

## 1-90 Degree Temperature Industrial Ultrasonic Cleaner With 1-99 Hours Timer

### Our Product Introduction

#### Basic Information

- Place of Origin: China
- Brand Name: Skymen
- Certification: CE FC PSE ISO REACH ROHS PAHS
- Model Number: JP-2072GH
- Minimum Order Quantity: 1
- Price: \$4000
- Packaging Details: WOODEN BOX
- Delivery Time: 10-25 days
- Payment Terms: EXW
- Supply Ability: 5000pcs/month

#### Product Specification

- Heating Power: 4500\*2
- Overall Dimension: 1200\*1100\*1000mm
- Capacity: JP-2072GH
- Frequency: 28/40KHZ Optional
- Function: Ultrasonic Cleaning +rinsing
- Cleaning Basket: SUS 304
- Tank Size: 600\*500\*450mm
- Ultrasonic Power: 3600W
- Highlight: **90 Degree Industrial Ultrasonic Cleaner, Industrial Ultrasonic Cleaner With Timer, SUS 304 Ultrasonic Cleaner With Timer**

Product Description:

Industrial Ultrasonic Cleaner - Product Overview

Introduction

The Industrial Ultrasonic Cleaner is a high-performance ultrasonic parts cleaning machine designed for industrial use. It is commonly used in manufacturing plants, automotive workshops, and other industrial settings to efficiently and effectively clean various parts and components.

This industrial ultrasonic washer utilizes the power of ultrasonic waves to remove stubborn dirt, grease, oils, and other contaminants from the surface of parts. It is an essential tool for maintaining the cleanliness and functionality of industrial equipment, ensuring smooth operations and prolonging the lifespan of the machinery.

Product Features

- Cleaning Basket:** Made of high-quality SUS 304 stainless steel, the cleaning basket provides a secure and durable platform for holding parts during the cleaning process. It is resistant to corrosion and can withstand high temperatures, making it suitable for use in various industrial environments.
- Tank Size:** The tank of this industrial ultrasonic cleaner has a size of 600\*500\*450mm, providing ample space for cleaning large and small parts. The spacious tank allows for efficient cleaning of multiple parts at once, saving time and increasing productivity.
- External Generator:** This ultrasonic cleaning equipment is equipped with 2 external generators, providing a powerful and stable ultrasonic output. The external generators are easy to operate and can be adjusted to suit different cleaning needs.
- Cleaning Mode:** This industrial cleaning ultrasonic system offers two cleaning modes - water and detergent. The water mode is suitable for general cleaning, while the detergent mode is more effective in removing stubborn contaminants. The choice of cleaning mode can be adjusted according to the type of parts being cleaned.
- Ultrasonic Power:** The ultrasonic power of this industrial ultrasonic washer is 3600W, providing strong and efficient cleaning capabilities. The adjustable ultrasonic power allows for gentle cleaning of delicate parts and more intense cleaning of tougher parts.

Technical Specifications

Model	Cleaning Basket	Tank Size	External Generator	Cleaning Mode	Ultrasonic Power
Industrial Ultrasonic Cleaner	SUS 304	600*500*450mm	2 Units	Water & Detergent	3600W

Other technical specifications of this industrial ultrasonic cleaning equipment can be customized according to specific requirements.

Benefits

- The Industrial Ultrasonic Cleaner offers numerous benefits to industrial users:
- Efficient and effective cleaning of various parts and components
  - Reduces manual labor and saves time
  - Improves productivity and reduces downtime
  - Extends the lifespan of industrial equipment
  - Easy to operate and maintain
  - Customizable to suit specific cleaning needs

Conclusion

The Industrial Ultrasonic Cleaner is an essential tool for any industrial setting that requires thorough and efficient cleaning of parts and components. With its high-quality materials, powerful ultrasonic output, and customizable features, it ensures that industrial equipment remains in top condition for optimal performance and longevity.

Invest in the Industrial Ultrasonic Cleaner today and experience the benefits of a reliable and high-performance industrial cleaning solution.

Features:

- Product Name: Industrial Ultrasonic Cleaner
- Tank Material: SUS 304/316
- Capacity: JP-2072GH
- Drainage: Yes
- Cleaning Basket: SUS 304
- Heating: Yes
- Immerse cleaning
- Large Scale Ultrasonic Cleaner
- Car Engine Parts Cleaning Machine
- High Power Ultrasonic Cleaner

Technical Parameters:

Item	Description
Function	Ultrasonic Cleaning + Rinsing

Tank Material	SUS 304/316
Heating	Yes
Certification	CE FC PSE ROHS ISO
Ultrasonic Power	3600W
Capacity	JP-2072GH
Timer	1-99 Hours
Drainage	Yes
Manufacturing Time	About 25 Days
Tank Size	600*500*450mm

## Applications:

Industrial Ultrasonic Cleaner - Skymen JP-2072GH

The Industrial Ultrasonic Cleaner is a powerful and efficient cleaning machine designed for heavy duty use. Manufactured by Skymen, a leading brand in the cleaning industry, this model - JP-2072GH is known for its superior performance and reliability. This state-of-the-art ultrasonic cleaner is designed and produced in China, adhering to the highest quality standards. It has been certified with CE, FC, PSE, ISO, REACH, ROHS, and PAHS, making it suitable for use in various industries.

### Application

The Skymen JP-2072GH Industrial Ultrasonic Cleaner is ideal for cleaning a wide range of parts and components used in various industries, such as automotive, aerospace, electronics, medical, jewelry, and more. Its high-power ultrasonic waves can effectively remove dirt, grease, oil, and other contaminants from the surface of objects, leaving them thoroughly cleaned and sanitized.

