

3600W Ultrasonic Power Industrial Sonic Cleaning Device for Industrial Cleaning Needs

Our Product Introduction

for more products please visit us on skymenultrasonic.com

Basic Information

- Place of Origin: China
- Brand Name: Sky men
- Certification: CE FC PSE ROHS ISO
- Model Number: JP-2072GH
- Minimum Order Quantity: 1
- Price: \$4000
- Packaging Details: WOODEN BOX
- Delivery Time: 10-25 days
- Payment Terms: EXW
- Supply Ability: 5000pcs/month

Product Specification

- Heating Power: 4500*2
- Function: Ultrasonic Cleaning +rinsing
- Overall Dimension: 1200*1100*1000mm
- Tank Material: SUS 304/316
- External Generator: 2 Units
- Ultrasonic Power: 3600W
- Tank Size: 600*500*450mm
- Highlight: 3600W Industrial Sonic Cleaning Device, OEM 'Industrial Sonic Cleaning Device, Industrial Ultrasonic Cleaner with rinsing

Product Description

Product Description:

Industrial Ultrasonic Cleaner

The Industrial Ultrasonic Cleaner is a heavy duty ultrasonic cleaner designed for industrial cleaning applications. It is equipped with high power ultrasonic technology and a large capacity to effectively clean a wide range of items.

Cleaning Mode

The Industrial Ultrasonic Cleaner offers two cleaning modes: water and detergent. This allows for versatile cleaning options depending on the type of item being cleaned.

Cleaning Basket

The cleaning basket of the Industrial Ultrasonic Cleaner is made of SUS 304, a high quality and durable stainless steel material. This ensures the basket can withstand the powerful ultrasonic cleaning process and can be used for a long period of time.

Function

The main function of the Industrial Ultrasonic Cleaner is ultrasonic cleaning, which uses high frequency sound waves to create microscopic cavitation bubbles that effectively remove dirt, grease, and other contaminants from the surface of items. In addition, the cleaner also has a rinsing function to ensure all cleaning agents are thoroughly removed.

Capacity

The Industrial Ultrasonic Cleaner has a large capacity of JP-2072GH, making it suitable for cleaning a variety of industrial items, such as machinery parts, tools, and equipment.

Ultrasonic Power

The Industrial Ultrasonic Cleaner is equipped with a powerful 3600W ultrasonic power, providing strong and efficient cleaning results. This allows for quick and thorough cleaning of even the toughest stains and dirt.

Industrial Cleaning Ultrasonic System

The Industrial Ultrasonic Cleaner is a complete industrial cleaning ultrasonic system, offering a comprehensive solution for all your cleaning needs. With its advanced technology and reliable performance, it is the perfect choice for industrial cleaning applications.

Features:

Product Name: Industrial Ultrasonic Cleaner

Manufacturing time: About 25 Days

Tank Material: SUS 304/316

Function: Ultrasonic Cleaning +rinsing

Capacity: JP-2072GH

Overall dimension: 1200*1100*1000mm

Dust Rust removing

Immerse cleaning

Heavy Duty Ultrasonic Cleaner

Technical Parameters:

Technical Parameters	Industrial Ultrasonic Cleaner
Heating	Yes
Temperature	1-90 Degree
Manufacturing time	About 25 Days
Timer	1-99 Hours
Certification	CE FC PSE ROHS ISO
Weight	300KG
Cleaning Mode	Water & Detergent
Cleaning Basket	SUS 304
Heating power	4500*2
Capacity	JP-2072GH
Key Features	immerse cleaning, Heavy Duty Ultrasonic Cleaner

Applications:

