Basic Information

- Place of Origin: China
- Brand Name: Sky men
- Certification: CE FC PSE ISO REACH ROHS PAHS
- Model Number: JP-1108G
- Minimum Order Quantity: 1
- Price: \$5900
- Packaging Details: WOODEN BOX
- Delivery Time: 10-25 days
- Payment Terms: EXW
- Supply Ability: 5000pcs/month

Product Specification

- Timer: 1-99 Hours
- Cleaning Mode: Water & Detergent
- Temperature: 1-90 Degree
- Heating: Yes
- Ultrasonic Power: 5400W
- Tank Size: 1000*900*600mm
- Drainage: Yes
- Capacity: JP-1108G
- Highlight: **High Power Ultrasonic Cleaner For Industrial, Car Parts Sky men Ultrasonic Cleaner, Engine Parts Sky men Ultrasonic Cleaner**

Product Description

Product Description:

Industrial Ultrasonic Cleaner

The Industrial Ultrasonic Cleaner is a state-of-the-art cleaning machine designed for industrial use. It is perfect for cleaning car engine parts and other industrial equipment. With its powerful ultrasonic technology, this machine can effectively remove dirt, grease, and other contaminants from various surfaces, making it an essential tool for any business in need of deep and thorough cleaning.

Cleaning Mode: The Industrial Ultrasonic Cleaner offers the option of using water and detergent for cleaning. This flexibility allows users to choose the most suitable cleaning method for their specific needs. Whether it's a gentle cleaning with water or a more intensive cleaning with detergent, this machine can handle it all.

Tank Size: The large tank size of 1000*900*600mm makes it capable of cleaning large and bulky items with ease. This feature is particularly useful for businesses dealing with large equipment or machinery that require frequent cleaning.

Heating Power: The Industrial Ultrasonic Cleaner comes equipped with a powerful heating element with a power of 18000W. This allows for fast and efficient heating of the cleaning solution, resulting in a quicker and more effective cleaning process.

External Generator: This product comes with three external generators, which provide a stable and consistent power supply for the ultrasonic cleaning process. This ensures that the machine can operate at its full capacity without any interruptions or delays.

Certification: The Industrial Ultrasonic Cleaner has been certified by various organizations, including CE, FC, PSE, ROHS, and ISO. These certifications guarantee the quality, safety, and environmental friendliness of the product, giving users peace of mind and confidence in their purchase.

Automatic Frequency Chasing Ultrasound Cleaning: The advanced technology used in this machine allows it to automatically adjust its frequency to match the specific cleaning needs. This feature ensures that the cleaning process is optimized for maximum efficiency and effectiveness.

In conclusion, the Industrial Ultrasonic Cleaner is a reliable, efficient, and versatile cleaning machine that is perfect for industrial use. With its multiple cleaning modes, large tank size, powerful heating, and advanced technology, it can handle all your cleaning needs and deliver exceptional results. Plus, with its certifications, you can trust that it is a safe and environmentally friendly choice for your business.

Features:

Product Name: Industrial Ultrasonic Cleaner

External generator: 3 Units

Heating: Yes

Drainage: Yes

Ultrasonic Power: 5400W

Heating power: 18000W

Industrial Cleaning Ultrasonic System

Heavy Duty Ultrasonic Cleaner

Dust Rust removing

High Efficiency Cleaning

Durable Stainless Steel Construction

Technical Parameters:

Industrial Ultrasonic Cleaner Technical Parameters

Certification	CE FC PSE ROHS ISO
Cleaning Mode	Water & Detergent
Temperature	1-90 Degree
Ultrasonic Power	5400W
Tank Size	1000*900*600mm
Heating Power	18000W
External Generator	3 Units
Frequency	28/40KHZ Optional
Cleaning Basket	SUS 304
Heating	Yes

Keywords: Large Scale Ultrasonic Cleaner, Oil Pollution Removing, Car Engine Parts Cleaning Machine

Applications:

Industrial Ultrasonic Cleaner - Skymen JP-1108G

Brand Name: Skymen

Model Number: JP-1108G

Place of Origin: China
Certification: CE FC PSE ROHS ISO
Minimum Order Quantity: 1
Price: \$5900
Packaging Details: WOODEN BOX
Delivery Time: 10-25 days
Payment Terms: EXW
Supply Ability: 5000pcs/month
Temperature: 1-90 Degree
Frequency: 28/40KHZ Optional
Heating: Yes
Cleaning Mode: Water & Detergent

The Skymen JP-1108G Industrial Ultrasonic Cleaner is a powerful cleaning solution designed for various industrial applications. With its high power and advanced technology, it is capable of removing tough oil pollution and dust rust efficiently and effectively.

