

100L Industrial Ultrasonic Cleaner with 28kHz/40kHz Frequency for Precision Cleaning and Semi-automatic Operation

Our Product Introduction

for more products please visit us on skymenultrasonic.com

Basic Information

- Certification: CE, RoHS
- Minimum Order Quantity: 1
- Price: 1250

Product Specification

- Model NO.: JP-300ST
- Ultrasonic Power: 0-1500W
- Heating Power: 4500W
- Frequency: 28kHz / 40kHz
- Timer: 1-99min
- Heater: 20-95 Celsius
- Material: SUS304/ SUS316
- Tank Size: 550*450*400mm
- Unit Size: 820*675*830mm
- Caster: 4PCS Lockable
- Generator: Internal
- Isolated Lid: Yes
- Basket: 1PC
- Valves: Yes
- Machine Voltage: AC220-240V Single Phase

100L Industrial Ultrasonic Cleaner DPF Cleaning

Product Description

The 100L Industrial Ultrasonic Cleaner is designed for efficient DPF cleaning with advanced features for industrial applications.

Key Features

- Constructed with high-quality stainless steel SUS304
- Adjustable power with clockwise control and LED display for timer and heater settings
- Includes stainless steel washing basket and lid
- Full-open lid design for easy water filling with drainage valve for dirty water discharge
- Ultrasonic cleaning solutions effectively penetrate various soil types including oils, residues, solvents, and chemicals

Technical Specifications

Specification	Details
Ultrasonic Frequency	28,000 Hz / 40,000Hz
Material	Stainless Steel SUS304 OR SUS316
Tank Capacity	99L
Timer	1~99min adjustable
Heater	20°C to 95°C adjustable
Machine Voltage	AC220-240V single phase
Generator Voltage	240V single phase
Ultrasonic Power	1500W
Heating Power	4500 W
Generator	Internal
Washing Basket	1 pc
Caster	4 pcs
Drainage	Included
Cover	Included

Customization Options

We welcome customized machine requests with additional functions including:

- PLC Control Systems
- Lifting Mechanisms
- Spraying Systems
- Condensation Features

Bubbling Technology

Agitation Systems

Filtration Options

Throwing Capabilities

Drying Functions

Company Profile

Skymen Cleaning Equipment Shenzhen Co., Ltd., founded in 2007, specializes in ultrasonic cleaning technology. With a Hong Kong branch established in 2009 and a Shenzhen factory for R&D and manufacturing, we produce a wide range of ultrasonic cleaners for various applications.

Our facilities include:

- 5000 square meter factory
- 1600 square meter independent sales office
- 1000 square meter warehouse

Production capacity:

- 30,000 units/month for household ultrasonic cleaners
- 10,000 units/month for stainless steel ultrasonic cleaners

Skymen Cleaning Equipment Factory Overview

Why Choose Skymen?

- Built-in frequency scanning function for effective cleaning of dead angles
- High ultrasound power with low noise operation
- Adjustable power from 20%-100%
- Heating system to enhance cleaning agent effectiveness
- Uses imported components and durable stainless steel construction
- Multiple ultrasonic vibration methods for different cleaning situations
- Over 10 years of industry experience
- Professional R&D team for specialized cleaner designs
- High efficiency with low failure rates
- Trusted by major domestic manufacturers
- Reliable quality at competitive prices