### Product Features

**Cleaning Mode:** This ultrasonic cleaner uses both water and detergent for a more thorough cleaning. It is designed to achieve optimal results in the shortest time possible.

**Heating:** The JP-2072GH model comes with a heating function, which helps to improve the cleaning efficiency and can be adjusted to a temperature of up to 80°C.

**Function:** The main function of this ultrasonic cleaner is to clean objects using ultrasonic waves, but it also has a rinsing function to remove any remaining detergent or residue from the surface of the object.

**Tank Size:** The tank size of this model is 600\*500\*450mm, making it suitable for cleaning larger and bulkier objects.

**Manufacturing Time:** The manufacturing time for this product is about 25 days, ensuring that each unit is carefully inspected and tested before being shipped to the customer.

### Usage Scenario

Let's take an example of an automotive repair shop. The Skymen JP-2072GH Industrial Ultrasonic Cleaner is an essential tool for this business. It can effectively clean a range of car engine parts, such as pistons, valves, and carburetors, removing any accumulated dirt, oil, or grime. This results in improved engine performance and longer lifespan of the parts. The automatic frequency chasing ultrasound cleaning function ensures that even the tiniest crevices and corners are cleaned thoroughly, leaving the parts spotless and ready for use. The heating function also helps to remove stubborn contaminants, making the cleaning process quicker and more efficient.

### Ordering and Delivery

The Skymen JP-2072GH Industrial Ultrasonic Cleaner has a minimum order quantity of 1 unit, and the price is \$4000, making it an affordable option for businesses of all sizes. The packaging details include a sturdy wooden box to ensure the safe delivery of the product to its destination. The delivery time is between 10-25 days, depending on the location of the customer. The payment terms are EXW, and the supply ability is 5000pcs per month, ensuring a steady supply of this popular model.

### Conclusion

The Skymen JP-2072GH Industrial Ultrasonic Cleaner is a top-of-the-line product with advanced features and a strong reputation in the market. Its versatile application, efficient cleaning, and reliable performance make it a valuable asset for any industry that requires thorough and high-quality cleaning. With its affordable price and quick delivery, this product is a must-have for businesses looking to improve their cleaning process and maintain high standards of hygiene and cleanliness.

## Customization:

Industrial Ultrasonic Cleaner Customization Service

Brand Name: Skymen

Model Number: JP-2072GH

Place of Origin: China

Certification: CE, FC, PSE, ISO, REACH, ROHS, PAHS

Minimum Order Quantity: 1

Price: \$4000

Packaging Details: Wooden Box

Delivery Time: 10-25 days

Payment Terms: EXW

Supply Ability: 5000pcs/month

### Product Description

The Industrial Ultrasonic Cleaner by Skymen, model number JP-2072GH, is a high power ultrasonic cleaning equipment designed for industrial use. It is manufactured in China and has various certifications including CE, FC, PSE, ISO, REACH, ROHS, and PAHS. The minimum order quantity for this product is 1 and the price is \$4000.

### Customization Options

At Skymen, we understand that each industrial cleaning project has unique requirements. That's why we offer customization services for our Industrial Ultrasonic Cleaner. Our customization options include the following:

**Cleaning Mode:** We offer the option of using water and detergent for cleaning, depending on the specific needs of your project.

Manufacturing Time: Our standard manufacturing time is about 25 days, but we can work with you to expedite this process if needed.  
Function: Our Ultrasonic Cleaning System is designed to not only clean, but also rinse your items for a thorough and efficient cleaning process.

Heating: For tougher cleaning jobs, we offer the option of adding heating to the system for improved cleaning results.

Cleaning Basket: Our Ultrasonic Cleaner comes with a SUS 304 cleaning basket to hold and protect your items during the cleaning process.

With our wide range of customization options, you can be sure that our Industrial Ultrasonic Cleaner will meet your specific cleaning needs.

#### Ordering Process

To order our Industrial Ultrasonic Cleaner, simply contact us with your customization requests and we will provide you with a quote and delivery timeline. Our supply ability is 5000pcs/month, ensuring that we can meet your order requirements in a timely manner.

Experience efficient and thorough cleaning with our Industrial Ultrasonic System by Skymen. Contact us today to learn more about our customization services and place your order.

## Packing and Shipping:

### Industrial Ultrasonic Cleaner Packaging and Shipping

Our Industrial Ultrasonic Cleaner is packaged and shipped with the utmost care to ensure its safe arrival and use.

#### Packaging

Each Industrial Ultrasonic Cleaner is packaged in a sturdy and durable cardboard box to prevent any damage during transportation. The box is also lined with protective foam and bubble wrap to provide extra cushioning and protection.

In addition, each individual part of the cleaner is carefully wrapped and placed in its designated spot within the box to prevent any movement and potential damage.

We also include an instruction manual and warranty information within the package to ensure our customers have all the necessary information for using and maintaining their ultrasonic cleaner.

#### Shipping

Our Industrial Ultrasonic Cleaner is shipped using reliable and reputable carriers to ensure timely and safe delivery. We offer both domestic and international shipping options to accommodate our customers worldwide.

Each package is tracked and insured to provide peace of mind for our customers. We also offer expedited shipping options for those who need their cleaner as soon as possible.

Our shipping process is streamlined and efficient to ensure our customers receive their Industrial Ultrasonic Cleaner in a timely and hassle-free manner.

Thank you for choosing our Industrial Ultrasonic Cleaner. We are confident that our packaging and shipping process will meet your expectations and ensure the safe delivery of your product.