Industrial Ultrasonic Cleaner - Skymen JP-2072GH

The Industrial Ultrasonic Cleaner, also known as the Skymen JP-2072GH, is a powerful and efficient cleaning device designed for industrial use. This ultrasonic cleaner is widely used in various industries, providing a reliable and effective solution for removing stubborn dirt and contaminants from various objects and surfaces. The Skymen brand is well-known for its high-quality and durable cleaning equipment, and the JP-2072GH is no exception. Its model number, place of origin, and certifications (CE FC PSE ROHS ISO) demonstrate its reliability and compliance with international standards. This ultrasonic cleaner is suitable for a wide range of industries, including automotive, manufacturing, aerospace, medical, and more. It is highly recommended for cleaning DPF (Diesel Particulate Filters), which are widely used in diesel engines. The DPF ultrasonic cleaning process is essential for maintaining the performance and longevity of these filters. The minimum order quantity for the Skymen JP-2072GH is only one, making it an accessible and convenient option for businesses of all sizes. With a price of \$4000, it offers excellent value for money, considering its features and capabilities. The Industrial Cleaning Ultrasonic System is designed to provide an efficient and thorough cleaning process. It uses ultrasonic waves to create microscopic bubbles in the cleaning solution, which then collapse and create a powerful scrubbing action. This process is highly effective in removing dirt, grease, oil, and other contaminants from various surfaces. The Skymen JP-2072GH comes with a SUS 304 cleaning basket, which is made of high-quality stainless steel, providing durability and resistance to corrosion. The cleaning temperature can be adjusted from 1-90 degrees, making it suitable for cleaning delicate or heavy-duty objects. The cleaning mode of this ultrasonic cleaner includes water and detergent, making it suitable for a wide range of cleaning tasks. The addition of detergent can enhance the cleaning process, providing a deeper and more thorough clean. The drainage feature allows for easy removal of the dirty cleaning solution, making the cleaning process more efficient and convenient. The Skymen JP-2072GH comes in a wooden box packaging, ensuring its safety during transportation. It has a delivery time of 10-25 days, and the payment terms are EXW, providing flexibility and convenience for customers. With a supply ability of 5000pcs/month, the Industrial Ultrasonic Cleaner is readily available for businesses with high cleaning demands. In conclusion, the Skymen JP-2072GH is a highly efficient and reliable Industrial Ultrasonic Cleaner suitable for various industries. Its powerful cleaning capabilities, durable design, and convenient features make it an essential tool for maintaining cleanliness and productivity in industrial settings.

Industrial Ultrasonic Cleaner - Skymen JP-2072GH

Brand Name: Skymen

Model Number: JP-2072GH

Place of Origin: China

Certification: CE FC PSE ISO REACH ROHS PAHS

Minimum Order Quantity: 1

Price: \$4000

Packaging Details: WOODEN BOX

Delivery Time: 10-25 days

Payment Terms: EXW

Supply Ability: 5000pcs/month

Tank Material: SUS 304/316

Tank Size: 600*500*450mm

Cleaning Basket: SUS 304

Heating power: 4500*2

Weight: 300KG

Experience the ultimate cleaning power with our Industrial Grade Ultrasonic Cleaner. Our JP-2072GH model is designed for efficient and effective cleaning, with its immerse cleaning technology and advanced Ultrasonic Cleaning Equipment.

Customize your order to meet your specific needs and requirements. With our CE FC PSE ISO REACH ROHS PAHS certification, you can trust in the quality and safety of our products.

Order now with a minimum quantity of 1 and experience the difference in cleaning with Skymen's Industrial Ultrasonic Cleaner. Contact us for more information and to place your order.

Packing and Shipping:

Industrial Ultrasonic Cleaner Packaging and Shipping

Our Industrial Ultrasonic Cleaner is packaged with great care to ensure the safe delivery of the product. Each unit is wrapped in protective materials and placed in a sturdy box to prevent any damage during shipping.

For international shipping, the product is packed in compliance with all necessary customs and shipping regulations. This includes the appropriate labeling, documentation, and packaging materials required for safe transportation.

Once your order is processed, we will provide you with a tracking number so you can easily track the status of your shipment. Our goal is to ensure that your Industrial Ultrasonic Cleaner reaches you in perfect condition and on time.

If any damage occurs during shipping, please contact us immediately and we will work with you to resolve the issue.

Thank you for choosing our Industrial Ultrasonic Cleaner. We hope it brings you many years of reliable service.
