Basic Information

- Place of Origin: China
- Brand Name: Sky men
- Certification: CE FC PSE ISO REACH ROHS PAHS
- Model Number: JP-2072GH
- Minimum Order Quantity: 1
- Price: \$4000
- Packaging Details: WOODEN BOX
- Delivery Time: 10-25 days
- Payment Terms: EXW
- Supply Ability: 5000pcs/month

Product Specification

- Heating Power: 4500*2
- Tank Size: 600*500*450mm
- Heating: Yes
- Temperature: 1-90 Degree
- Cleaning Mode: Water & Detergent
- Manufacturing Time: About 25 Days
- Overall Dimension: 1200*1100*1000mm
- Weight: 300KG
- Highlight: **28/40KHZ Large Scale Ultrasonic Cleaner , Precision Cleaning Large Scale Ultrasonic Cleaner**

Product Description

Product Description:

Industrial Ultrasonic Cleaner - JP-2072GH

The Industrial Ultrasonic Cleaner JP-2072GH is a high power ultrasonic cleaning equipment designed for efficient and effective cleaning of car engine parts. With its powerful ultrasonic cleaning technology and multiple cleaning modes, it is capable of removing even the toughest oil pollution.

Function: Ultrasonic Cleaning + Rinsing

The JP-2072GH is equipped with both ultrasonic cleaning and rinsing functions, making it a versatile and comprehensive cleaning machine. The ultrasonic cleaning function uses high frequency sound waves to create millions of tiny bubbles in the cleaning solution, which effectively remove dirt, oil, and other contaminants from the surface of the car engine parts. The rinsing function ensures that any remaining residue or cleaning solution is thoroughly removed, leaving the parts clean and ready for use.

Heating: Yes

The JP-2072GH also comes with a heating function, allowing the cleaning solution to be heated up to a maximum temperature of 80°C. This helps to enhance the cleaning process by softening and loosening tough oil and grease, resulting in a more thorough and efficient cleaning.

Tank Size: 600*500*450mm

The JP-2072GH has a spacious tank size of 600*500*450mm, making it suitable for cleaning larger car engine parts. The size of the tank also ensures that multiple parts can be cleaned at the same time, increasing productivity and efficiency.

Heating Power: 4500*2

The heating power of the JP-2072GH is 4500*2, which means that it has two heating elements with a power output of 4500 watts each. This high heating power allows the cleaning solution to reach the desired temperature quickly and maintain it consistently throughout the cleaning process.

Capacity: JP-2072GH

The JP-2072GH has a capacity of 72 liters, making it suitable for cleaning a large number of car engine parts in one go. Its high capacity also makes it ideal for industrial use, where large quantities of parts need to be cleaned regularly.

Key Features:

Powerful ultrasonic cleaning technology

Multiple cleaning modes

Spacious tank size

High heating power

Large capacity

Suitable for industrial use

Overall, the Industrial Ultrasonic Cleaner JP-2072GH is a reliable and efficient car engine parts cleaning machine that can effectively remove oil pollution and other contaminants. Its high power and multiple cleaning modes make it a valuable addition to any industrial cleaning equipment lineup.

Features:

Product Name: Industrial Ultrasonic Cleaner

Tank Size: 600*500*450mm

Manufacturing time: About 25 Days

Heating power: 4500*2

Ultrasonic Power: 3600W

Drainage: Yes

Car Engine Parts Cleaning Machine

Ultrasonic Cleaning Equipment

Industrial Grade Ultrasonic Cleaner

Technical Parameters:

Product Name	Industrial Ultrasonic Cleaner
Model Number	ICU-001
Product Type	Industrial Cleaning Ultrasonic System

Function	Ultrasonic Cleaning + Rinsing
Cleaning Basket Material	SUS 304
Drainage	Yes
Frequency	28/40KHZ Optional
Heating	Yes
External Generator	2 Units
Tank Material	SUS 304/316
Cleaning Mode	Water & Detergent
Heating Power	4500*2
Temperature	1-90 Degree
Product Description	Industrial Grade Ultrasonic Cleaner, perfect for deep cleaning of various industrial equipment and parts. Comes with a SUS 304 cleaning basket and the option for 28/40KHZ frequency. Features a drainage system, external generator, and heating function for efficient and thorough cleaning. Made with durable SUS 304/316 tank material and can be used with water and detergent for optimal cleaning results. Temperature can be adjusted from 1 to 90 degrees for different cleaning requirements.

