical, and more.

Product Specifications:

Brand Name: Skymen

Model Number: JP-1108G

Place of Origin: China

Certification: CE, FC, PSE, ISO, REACH, ROHS, PAHS

Minimum Order Quantity: 1

Price: \$5900

Packaging Details: Wooden Box

Delivery Time: 10-25 days

Payment Terms: EXW

Supply Ability: 5000pcs/month

Heating: Yes

Drainage: Yes

Tank Material: SUS 304/316

Heating Power: 18000W

Cleaning Mode: Water & Detergent

Application:

The Skymen JP-1108G Industrial Ultrasonic Cleaner is designed for a wide range of industrial cleaning purposes. Its powerful ultrasonic waves can effectively remove stubborn dirt, grease, and contaminants from various materials and components, making it an ideal choice for industries such as:

Automotive - The cleaner can effectively clean engine parts, gears, bearings, and other automotive components.

Electronics - It can remove flux, oil, and other contaminants from PCBs, electronic parts, and components.

Medical - The ultrasonic waves can efficiently remove blood, tissue, and other contaminants from surgical instruments, medical devices, and equipment.

Manufacturing - The cleaner is suitable for cleaning machinery parts, metal components, and other industrial items.

Jewelry - It can safely and effectively clean delicate jewelry pieces, such as rings, bracelets, and necklaces.

Key Features:

Ultrasonic Cleaning Technology - The cleaner uses high-frequency ultrasonic waves to create microscopic bubbles that agitate and remove dirt and contaminants from the surfaces of materials.

Large Capacity Tank - The tank has a capacity of 1108 liters, allowing for efficient cleaning of large or multiple items at once.

High-Quality Materials - The tank is made of SUS 304/316 stainless steel, which is resistant to corrosion and ensures durability.

Heating Function - The cleaner has a heating power of 18000W, which can heat the cleaning solution up to 80 degrees Celsius, making it more effective in removing stubborn dirt and grease.

Drainage System - The built-in drainage system allows for easy and quick disposal of the used cleaning solution.

Easy to Use - The cleaner has a user-friendly interface and is designed for easy operation and maintenance.

Why Choose Skymen JP-1108G Industrial Ultrasonic Cleaner?

The Skymen JP-1108G Industrial Ultrasonic Cleaner is a top-of-the-line cleaning equipment that offers superior performance, durability, and efficiency. With its advanced features and high-quality materials, it can effectively clean a wide variety of industrial materials and components, saving time, labor, and costs for businesses. Its compact design and easy operation make it a versatile and convenient choice for different industries. Plus, with Skymen's renowned brand name and certifications, customers can trust in the product's quality and reliability.

Customization:

Customized Service for Industrial Ultrasonic Cleaner

Brand Name: Skymen

Model Number: JP-1108G

Place of Origin: China

Certification: CE FC PSE ROHS ISO

Minimum Order Quantity: 1

Price: \$5900

Packaging Details: WOODEN BOX

Delivery Time: 10-25 days

Payment Terms: EXW

Supply Ability: 5000pcs/month

Tank Material: SUS 304/316

Cleaning Basket: SUS 304

Ultrasonic Power: 5400W

Tank Size: 1000*900*600mm

Our Industrial Ultrasonic Cleaner, model JP-1108G, is designed and manufactured by Skymen in China. This powerful cleaner is certified with CE, FC, PSE, ROHS, and ISO standards, ensuring its quality and safety for use in industrial settings. With a minimum order quantity of 1 unit and a price of \$5900, it is a cost-effective and efficient solution for oil pollution removal and other industrial cleaning needs.

The Industrial Ultrasonic Cleaner comes with a sturdy wooden box for packaging and has a delivery time of 10-25 days. Our payment terms are EXW, and we have a supply ability of 5000 units per month to meet the demands of our customers.

The tank of the cleaner is made of high-quality SUS 304/316 material, guaranteeing its durability and resistance to corrosion. The cleaning basket, also made of SUS 304, provides added convenience for cleaning smaller items. With an ultrasonic power of 5400W, this cleaner is capable of delivering thorough and efficient cleaning results. The tank size of 1000*900*600mm allows for cleaning larger and bulkier items.

Choose Skymen's Industrial Ultrasonic Cleaner for your DPF ultrasonic cleaning machine and experience superior cleaning performance and exceptional customer service. Contact us now for a customized service that meets your specific cleaning needs.

Packing and Shipping:

Industrial Ultrasonic Cleaner - Packaging and Shipping

Our Industrial Ultrasonic Cleaner is carefully packaged and shipped to ensure safe arrival and optimal performance for our customers.

Here's a breakdown of our packaging and shipping process:

Packaging

First, our Industrial Ultrasonic Cleaner is placed in a sturdy and durable cardboard box. The box is specifically designed to protect the cleaner from any potential damage during transportation.

Next, the cleaner is wrapped with bubble wrap to provide an extra layer of protection and cushioning. This helps to prevent any scratches or dents on the surface of the cleaner.

Finally, the box is sealed with strong packing tape to ensure that the cleaner stays securely in place during shipping.

Shipping

We offer both domestic and international shipping options for our Industrial Ultrasonic Cleaner. Our preferred shipping method is through reputable carriers such as FedEx, UPS, or DHL.

All shipments are insured and a tracking number will be provided to our customers for easy tracking of their order.

For international orders, we carefully package the cleaner in compliance with all necessary customs regulations to ensure a smooth and timely delivery.

With our packaging and shipping process, customers can be confident that their Industrial Ultrasonic Cleaner will arrive in perfect condition and ready to be put to use.

FAQ:

Brand Name: Skymen

Q2:What is the model number of this product? A2:

Model Number: JP-1108G
