

## 40kHz Hot-Sale Ultrasonic Carburetor Cleaner for Washing Auto Filter Parts Oil

Our Product Introduction

for more products please visit us on [skymenultrasonic.com](http://skymenultrasonic.com)

### Basic Information

- Certification: CE, RoHS, ISO9001
- Minimum Order Quantity: 1
- Price: 2520

### Product Specification

- Model NO.: JP-480G
- Tank Size: 700\*500\*500 Mm
- Capacity: 175L
- Timer: 1-99hours
- Optional Frequency: 40kHz/28kHz
- Transducer: 48
- Ultrasonic Power: 2400W
- Heating Power: 6000W
- Material: Stainless Steel SUS304/SUS316
- N.W/G.W: 240kg/270kg
- Heater: 20-95 Adjustable
- Specification: 780\*1050\*805mm
- Machine Voltage: 380V 3 Phase
- Generator Voltage: AC 110V/220V
- Cleaning Precision: Ultra-Precision Industrial Cleaning

## Product Description

### JP-480G Ultrasonic Carburetor Cleaner

Professional 40kHz ultrasonic cleaning system designed for automotive parts, filters, and industrial components. This high-performance cleaner efficiently removes oils, residues, and contaminants from complex surfaces.

### Technical Specifications

Model No.	JP-480G
Ultrasonic Frequency	28,000 Hz / 40,000 Hz optional, or dual frequency
Material	Stainless Steel SUS304
Tank Capacity	175L
Timer	1~99 hours adjustable
Heater	20°C to 95°C adjustable
Machine Voltage	380V 3 phase
Generator Voltage	AC 110V/220V
Ultrasonic Power	2400W
Heating Power	6000W
Generator	1 set
Washing Basket	1 pc
Caster	4 pcs
Drainage	Included
Cover	Included
Oil Skimmer	Attached tank, pump

### Dimensions & Packaging

Tank Size	700×500×500mm (L×W×H)
Unit Size	1000×1200×1000mm (L×W×H)
Package Size	1100×1300×1150mm (L×W×H)
Net Weight / Gross Weight	240kg / 270kg
Warranty	1 year

### Key Features

- Premium Stainless Steel SUS304 construction
- Power adjustable with clockwise control, LED display for timer and heater settings
- Stainless steel washing basket and lid included
- Ultrasonic cleaning solutions penetrate virtually any soil type including oils, residues, solvents, pastes, and chemicals
- Effectively removes contaminants from surfaces, even in crevasses and internal bores

### Applications

Ideal for industrial instruments, hardware instruments, scientific laboratories, automotive parts, motors, machine tools, and more.

### Certifications

CE, ROHS, FCC, ISO9001:2008

## Professional Applications

Medical and Dental Clinics, Tattoo Shops, Scientific Labs, Golf Clubs, Jewelers, Opticians, Watchmakers, Antique Dealers, and Electronics Workshops.

## Performance Features

- 3000W ultrasonic power
- Time setting: 1-99 hours
- Temperature setting: 20-95°C
- 40 kHz frequency operation
- Perfect for cleaning electronic tools, jewelry, glasses, dental instruments
- 1-year limited warranty with free exchange for defective items

## Industrial Applications

- Removal of rust-proof grease and cleaning of measuring tools
- Oil removal and rust removal of mechanical parts
- Cleaning of engines, carburetors, automobile parts, filters, and filter mesh
- Medical equipment cleaning, disinfection, and sterilization
- Test utensils cleaning and surface preparation treatments

## How Ultrasonic Cleaning Works

Electrical energy is converted into mechanical vibrations through specialized transducers. These vibrations transfer into the fluid through stainless steel walls, creating microscopic vacuum bubbles that cause consecutive implosions (cavitation). The resulting high-energy jets efficiently remove dirt from surfaces and materials placed in the cleaning bath.

## Filtration System Benefits

The circulation filtration system effectively reduces cleaning costs, minimizes wastewater discharge, and enables sustainable recycling of cleaning water for industrial applications.

  
  
  
  
  

## About Skymen

Professional manufacturer of industrial ultrasonic cleaning equipment with extensive experience and technical expertise.

  

### Warranty & Support

- 12 months warranty for Skymen ultrasonic cleaners
- Replacement parts sent free of charge for technical issues during warranty
- Continuous technical support available

### Quality Assurance

- All machines undergo extensive testing and strict quality control procedures
- Every item meets global quality standards

### Payment Methods

T/T, Western Union, PayPal accepted

### Shipping & Logistics

DHL, EMS, and FedEx available

Tracking number provided within 2-3 work days after delivery

### Customer Service

Feedback and suggestions welcomed

Damage or shortage claims processed within 24 hours with photo evidence
