

## 40000 Hz Ultrasonic Cleaning Machine with SUS304 Tank and 360L Capacity for Industrial Ultrasonic Cleaning

Our Product Introduction

for more products please visit us on [skymenultrasonic.com](http://skymenultrasonic.com)

### Basic Information

- Certification: CE, RoHS
- Minimum Order Quantity: 1

### Product Specification

- Automation: Semi-automatic
- Cleaning Precision: Ultra-Precision Industrial Cleaning
- Control: CNC
- Ultrasonic Frequency: 40000 Hz
- Tank Material: SUS304
- Capacity: 360L
- Ultrasonic Power: 900~3600W
- Time Control: 1~99 Minutes
- Temp Control: 20~80
- Heating Power: 12000W
- Net Weight: 140kg
- Gross Weight: 140 Kg
- Tank Size: 1000X600X600
- Frequency: 28,000Hz
- Power Adjustable: 40%-100%

## Strong Power Motorcycle Engine Ultrasonic Cleaning Machine

### Applications

This high-performance ultrasonic cleaning machine is designed for motorcycle repair shops and engine restoration projects, effectively removing contaminants like carbon, dust, rust, and oil from engine components.

**Motorcycle Repair Shop Use:** Ideal for cleaning engine blocks, parts, fuel injectors, carburetors, and spark plugs with large capacity for batch processing.

**Engine Restoration:** Perfect for rebuilding projects to thoroughly clean old engine blocks and components.

### Why Choose Ultrasonic Cleaning

Our ultrasonic cleaning system uses high-frequency sound waves to create microscopic bubbles that implode with tremendous force, removing contaminants from even the most intricate parts without damage.

Penetrates cracks and crevices unreachable by manual cleaning

Uses biodegradable, concentrated cleaning solutions

Complete cleaning cycle includes rinsing and drying

### Technical Specifications

<b>Model</b>	JTS-1072 (digital, power adjustable)
<b>Ultrasonic Power</b>	1440W~3600W
<b>Heating Power</b>	12KW
<b>Timer</b>	1~99min adjustable
<b>Heater Temperature</b>	20~80°C adjustable
<b>Frequency</b>	28,000Hz
<b>Tank Capacity</b>	400L
<b>Power Adjustment</b>	40%-100%

### Certifications: CE, RoHS

**Skymen Cleaning Equipment Shenzhen Co., Ltd.** has specialized in ultrasonic cleaning technology for over 7 years. As a leading manufacturer with integrated R&D, production, and sales capabilities, we offer:

- High-quality ultrasonic cleaners in various capacities
- Custom designs for non-standard requirements
- Professional engineering support and drawings
- Comprehensive after-sales service

We welcome factory visits and business negotiations.

**Important:** Available in AC110V (single phase) and AC220V/380V (three phase) configurations. Please specify your voltage requirements when ordering.
