

CE FC PSE ROHS ISO Industrial Ultrasonic Cleaner JP-2072GH SUS 304/316 Tank Capacity

Our Product Introduction

for more products please visit us on skymenultrasonic.com

Basic Information

- Place of Origin: China
- Brand Name: Skymen
- Certification: CE FC PSE ROHS ISO
- Model Number: JP-2072GH
- Minimum Order Quantity: 1
- Price: \$4000
- Packaging Details: WOODEN BOX
- Delivery Time: 10-25 days
- Payment Terms: EXW
- Supply Ability: 5000pcs/month

Product Specification

- Cleaning Basket: SUS 304
- Temperature: 1-90 Degree
- Function: Ultrasonic Cleaning +rinsing
- Timer: 1-99 Hours
- Cleaning Mode: Water & Detergent
- Capacity: JP-2072GH
- Ultrasonic Power: 3600W
- Highlight: 304 Tank Industrial Ultrasonic Cleaner, 316 Tank Industrial Ultrasonic Cleaner

Product Description

Product Description:

Industrial Ultrasonic Cleaner - Your Ultimate Cleaning Solution

Welcome to the world of industrial grade ultrasonic cleaning with our specially designed Industrial Ultrasonic Washer. This powerful cleaning equipment is perfect for removing dirt, grime, and contaminants from various industrial items, making it an essential tool for any manufacturing facility.

Product Overview

Our Industrial Ultrasonic Cleaner is made of high-quality SUS 304 or 316 material, providing durability and resistance against corrosion. This ensures a longer lifespan and better performance for your cleaning needs.

Equipped with 2 external generators, our ultrasonic cleaner offers powerful and efficient cleaning with minimal noise. The generators are strategically placed to optimize the cleaning process and ensure a thorough and even cleaning of all surfaces.

With a manufacturing time of only 25 days, our Industrial Ultrasonic Cleaner is a quick and efficient solution for your cleaning needs. This makes it an ideal choice for businesses with tight schedules and deadlines.

Weighing at 300KG, our ultrasonic cleaner is heavy-duty and can handle large and heavy items with ease. This makes it a perfect choice for industrial cleaning of various items such as machinery, tools, and equipment.

In addition to its efficient cleaning abilities, our Industrial Ultrasonic Cleaner also comes with a heating power of 4500*2, providing a high-temperature cleaning option for tough and stubborn stains. This feature makes it an ideal choice for industries that require meticulous cleaning, such as medical and food processing facilities.

Key Features

Industrial grade ultrasonic cleaning equipment

High-quality SUS 304/316 material

2 external generators for powerful and efficient cleaning

Quick manufacturing time of 25 days

Heavy-duty with a weight of 300KG

Heating power of 4500*2 for high-temperature cleaning

Invest in our Industrial Ultrasonic Cleaner and experience the ultimate cleaning solution for your industrial needs. Contact us today to learn more about our product and how it can benefit your business.

Features:

Product Name: Industrial Ultrasonic Cleaner

Heating: Yes

Temperature: 1-90 Degree

Frequency: 28/40KHZ Optional

Certification: CE FC PSE ROHS ISO

Tank Material: SUS 304/316

Industrial Cleaning Ultrasonic System

Industrial Grade Ultrasonic Cleaner

Dust and Rust Removing

High Precision Cleaning

Technical Parameters:

Function	Ultrasonic Cleaning + Rinsing
Cleaning Basket	SUS 304
Weight	300KG
Tank Size	600*500*450mm
External Generator	2 Units
Tank Material	SUS 304/316
Frequency	28/40KHZ Optional
Drainage	Yes
Temperature	1-90 Degree
Timer	1-99 Hours
Product Name	Industrial Ultrasonic Cleaner
Function	Ultrasonic Cleaning + Rinsing

Cleaning Basket	SUS 304
Weight	300KG
Tank Size	600*500*450mm
External Generator	2 Units
Tank Material	SUS 304/316
Frequency	28/40KHZ Optional
Drainage	Yes
Temperature	1-90 Degree
Timer	1-99 Hours
Key Features	Industrial Sonic Cleaning Device, Oil Pollution Removing

Applications:

Industrial Ultrasonic Cleaner - Skymen

The Industrial Ultrasonic Cleaner, also known as Ultrasonic Parts Cleaning Machine, is a revolutionary cleaning equipment that utilizes the power of ultrasonic waves to remove oil and dirt from various industrial parts. Developed by Skymen, the leading manufacturer of ultrasonic cleaning products in China, this innovative cleaner is designed to deliver efficient and thorough cleaning results that cannot be achieved by traditional cleaning methods.

