

360L Industrial Ultrasonic Cleaner with Adjustable Temperature Control and Stainless Steel Basket

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Skymen
- Certification: CE FC PSE ISO REACH ROHS PAHS
- Model Number: JP-720ST
- Minimum Order Quantity: 1
- Price: \$4000
- Packaging Details: WOODEN BOX
- Delivery Time: 10-25 days
- Payment Terms: EXW
- Supply Ability: 5000pcs/month

Product Specification

- Tank Size: 1000*600*600
- Model: JP-720ST
- Heating Power: 9000W
- Heater: 20-95°C Adjustable
- Ultrasonic Power: 3600W
- Sus Basket: Stainless Steel Basket
- Capacity: 360L
- Warranty: 1 Year
- Highlight: **Adjustable Temperature Control Industrial Ultrasonic Cleaner**
, **Stainless Steel Basket Industrial Ultrasonic Cleaner**
, **360L Industrial Ultrasonic Cleaner**

Product Description

Product Description:

The JP-720ST model is designed for heavy-duty use and is capable of cleaning a wide range of items, including car engine parts, industrial equipment, and more. The tank size of 1000*600*600 provides ample space for even the largest parts and ensures thorough cleaning with every use.

With its powerful ultrasonic cleaning technology, this large scale ultrasonic cleaner is capable of removing even the toughest dirt and grime, leaving your equipment looking like new. Whether you're looking to clean car engine parts or other industrial equipment, the Industrial Ultrasonic Cleaner is the perfect solution.

In addition to its powerful cleaning capabilities, this ultrasonic cleaner also comes with a 1-year warranty, ensuring that you can rely on it for years to come. So if you're looking for a reliable, effective, and durable cleaning solution for your car engine parts cleaning machine or other industrial equipment, the Industrial Ultrasonic Cleaner is the perfect choice.

Applications:

The Skymen JP-720ST Industrial Ultrasonic Cleaner is equipped with a heater that can be adjusted to temperatures ranging from 20-95°C, making it suitable for use in cleaning processes that require higher temperatures. Its stainless steel basket provides a sturdy support for the parts being cleaned, ensuring that they are cleaned thoroughly. The JP-720ST is certified by CE, Rohs, ISO9001, and other international standards, making it a dependable and safe cleaning equipment.

The Skymen JP-720ST Industrial Ultrasonic Cleaner is a reliable solution for cleaning DPF (Diesel Particulate Filters) and other industrial parts. Its ultrasonic cleaning technology uses high frequency sound waves to remove contaminants and impurities from surfaces, ensuring that parts are thoroughly cleaned. The JP-720ST is suitable for use in various industrial cleaning applications, such as in automotive workshops, manufacturing plants, and other industrial facilities.

The Skymen JP-720ST Industrial Ultrasonic Cleaner is packaged in a sturdy wooden box, ensuring that it is protected during transportation. Its delivery time is 10-25 days from the time of order, and it is available for a minimum order quantity of 1 unit. Its price is \$4000, making it a cost-effective solution for various industrial cleaning needs. The JP-720ST has a supply ability of 5000pcs/month, ensuring that it is readily available to meet the demands of various industrial cleaning applications.

Overall, the Skymen JP-720ST Industrial Ultrasonic Cleaner is a dependable and cost-effective solution for various industrial cleaning needs. Its heavy duty ultrasonic cleaning technology, adjustable heater, and large capacity make it suitable for cleaning large parts and components in various industries. With its certifications and international standards, the JP-720ST is a safe and reliable cleaning equipment that is sure to meet the demands of various industrial cleaning applications.

Customization:
