

## JP-1108G Industrial Ultrasonic Cleaner With Timer 1-99 Hours External Generator

Our Product Introduction

for more products please visit us on [skymenultrasonic.com](http://skymenultrasonic.com)

### Basic Information

- Place of Origin: China
- Brand Name: Skymen
- Certification: CE FC PSE ROHS ISO
- Model Number: JP-1108G
- Minimum Order Quantity: 1
- Price: \$5900
- Packaging Details: WOODEN BOX
- Delivery Time: 10-25 days
- Payment Terms: EXW
- Supply Ability: 5000pcs/month

### Product Specification

- Timer: 1-99 Hours
- External Generator: 3 Units
- Tank Material: SUS 304/316
- Cleaning Mode: Water & Detergent
- Drainage: Yes
- Temperature: 1-90 Degree
- Tank Size: 1000\*900\*600mm
- Highlight: Industrial Ultrasonic Cleaner OEM,  
External Generator Industrial Ultrasonic Cleaner

## Product Description

### Product Description:

#### Industrial Ultrasonic Cleaner

The Industrial Ultrasonic Cleaner is a powerful and efficient cleaning machine designed specifically for cleaning car engine parts. With a ultrasonic power of 5400W and a capacity of JP-1108G, this cleaner is able to efficiently remove dirt, grease, and debris from car engine parts, leaving them spotless and like new.

#### Automatic Frequency Chasing Ultrasound Cleaning

One of the key features of the Industrial Ultrasonic Cleaner is its automatic frequency chasing ultrasound cleaning technology. This advanced technology allows the cleaner to automatically adjust its frequency based on the type and condition of the car engine parts being cleaned. This ensures that the cleaning process is gentle yet effective, without causing any damage to the parts.

#### Powerful and Efficient Cleaning

With a ultrasonic power of 5400W and a capacity of JP-1108G, this cleaner is able to easily remove even the toughest dirt and grime from car engine parts. The high frequency vibrations generated by the ultrasonic waves create millions of tiny bubbles that effectively clean every nook and cranny of the parts, leaving them sparkling clean.

#### Timer and Capacity Control

The Industrial Ultrasonic Cleaner comes with a timer function that allows you to set the cleaning time anywhere from 1 to 99 hours, depending on the level of dirt and the type of parts being cleaned. This gives you complete control over the cleaning process and ensures that your car engine parts are thoroughly cleaned without any risk of damage.

In addition, the capacity of JP-1108G allows you to clean multiple parts at once, making the cleaning process more efficient and time-saving.

#### Certifications for Quality and Safety

The Industrial Ultrasonic Cleaner is certified by CE, FC, PSE, ROHS, and ISO, ensuring that it meets the highest standards of quality and safety. These certifications also guarantee that the cleaner is safe to use and will not cause any harm to the environment.

#### 28/40KHZ Optional Frequency

The Industrial Ultrasonic Cleaner offers the option of a 28/40KHZ frequency, allowing you to choose the frequency that best suits the type and condition of the car engine parts being cleaned. This flexibility ensures that the cleaning process is optimized for maximum efficiency and effectiveness.

Overall, the Industrial Ultrasonic Cleaner is an essential tool for any car mechanic or car enthusiast. With its powerful and efficient cleaning capabilities, advanced technology, and safety certifications, it is the perfect solution for keeping car engine parts clean and in top condition.

### Features:

Product Name: Industrial Ultrasonic Cleaner

Heating power: 18000W

Frequency: 28/40KHZ Optional

Timer: 1-99 Hours

Cleaning Basket: SUS 304

Certification: CE FC PSE ROHS ISO

Industrial Sonic Cleaning Device

Industrial Ultrasonic Washer

Car Engine Parts Cleaning Machine

### Technical Parameters:

Product Name	Industrial Ultrasonic Cleaner
Model	Large Scale Ultrasonic Cleaner
Cleaning System	Industrial Cleaning Ultrasonic System
Drainage	Yes
Tank Material	SUS 304/316
Ultrasonic Power	5400W
Temperature	1-90 Degree
Heating	Yes
Cleaning Mode	Water & Detergent
Heating Power	18000W
Timer	1-99 Hours

Cleaning Basket	SUS 304
External Generator	3 Units
Key Features	Large capacity, high power, advanced cleaning system

### Applications:

Industrial Ultrasonic Cleaner - Skymen JP-1108G

The Skymen JP-1108G is a heavy duty ultrasonic cleaner designed for industrial use. It is a high power ultrasonic cleaner that is capable of removing tough dirt, grease, and contaminants from a variety of surfaces and objects. This powerful cleaning equipment is perfect for industrial cleaning applications, especially for DPF ultrasonic cleaning.

Application and Usage

The Skymen JP-1108G is widely used in industries such as automotive, aerospace, medical, and electronics. It is ideal for cleaning various parts, components, and tools that are heavily soiled and require thorough cleaning. With its high power ultrasonic technology, it can effectively remove dirt, oil, rust, carbon deposits, and other contaminants from metal, plastic, glass, and ceramic surfaces.

