

## 40000 Hz SUS304 Tank 360L Capacity Industrial Ultrasonic Cleaner for Engine Cylinder Block with Recycling Filter

Our Product Introduction

for more products please visit us on [skymenultrasonic.com](http://skymenultrasonic.com)

### Basic Information

- Certification: CE, RoHS
- Minimum Order Quantity: 1

### Product Specification

- Model NO.: JP-720ST
- Automation: Semi-automatic
- Ultrasonic Frequency: 40000 Hz
- Tank Material: SUS304
- Capacity: 360L
- Ultrasonic Power: 900~3600W
- Time Control: 1-99 Minutes
- Temp Control: 20~80
- Heating Power: 9000W
- Net Weight: 157kg
- Tank Size: 1000X600X600mm
- Machine Dimension: 1250\*1220\*830mm
- Power Requirement: AC 380V/415V, 3 ; 50/60Hz
- Generator Power: AC 220V, 1
- Gross Weight: 358.0KG

**Product Specifications**

| Specification                     | Details                                |
|-----------------------------------|--|
| Tank Size                         | 1000 × 600 × 600 mm (L×W×H)            |
| Max Capacity                      | 360L                                   |
| Tank Material                     | 2mm SUS304                             |
| Housing Material                  | Stainless steel                        |
| Ultrasonic Frequency              | 28kHz/40KHz                            |
| Ultrasonic Transducer Numbers     | 72pcs                                  |
| Electronic Generator              | 2 units KG1800                         |
| Ultrasonic Power                  | 3600W                                  |
| Heater's (Hot Plate) Power        | 9000W                                  |
| Heating Temperature               | 20~80°C adjustable                     |
| Timer Control                     | 1-99 hours adjustable                  |
| Power Requirement (Cleaning Tank) | AC 380V/415V, 3; 50/60Hz               |
| Power Requirement (Generator)     | AC 220V, 1                             |
| Included Accessories              | Basket, lid, frame, wheel (with brake) |
| Optional Features                 | Oil filter system                      |
| Machine Dimensions                | 1250 × 1220 × 830mm                    |
| Packaging                         | Wooden case: 1370 × 1310 × 1125mm      |
| Net Weight                        | 297.0KG                                |
| Gross Weight                      | 358.0KG                                |
| Certifications                    | ISO9001:2008 & CE & RoHS               |
| HS Code                           | 8479899990                             |

**About Skymen Cleaning Equipment**

**Skymen Cleaning Equipment Shenzhen Co. Ltd.** has specialized in ultrasonic cleaning technology for over 8 years. Our product range includes:

- Mini household ultrasonic cleaners
- Benchtop stainless steel small ultrasonic cleaners

Industrial large tank ultrasonic cleaners

Immersible ultrasonic transducer systems

We maintain a strong commitment to research and development with dedicated engineering teams. We welcome customer collaboration and are open to developing new products based on client requirements.