Product Attributes

Brand Name: Skymen

Model Number: JP-2072GH

Place of Origin: China

Certification: CE FC PSE ISO REACH ROHS PAHS

Minimum Order Quantity: 1

Price: \$4000

Packaging Details: WOODEN BOX

Delivery Time: 10-25 days

Payment Terms: EXW

Supply Ability: 5000pcs/month

Function: Ultrasonic Cleaning +rinsing

Frequency: 28/40KHZ Optional

Tank Material: SUS 304/316

Heating: Yes

Drainage: Yes

Application

The Industrial Ultrasonic Cleaner is suitable for a wide range of industries and applications. Its powerful cleaning capabilities make it ideal for removing oil and dirt from various types of industrial parts, such as metal, glass, plastic, and ceramic components. It can be used in the following industries:

Automotive: The cleaner can effectively remove oil, grease, and other contaminants from automotive parts, such as engine components, carburetors, and fuel injectors.

Manufacturing: The ultrasonic waves can penetrate deep into the surface of parts, ensuring thorough and precise cleaning. This makes it perfect for cleaning machine parts, molds, and other industrial equipment.

Pharmaceutical: The cleaner can safely and effectively remove residues and contaminants from pharmaceutical equipment, ensuring a high level of hygiene and cleanliness.

Electronics: The gentle yet powerful cleaning action of ultrasonic waves makes it suitable for delicate electronic components, such as circuit boards, sensors, and connectors.

Jewelry: The cleaner is also widely used in the jewelry industry to remove dirt, oil, and oxidation from precious metals and gemstones, restoring their shine and luster.

Scene

Imagine a busy manufacturing plant that produces various metal parts for automobiles. The production line is constantly running, and the machines are being used non-stop. As a result, the parts become dirty and greasy, affecting their performance and quality. In the past, the workers had to manually clean each part with harsh chemicals, which was time-consuming and labor-intensive.

But now, with the Industrial Ultrasonic Cleaner from Skymen, the cleaning process has become much more efficient and effective. The workers simply place the dirty parts into the ultrasonic cleaner, and the powerful ultrasonic waves do all the work. The parts are thoroughly cleaned and rinsed in a matter of minutes, without any manual labor or harsh chemicals. The result is a batch of clean and shiny parts, ready to be used in the production line.

Not only does the Industrial Ultrasonic Cleaner save time and labor costs, but it also ensures a higher level of cleanliness and hygiene, leading to better product quality. The cleaner's compact design and easy operation make it a convenient and essential tool in any industrial setting.

Conclusion

The Industrial Ultrasonic Cleaner from Skymen is a game-changer in the world of industrial cleaning. Its efficient and thorough cleaning capabilities, along with its many advanced features and certifications, make it a top choice for industries that require precision and cleanliness. With this powerful cleaning equipment, you can save time, reduce labor costs, and achieve a higher level of cleanliness in your production process.

Customization:

Customized Service for Industrial Ultrasonic Cleaner
Brand Name: Skymen
Model Number: JP-2072GH
Place of Origin: China
Certification: CE FC PSE ISO REACH ROHS PAHS
Minimum Order Quantity: 1
Price: \$4000
Packaging Details: WOODEN BOX
Delivery Time: 10-25 days
Payment Terms: EXW
Supply Ability: 5000pcs/month
Product Attributes:

Ultrasonic Parts Cleaning Machine
Industrial Sonic Cleaning Device
Automatic frequency chasing ultrasound cleaning
Drainage: Yes
Tank Material: SUS 304/316
Overall dimension: 1200*1100*1000mm
Cleaning Mode: Water & Detergent
Cleaning Basket: SUS 304

Packing and Shipping:

Packaging and Shipping for Industrial Ultrasonic Cleaner

Packaging

The Industrial Ultrasonic Cleaner will be carefully packaged to ensure safe delivery to our customers. Each unit will be packed in a sturdy cardboard box with appropriate cushioning materials to prevent any damage during transportation. The box will also be labelled with the product name and model number for easy identification.

Shipping

The product will be shipped via a trusted and reliable courier service that offers both domestic and international delivery options. Customers can choose from various shipping methods based on their preference and urgency of delivery. We will provide a tracking number for each shipment so that customers can track the status of their order.

Customized Packaging

For bulk orders or special requests, we offer customized packaging solutions. We can include your company logo and branding on the packaging to give your order a professional and personalized touch. Please contact us for more information on our customized packaging options.

We take great care in packaging and shipping our Industrial Ultrasonic Cleaner to ensure that it arrives in perfect condition and on time. Our goal is to provide our customers with a hassle-free and satisfactory purchasing experience.

FAQ:

Q: What is the brand name of this product?

A: The brand name of this product is Skymen.

Q: What is the model number of this product?

A: The model number of this product is JP-2072GH.

Q: Where is this product manufactured?

A: This product is manufactured in China.

Q: What certifications does this product have?

A: This product is certified by CE, FC, PSE, ISO, REACH, ROHS, and PAHS.

Q: What is the minimum order quantity for this product?

A: The minimum order quantity for this product is 1.

Q: What is the price of this product?

A: The price of this product is \$4000.

Q: How is this product packaged?

A: This product is packaged in a wooden box.

Q: What is the delivery time for this product?

A: The delivery time for this product is 10-25 days.

Q: What are the payment terms for this product?

A: The payment terms for this product are EXW (Ex Works).

Q: What is the supply ability for this product?

A: The supply ability for this product is 5000pcs/month.