Applications:

Industrial Ultrasonic Cleaner - Skymen JP-2072GH

Brand Name: Skymen

Model Number: JP-2072GH

Place of Origin: China

Certification: CE FC PSE ROHS ISO

Minimum Order Quantity: 1

Price: \$4000

Packaging Details: WOODEN BOX

Delivery Time: 10-25 days

Payment Terms: EXW

Supply Ability: 5000pcs/month

Industrial Grade Ultrasonic Cleaner

The Skymen JP-2072GH is an industrial grade ultrasonic cleaner designed for heavy-duty cleaning. It is perfect for removing tough dirt, grease, and contaminants from various objects, making it an essential tool in many industries.

Car Engine Parts Cleaning Machine

The JP-2072GH is specifically designed for cleaning car engine parts. Its powerful ultrasonic waves can easily penetrate into the small crevices and holes of the engine parts, effectively removing any dirt and grime. This helps improve the performance and longevity of the engine.

Advanced Ultrasonic Cleaning System

This industrial ultrasonic cleaner features advanced technology that ensures thorough and efficient cleaning. It uses both water and detergent to create powerful ultrasonic waves, which can reach every nook and cranny of the object being cleaned. The result is a deep and thorough clean, without the need for harsh chemicals or manual scrubbing.

Perfect for Various Applications

The Skymen JP-2072GH is perfect for various applications, such as in automotive, manufacturing, medical, and electronics industries. It can clean a wide range of objects, from small engine parts to large industrial equipment.

Durable and Reliable

Made with high-quality SUS 304/316 stainless steel, the tank of the JP-2072GH is durable and resistant to corrosion. It also comes with a cleaning basket made of the same material, to ensure that the objects being cleaned are held securely and protected from damage.

Easy to Use and Maintain

The JP-2072GH is designed for easy operation and maintenance. It has a user-friendly control panel and comes with detailed instructions for proper use and maintenance. It also has a drain valve for easy disposal of used cleaning solution.

In conclusion, the Skymen JP-2072GH Industrial Ultrasonic Cleaner is a top-of-the-line cleaning machine that offers efficient and reliable cleaning for various industries. With its advanced technology, durability, and ease of use, it is an essential tool for any business looking to improve their cleaning process and maintain high levels of cleanliness and hygiene.

Specialized in DPF ultrasonic cleaning

Industrial Sonic Cleaning Device

Packing and Shipping:

Packaging and Shipping

The Industrial Ultrasonic Cleaner comes with safe and secure packaging to ensure the product arrives in perfect condition. It is packaged in a sturdy cardboard box with foam inserts to protect the cleaner from any damage during shipping.

Each unit is also wrapped in a protective plastic bag to prevent any scratches or scuffs. The packaging is designed to be compact and lightweight, making it easy to handle and transport.

For shipping, we use reliable and trusted courier services to ensure timely delivery to our customers. The shipping cost will be calculated based on the destination and weight of the package.

Upon receiving the product, please inspect the packaging for any signs of damage. If you notice any, please contact us immediately for assistance.

We also offer the option of customized packaging with your company logo and branding for bulk orders. Please contact us for further information and pricing.

We strive to provide the best possible packaging and shipping service to ensure that our customers receive their Industrial Ultrasonic Cleaners in perfect condition and on time.

FAQ:

Q: What is the brand of this product?

A: The brand name of this product is Skymen.

Q: What is the model number of this product?

A: The model number of this product is JP-2072GH.

Q: Where is this product manufactured?

A: This product is manufactured in China.

Q: What certifications does this product have?

A: This product is certified with CE, FC, PSE, ISO, REACH, ROHS, and PAHS.

Q: What is the minimum order quantity for this product?

A: The minimum order quantity for this product is 1.

Q: What is the price of this product?

A: The price of this product is \$4000.

Q: How is this product packaged?

A: This product is packaged in a wooden box.

Q: What is the delivery time for this product?

A: The delivery time for this product is 10-25 days.

Q: What are the payment terms for this product?

A: The payment terms for this product are EXW.

Q: What is the supply ability for this product?

A: The supply ability for this product is 5000pcs/month.
