

## Skymen 1500L Jp-1216g Super Power with Filtration Industrial Ultrasonic Cleaner Boilers

Our Product Introduction

for more products please visit us on [skymenultrasonic.com](http://skymenultrasonic.com)

### Basic Information

- Certification: CE, RoHS, FCC
- Minimum Order Quantity: 1
- Price: 11320

### Product Specification

- Model NO.: JP-1216G
- Cleaning Media: Wet Cleaning
- Automation: Semi-automatic
- Cleaning Precision: Ultra-Precision Industrial Cleaning
- Control: CNC
- Frequency: 40kHz/28kHz
- Power: 0-10800W
- Heating Power: 36000W
- Net Weight: 1100kg
- Gross Weight: 1200kg
- Capacity: 1500L
- Tank Size: 1500\*1000\*1000mm
- Unit Size: 1900\*1450\*1500mm
- Material: Stainless Steel SUS304
- Temperature Range: 20°C To 95°C

## Product Description

### Skymen 1500L JP-1216G Super Power Industrial Ultrasonic Cleaner with Filtration

#### Key Features

- Super high power up to 10800W with adjustable power output (0-10800W) for customized cleaning strength
- Advanced dual-stage filtration system: Primary filtration removes large sediment particles, suspended and floating matter; secondary fine filtration eliminates small particles for improved efficiency and cost savings
- Durable stainless steel SUS304 construction with stainless steel basket for wear resistance and long service life
- Large 1500L (396 gallon) tank capacity with digital timer and heater control
- Compatible with tap water, industrial alcohol, and solvent cleaners for various cleaning requirements
- Industrial-grade control chip microcontroller with flexible circuit boards for secure and stable operation
- Adjustable temperature range from 20°C to 95°C
- Dual frequency selection: 28KHz/40KHz
- Programmable timer from 0-99 hours

#### Industrial Applications

Professionally designed for automotive workshops, diesel repair shops, plating factories, electronics manufacturing, molding facilities, tattoo studios, scientific and biochemical laboratories, hospitals, dental clinics, jewelry stores, antique shops, golf clubs, and more.

#### Technical Specifications

<b>Material</b>	Stainless Steel SUS304
<b>Timer</b>	1-30 minutes, digital timer
<b>Power Supply</b>	AC 100-120V, 50/60Hz AC 220-240V, 50/60Hz

#### Packing & Delivery

#### Company Profile

Skymen Cleaning Equipment Shenzhen Co. Ltd. has specialized in ultrasonic cleaning technology for over 13 years. Our comprehensive product range includes mini household ultrasonic cleaners, benchtop stainless steel units, industrial large tank systems, and immersible ultrasonic transducer systems. With dedicated research and development teams, we collaborate with customers to develop innovative cleaning solutions.

#### Frequently Asked Questions

##### How about after sales services?

12 months warranty for SKYMEN ultrasonic cleaners. Any technical problems during warranty period include free replacement parts delivered to your location. Technical support continues beyond the first year.

##### What are advantages of ultrasound over traditional cleaning methods?

- Minimizes manual labor requirements
- Enables cleaning and degreasing without organic solvents
- Reaches every area of products and removes all types of dirt
- Accelerates processes like extraction, dispersion, purification, and chemical reactions
- Eliminates costly mechanical and chemical cleaning of heat exchangers

##### Will ultrasonic cleaning damage item's parts?

Ultrasonic cleaning is considered safe for most components. In specific cases, careful observation is recommended. While the effect of

thousands of implosions per second is powerful, the cleaning process remains safe for appropriate applications.