The large capacity of the JP-1108G allows for cleaning of multiple items at once, saving time and increasing productivity. Its easy operation makes it suitable for all levels of users, from professionals to beginners.

Equipped with ultrasonic technology, this cleaner creates high-frequency sound waves that create microscopic bubbles in the cleaning solution. These bubbles then implode, creating a strong cleaning force that can penetrate even the smallest crevices, providing a thorough and deep cleaning.

The Skymen JP-1108G Industrial Ultrasonic Cleaner is suitable for a wide range of industries such as automotive, aerospace, medical, electronics, and more. It is a professional cleaning solution that meets the highest industry standards with its CE FC PSE ROHS ISO certifications.

With a temperature range of 1-90 degrees and optional frequencies of 28/40KHZ, this cleaner can be customized to suit different cleaning needs. Its built-in heating function also allows for faster and more efficient cleaning.

When it comes to packaging, the JP-1108G is well-protected in a sturdy wooden box, ensuring safe delivery to your doorstep. With a delivery time of 10-25 days, you can have this powerful cleaning tool in your hands in no time.

The Skymen JP-1108G Industrial Ultrasonic Cleaner is a top-of-the-line product that offers high-quality, efficient, and effortless cleaning for a multitude of industrial applications. Invest in one today and experience the difference it can make in your cleaning process.

Customization:

Industrial Ultrasonic Cleaner Customization Service

Brand Name: Skymen
Model Number: JP-1108G
Place of Origin: China
Certification: CE FC PSE ISO REACH ROHS PAHS
Minimum Order Quantity: 1
Price: \$5900
Packaging Details: WOODEN BOX
Delivery Time: 10-25 days
Payment Terms: EXW
Supply Ability: 5000pcs/month
Temperature: 1-90 Degree
Heating: Yes
Tank Size: 1000*900*600mm
External generator: 3 Units
Cleaning Mode: Water & Detergent

This Industrial Ultrasonic Cleaner, with the brand name Skymen, model number JP-1108G, is a highly customizable and efficient cleaning machine, perfect for industrial use. It is designed and manufactured in China, and has obtained various certifications including CE, FC, PSE, ISO, REACH, ROHS, and PAHS. The minimum order quantity for this product is 1, and the price is \$5900. It is packaged in a sturdy wooden box for safe transportation, and has a delivery time of 10-25 days. The payment terms for this product is EXW, and the supply ability is 5000pcs/month.

The temperature range of this Industrial Ultrasonic Cleaner is 1-90 Degree, and it has the capability of heating the cleaning solution. The tank size is 1000*900*600mm, providing ample space for large items to be cleaned. It also comes with 3 external generators for more efficient and thorough cleaning. The cleaning mode of this machine is both water and detergent, making it suitable for various types of cleaning tasks.

This Industrial Ultrasonic Cleaner is perfect for removing oil pollution and cleaning parts of different materials. It is a reliable and cost-effective choice for industrial cleaning needs.

Packing and Shipping:

Industrial Ultrasonic Cleaner

Packaging and Shipping

The Industrial Ultrasonic Cleaner is carefully packaged to ensure safe and secure delivery to our customers. The packaging includes a sturdy corrugated box and protective foam padding to prevent any damage during transit.

The dimensions and weight of the package may vary depending on the size and model of the ultrasonic cleaner, but we strive to keep it as compact and lightweight as possible to minimize shipping costs.

We offer various shipping options to our customers, including standard and expedited delivery. The estimated delivery time and cost will be provided at the time of purchase.

For international orders, additional customs and duty fees may apply. Customers are responsible for all import duties and taxes associated with their order.

Our team takes great care in packaging and shipping our products, but if for any reason your Industrial Ultrasonic Cleaner arrives damaged, please contact us immediately for a replacement or refund.

FAQ:

Q: What is the brand name of this product?

A: The brand name of this product is Skymen.

Q: What is the model number of this product?

A: The model number of this product is JP-1108G.
Q: Where is this product manufactured?
A: This product is manufactured in China.
Q: What certifications does this product have?
A: This product is certified by CE, FC, PSE, ISO, REACH, ROHS, and PAHS.
Q: What is the minimum order quantity for this product?
A: The minimum order quantity for this product is 1.
Q: What is the price of this product?
A: The price of this product is \$5900.
Q: How is this product packaged?
A: This product is packaged in a wooden box.
Q: What is the estimated delivery time for this product?
A: The estimated delivery time for this product is 10-25 days.
Q: What are the accepted payment terms for this product?
A: The accepted payment terms for this product are EXW (Ex Works).
Q: How many units of this product can be supplied per month?
A: This product has a supply ability of 5000 units per month.
