

264L Industrial Ultrasonic Cleaner with 28kHz / 40kHz Frequency and SUS304 Stainless Steel Tank

Our Product Introduction

for more products please visit us on skymenultrasonic.com

Basic Information

- Certification: CE, RoHS
- Minimum Order Quantity: 1
- Price: 2850

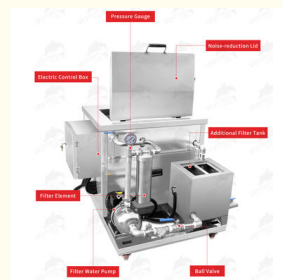

Product Specification

- Model NO.: JP-600G
- Automation: Semi-automatic
- Ultrasonic Power: 0-3000W
- Heating Power: 9000W
- Frequency: 28kHz / 40kHz
- Timer: 1-99hours
- Heater: 20-95 Celsius
- Material: SUS304/ SUS316
- Tank Size: 800*600*550mm
- Unit Size: 1060*1400*950mm
- Caster: 4PCS Lockable
- Generator: External
- Oil Skimmer: Filtration System, Attached Tank, Pump, Filter
- Isolated Lid: Yes

Product Description

SKYMEN ULTRA SONIC CLEANER 264L 28KHZ 40KHZ ULTRASONIC DIESEL ENGINE PARTS CLEANING MACHINE

KEY FEATURES

- Constructed with high-grade stainless steel (SUS304 or SUS316)
- Adjustable power control with intuitive clockwise adjustment
- LED display for precise timer and heater settings
- Includes stainless steel washing basket and lid
- Full-open lid design simplifies water filling and drainage
- Equipped with drainage valve for efficient dirty water discharge
- Advanced ultrasonic cleaning solutions effectively remove oils, residues, solvents, pastes, and other contaminants
- Ensures thorough cleaning even in hard-to-reach crevasses and internal bores

TECHNICAL SPECIFICATIONS

Ultrasonic Frequency	28,000 Hz
Material	Stainless Steel SUS304 OR SUS316
Tank Capacity	264 L
Timer	1~99min adjustable
Heater	20°C to 95°C adjustable
Machine Voltage	AC220-240V single phase
Generator Voltage	240V single phase
Ultrasonic Power	3000W
Heating Power	9000 W
Generator	1 pcs External
Washing Basket	1 pc
Caster	4 pcs
Drainage	Include
Cover	Include
Oil Skimmer	Filtration system with attached tank, pump, and filter

CUSTOMIZATION OPTIONS

We offer customized machines with additional functions including:

- PLC integration
- Lifting mechanisms
- Spraying systems
- Condensation units
- Bubbling, agitation, filtration, throwing, and drying capabilities

COMPANY PROFILE

Skymen Cleaning Equipment Shenzhen Co., Ltd., founded in 2007, specializes in ultrasonic cleaning technology.

Established a Hong Kong branch in 2009, Skymen expanded its operations with a factory in Shenzhen dedicated to R&D and manufacturing of ultrasonic cleaners.

With a 5000 square meter factory, independent sales office (1600 square meters), and warehouse (1000 square meters), Skymen has

grown into a leading provider of ultrasonic cleaning solutions.
Production capacity includes 30,000 units/month for household ultrasonic cleaners and 10,000 units/month for stainless steel ultrasonic cleaners.

WHY CHOOSE SKYMEN?

- Built-in frequency scanning function for effective cleaning of dead angles
- High ultrasound power with low noise operation
- Adjustable power settings (20%-100%) for versatile cleaning applications
- Heating function enhances cleaning agent activity and improves cleaning efficiency
- Constructed with imported components and high-grade stainless steel for durability
- Multiple ultrasonic vibration methods (bottom, side, multifaceted vibrating) for diverse cleaning needs
- Over 10 years of industry experience in ultrasonic cleaning technology
- Professional team for design, research, and development of ultrasonic cleaners
- High efficiency and low failure rate for reliable performance
- Preferred by major domestic manufacturers for various cleaning applications
- Competitive pricing without compromising on quality
