

## 53L Capacity SUS304 Material 900W Ultrasonic Power Industrial Ultrasonic Cleaner for Metal Parts

### Basic Information

- Certification: CE, RoHS
- Minimum Order Quantity: 2
- Price: 750

### Product Specification

- Model NO.: JP-180ST
- Tank Size: 500\*350\*300mm
- Ultrasonic Power: 900W
- Capacity: 53 L
- Frequency: 28kHz/40kHz
- Material: SUS304
- Heating Power: 1500W
- Specification: 735\*500\*695mm
- Input Voltage: AC110V-120V/60Hz, AC220V-240V/50Hz
- Timer: 1-99 Minutes Adjustable
- Tank Material: SUS304/sus316
- Tank Dimensions: 500\*300\*250mm
- Control Type: PLC
- Cleaning Principle: Physical Cleaning
- Ultrasonic Adjustability: 0-40% Adjustable

## Product Description

### 53L Single Tank Ultrasonic Cleaner for Metal Parts Cleaning

53L SUS 304 Tank industrial ultrasonic cleaner designed for efficient metal parts cleaning.

#### Specifications

Capacity	53L
Input voltage	AC110V-120V/60Hz AC220V-240V/50Hz
Ultrasonic power	900W (0-40% adjustable)
Heating power	1500W
Frequency	28KHz/40KHz
Timer	1-99 minutes adjustable
Material	SUS304/sus316
Tank size	500*300*250mm

#### Key Features

- Stainless steel tank offers superior wear resistance and long service life
- 53-liter capacity with digital timer and heater control
- Includes stainless steel basket for convenient part handling
- Works with tap water, industrial alcohol, or solvent cleaners for various cleaning requirements
- Industrial-grade control chip and flexible circuit boards ensure secure, stable operation
- Equipped with drainage system, lid, basket, and multi-directional castors
- High-quality Korean transducers
- Custom PCB board designed and produced by Skymen
- Proven generator technology used by thousands of customers in USA and Europe
- CNP brand circulation pump (industry-leading quality)

  

#### Warranty Information

1 year comprehensive warranty. During warranty period, replacement parts will be provided free of charge for any technical issues. Technical support remains available after warranty expiration.
