

## Heating Industrial Ultrasonic Washer with External Generator 2 Units

Our Product Introduction

for more products please visit us on [skymenultrasonic.com](http://skymenultrasonic.com)

### Basic Information

- Place of Origin: China
- Brand Name: Skymen
- Certification: CE FC PSE ROHS ISO
- Model Number: JP-2072GH
- Minimum Order Quantity: 1
- Price: \$4000
- Packaging Details: WOODEN BOX
- Delivery Time: 10-25 days
- Payment Terms: EXW
- Supply Ability: 5000pcs/month

### Product Specification

- Temperature: 1-90 Degree
- Frequency: 28/40KHZ Optional
- Tank Material: SUS 304/316
- Cleaning Basket: SUS 304
- Cleaning Mode: Water & Detergent
- Capacity: JP-2072GH
- Function: Ultrasonic Cleaning +rinsing
- Highlight: **Heating Industrial Ultrasonic Washer, Industrial Ultrasonic Washer with External Generator**

## Product Description

### Product Description:

#### Industrial Ultrasonic Cleaner

The Industrial Ultrasonic Cleaner is a high-quality, large scale cleaning device designed for industrial use. It utilizes the powerful technology of ultrasonic sound waves to provide a thorough and efficient cleaning process.

#### Cleaning Mode

The Industrial Ultrasonic Cleaner offers two cleaning modes: Water and Detergent. This allows for a customizable cleaning experience depending on the needs of your specific application. Water is ideal for general cleaning, while detergent can be added for tougher stains and dirt.

#### Frequency

The frequency of the Industrial Ultrasonic Cleaner is 28/40KHZ, which is the optimal frequency for removing dirt and grime from various surfaces. The frequency can be adjusted to suit the specific needs of your cleaning task.

#### Timer

The timer function of the Industrial Ultrasonic Cleaner allows you to set a cleaning time anywhere from 1 to 99 hours. This feature allows for a hands-free cleaning experience, as you can set the timer and let the cleaner do its job while you attend to other tasks.

#### Tank Material

The tank of the Industrial Ultrasonic Cleaner is made of high-quality SUS 304/316 stainless steel, which is known for its durability and resistance to corrosion. This ensures that the cleaner will have a long lifespan and can withstand frequent use in industrial settings.

#### Cleaning Basket

The Industrial Ultrasonic Cleaner comes with a SUS 304 stainless steel cleaning basket, providing a convenient way to hold and submerge items during the cleaning process. This prevents items from getting lost or damaged during the immerse cleaning process.

#### Key Features:

Powerful ultrasonic sound wave technology

Customizable cleaning modes: Water & Detergent

Adjustable frequency: 28/40KHZ

Timer function: 1-99 hours

Durable tank material: SUS 304/316 stainless steel

Convenient cleaning basket: SUS 304 stainless steel

The Industrial Ultrasonic Cleaner is the perfect cleaning solution for industrial settings, providing a thorough and efficient cleaning process for a wide range of items. With its powerful technology and customizable features, it is the ideal industrial sonic cleaning device for any business. Invest in the Industrial Ultrasonic Cleaner for a reliable and effective cleaning solution.

### Features:

Product Name: Industrial Ultrasonic Cleaner

Function: Ultrasonic Cleaning + Rinsing

Overall Dimension: 1200\*1100\*1000mm

Tank Size: 600\*500\*450mm

Certification: CE, FC, PSE, ROHS, ISO

Heating: Yes

Automatic Frequency Chasing Ultrasound Cleaning

Car Engine Parts Cleaning Machine

Industrial Cleaning Ultrasonic System

### Technical Parameters:

### Applications:

Industrial Ultrasonic Cleaner - Skymen JP-2072GH

The Skymen JP-2072GH Industrial Ultrasonic Cleaner is a high-quality and efficient cleaning solution for various industrial purposes. With its advanced technology and reliable performance, it has become a popular choice among businesses in China and around the world.

#### Application

The JP-2072GH model is designed for heavy-duty cleaning tasks in industries such as automotive, manufacturing, and medical. It is suitable for removing oil, grease, dirt, and other contaminants from various materials, making it an essential tool for maintaining cleanliness and ensuring optimal performance in industrial environments.

#### Scene

Imagine an automotive factory where diesel particulate filters (DPF) are used to reduce harmful emissions from vehicles. Over time, these filters become clogged with soot and need to be cleaned. This is where the Industrial Ultrasonic Cleaner from Skymen comes in. The workers simply place the DPFs in the large stainless steel tank, fill it with a cleaning solution, and turn on the ultrasonic waves. In just a few minutes, the powerful vibrations will remove all the built-up contaminants, leaving the filters clean and ready to be reused.

#### Product Specifications

**Brand Name:** Skymen

**Model Number:** JP-2072GH

**Place of Origin:** China

**Certification:** CE, FC, PSE, ROHS, ISO

**Minimum Order Quantity:** 1 unit

**Price:** \$4000

**Packaging Details:** Wooden box

**Delivery Time:** 10-25 days

**Payment Terms:** EXW

**Supply Ability:** 5000 units per month

**Tank Material:** SUS 304/316

**Heating Power:** 4500\*2

**Function:** Ultrasonic Cleaning + Rinsing

**Overall Dimension:** 1200\*1100\*1000mm

Key Features

Efficiently removes oil, grease, dirt, and other contaminants

Large capacity tank made of high-quality stainless steel for durability

Dual heating power for faster and more thorough cleaning

## Packing and Shipping:

Industrial Ultrasonic Cleaner Packaging and Shipping

Our Industrial Ultrasonic Cleaner is carefully packaged and shipped to ensure its safe arrival to your facility. Here is a breakdown of our packaging and shipping process:

Packaging:

The Industrial Ultrasonic Cleaner is first placed in a sturdy and durable cardboard box.

The box is then sealed with high-quality packing tape to prevent any damage during transit.

Inside the box, the cleaner is wrapped with several layers of bubble wrap for extra protection.

Any additional parts or accessories are also securely wrapped and placed inside the box.

The box is then labeled with the product name and any necessary handling instructions.

Shipping:

We offer both domestic and international shipping options for our Industrial Ultrasonic Cleaner. Here are the steps we take to ensure a smooth shipping process:

Once your order is confirmed, our team carefully packages your cleaner for shipping.

We work with trusted shipping carriers to deliver your order to your preferred address.

For international orders, we handle all necessary customs and export documentation to ensure a hassle-free delivery process.

You will receive a tracking number once your order has been shipped, allowing you to track its progress.

If you have any questions or concerns about your shipment, our customer service team is available to assist you.

At Industrial Ultrasonic, we take pride in providing top-quality products and ensuring their safe and timely delivery. Rest assured that your Industrial Ultrasonic Cleaner will arrive at your facility in perfect condition, ready for use.