Scene 1: Automotive Workshop

In an automotive workshop, the Skymen JP-1108G is used to clean engine parts, transmissions, brake calipers, and other components. The ultrasonic cleaner is also essential for DPF ultrasonic cleaning, which is necessary for diesel vehicles to maintain proper performance and emission levels. The powerful cleaning action of the JP-1108G ensures that all parts are thoroughly cleaned without damaging delicate components.

Scene 2: Electronic Manufacturing Plant

In an electronic manufacturing plant, the Skymen JP-1108G is used to clean circuit boards, computer parts, and other electronic components. The ultrasonic cleaner is capable of removing flux, solder paste, and other contaminants from the surface of these delicate parts without causing any damage. This makes it an essential tool for maintaining the quality and reliability of electronic devices.

Product Features

Brand Name: Skymen

Model Number: JP-1108G

Place of Origin: China

Certification: CE FC PSE ROHS ISO

Minimum Order Quantity: 1

Price: \$5900

Packaging Details: WOODEN BOX

Delivery Time: 10-25 days

Payment Terms: EXW

Supply Ability: 5000pcs/month

Heating power: 18000W

Cleaning Basket: SUS 304

Timer: 1-99 Hours

Tank Material: SUS 304/316

Conclusion

The Skymen JP-1108G is an essential industrial cleaning equipment for heavy duty and high-power cleaning tasks. Its advanced ultrasonic technology, durable construction, and easy operation make it a valuable asset for any industrial setting. With the ability to remove even the toughest contaminants, the JP-1108G ensures that your equipment and components are clean and in top condition, improving efficiency and productivity in your workplace.

### Customization:

Industrial Ultrasonic Cleaner - Customized Service

Brand Name: Skymen

Model Number: JP-1108G

Place of Origin: China

Certification: CE FC PSE ISO REACH ROHS PAHS

Minimum Order Quantity: 1

Price: \$5900

Packaging Details: WOODEN BOX

Delivery Time: 10-25 days

Payment Terms: EXW

Supply Ability: 5000pcs/month

Capacity: JP-1108G

Frequency: 28/40KHZ Optional

Heating power: 18000W

Tank Material: SUS 304/316

External generator: 3 Units

At Skymen, we are proud to offer customized services for our Industrial Ultrasonic Cleaner - Model JP-1108G. Our product is designed and manufactured in China, and has obtained certifications such as CE, FC, PSE, ISO, REACH, ROHS, and PAHS. With a minimum order quantity of just 1 unit, our product is priced at \$5900 and is packaged in a sturdy wooden box for safe transportation.

Our delivery time ranges from 10-25 days, and we offer flexible payment terms such as EXW to accommodate the needs of our customers. With a strong supply ability of 5000pcs per month, we are able to meet the demands of our clients efficiently.

The JP-1108G model is equipped with Automatic Frequency Chasing Ultrasound Cleaning, which ensures efficient and thorough cleaning results. With a high power of 18000W, our Industrial Ultrasonic Cleaner is capable of removing dust and rust effectively. Our product also

features water-based cleaning, making it environmentally friendly and safe to use. The tank material of our JP-1108G model is made of high-quality SUS 304/316, ensuring durability and longevity. Additionally, it comes with 3 external generators for added convenience and efficiency. Choose Skymen for your Industrial Ultrasonic Cleaning Equipment needs and experience top-quality products and exceptional customized services. Contact us today for more information.

### Packing and Shipping:

Industrial Ultrasonic Cleaner

#### Packaging and Shipping

Our Industrial Ultrasonic Cleaner is carefully packaged to ensure safe and secure delivery to our customers. Each unit is wrapped in protective materials and placed in a sturdy cardboard box to prevent any damage during transportation.

For international shipments, the product will be packaged in compliance with all necessary customs and export regulations. This may include additional packaging and labeling to ensure a smooth customs clearance process.

We offer multiple shipping options to meet the needs of our customers. These options include standard ground shipping, expedited shipping, and international shipping. Our team will work with you to determine the best shipping method for your specific location and delivery timeframe.

Upon shipment, customers will receive a tracking number to monitor the progress of their order. We strive to provide prompt and efficient delivery of our Industrial Ultrasonic Cleaner to our customers.

In the unlikely event that any damage occurs during shipping, please contact our customer service team immediately for assistance. We are committed to ensuring your satisfaction with our product and will work to resolve any issues as quickly as possible.

Thank you for choosing our Industrial Ultrasonic Cleaner. We are confident that you will be satisfied with the quality and performance of our product.

### FAQ:

Frequently Asked Questions:

**Q: What is the brand name of this product?**

A: The brand name of this product is Skymen.

**Q: What is the model number of this product?**

A: The model number of this product is JP-1108G.

**Q: Where is this product manufactured?**

A: This product is manufactured in China.

**Q: What certifications does this product have?**

A: This product has CE, FC, PSE, ISO, REACH, ROHS, and PAHS certifications.

**Q: What is the minimum order quantity for this product?**

A: The minimum order quantity for this product is 1.
