

Skymen Ultrasonic Cleaner Machine for Hardware Parts Cleaning

Our Product Introduction

for more products please visit us on skymenultrasonic.com

Basic Information

- Certification: CE, RoHS, FCC
- Minimum Order Quantity: 1
- Price: 2500

Product Specification

- Model NO.: JP-600ST
- Automation: Semi-automatic
- Ultrasonic Frequency: 28/40KHz
- Material: Stainless Steel SUS304
- Tank Capacity: 264 Liter
- Transducer: 60pcs
- Timer: 1-99Hours Adjustable
- Heater: 20°C To 95°C Adjustable
- Power Supply: AC380V, 3 Phase/50Hz
- Heating Power: 6000W
- Ultrasonic Power: 3000W
- Generator: 2pcs
- Tank Size: 800x600x550mm
- Unit Size: 1060*1400*950mm
- Packing Size: 1120*1460*1070mm

Product Description

Skymen Ultrasonic Cleaner Machine for Hardware Parts Cleaning

Technical Specifications

Ultrasonic Frequency	28/40KHz
Material	Stainless Steel SUS304
Tank Capacity	264 Liter
Transducer	60pcs
Timer	1-99 Hours adjustable
Heater	20°C to 95°C adjustable
Power Supply	AC380V, 3 phase/50Hz
Heating Power	6000W
Ultrasonic Power	3000W
Generator	2pcs
Tank Size (LxWxH)	800x600x550mm
Unit Size	1060x1400x950mm
Packing Size	1120x1460x1070mm Wooden case
Warranty	1 year

Product Overview

This industrial ultrasonic cleaner is designed for efficient hardware parts cleaning with advanced features and durable construction.

Stainless steel tank provides excellent resistance to wear and extended operational lifespan

Generous 360-liter tank capacity for handling large batches of hardware parts

Includes stainless steel basket for organized part loading and improved cleaning efficiency

Compatible with tap water, industrial alcohol, and specialized solvent cleaners for varying cleaning requirements

Advanced industrial control chip microcontroller with flexible circuit board control for enhanced security and stability

Convenient features include drainage system, basket, lid, and multi-directional castors for mobility

High-quality Korean technique transducers for reliable performance

Independent research and development of PCB board design by Skyman

Suitable for cleaning various materials including cast iron, steel, stainless steel, brass, and bronze

Frequently Asked Questions

What's the advantage of Skyman ultrasonic cleaner?

Skyemen ultrasonic cleaner provides thorough cleaning without damaging objects. It effectively removes stubborn dirt and dust from various items, making them look new again. The system is safe and easy to operate, serving as an excellent cleaning solution for industrial applications.

How often should I change the cleaning fluid in my tank?

Change the cleaning fluid whenever it becomes visibly contaminated or when the cleaning process loses effectiveness.

Why do I need to use a basket?

The basket helps organize and load multiple objects together, ensuring better cleaning coverage and results.

Can ultrasonic cleaning damage parts?

Despite the powerful cleaning action of thousands of implosions per second, the process is safe and will not damage properly handled industrial parts and components.

What about the warranty?

Skyemen ultrasonic cleaner comes with a 1-year warranty. During this period, any technical problems will be addressed with free replacement parts. Technical support remains available after the warranty period.
