

96L Skymen Jp-301st for Ultrasonic Cleaner for Cleaning Melt Blown Cloth

Our Product Introduction

for more products please visit us on skymenultrasonic.com

Basic Information

- Certification: CE, RoHS, FCC
- Minimum Order Quantity: 1
- Price: 1365

Product Specification

- Model NO.: JP-301ST
- Automation: Semi-automatic
- Cleaning Precision: General Industrial Cleaning
- Control: Button
- Principle: Chemical Cleaning
- Ultrasonic Frequency: 40KHz
- Material: Stainless Steel SUS304
- Tank Capacity: 96L
- Transducer: 30PCS
- Timer: 1-99minutes Adjustable
- Heater: 20°C To 95°C Adjustable
- Power Supply: AC220V, 1 Phase 50Hz, AC110V, 1 Phase 60Hz
- Heating Power: 3000W, Digital Heating
- Ultrasonic Power: 1500W (40%-100% Adjustable)

Product Description

96L Skymen JP-301ST Ultrasonic Cleaner for Melt Blown Cloth

Professional industrial ultrasonic cleaning system designed for thorough cleaning of melt blown cloth and various industrial components.

Technical Specifications

Parameter	Specification
Ultrasonic Frequency	40KHz
Material	Stainless Steel SUS304
Tank Capacity	96L
Transducer	30PCS
Timer	1-99 minutes adjustable
Heater	20°C to 95°C adjustable
Power Supply	AC220V, 1 phase 50Hz / AC110V, 1 phase 60Hz
Heating Power	3000W, Digital Heating
Ultrasonic Power	1500W (40%-100% adjustable)
Tank Size (LxWxH)	800x300x400mm
Unit Size (LxWxH)	820x685x835mm
Package Size (LxWxH)	900x780x960mm (wooden case)
N.W./G.W.	105KG/110KG
Warranty	1 year

Product Overview

Industrial-grade ultrasonic cleaning system with advanced features for demanding applications.

- Stainless steel tank construction for exceptional wear resistance and long service life
- Generous 96-liter tank capacity for large-scale cleaning operations
- Includes stainless steel basket for organized component loading
- Compatible with tap water, industrial alcohol, and specialized solvent cleaners
- Industrial control chip microcontroller with flexible circuit boards for secure and stable operation
- Comprehensive features including drainage system, basket, lid, and multi-directional castors
- High-quality Korean transducer technology
- Proprietary PCB board designed and manufactured by Skymen
- Versatile application for cleaning cast iron, steel, stainless steel, brass, bronze, and melt blown cloth

Company Introduction

Frequently Asked Questions

What's the advantage of Skymen ultrasonic cleaner?

Skymen ultrasonic cleaners provide thorough cleaning without damaging objects. They effectively remove stubborn dirt and dust from various components, restoring them to like-new condition. The systems are safe, easy to operate, and ideal for industrial applications.

How often should I change the cleaning fluid in my tank?

Change the cleaning fluid whenever it becomes visibly contaminated or when cleaning effectiveness decreases.

Why do I need to use a basket?

The basket helps organize multiple objects during loading and improves cleaning effectiveness by ensuring proper exposure to ultrasonic energy.

Can ultrasonic cleaning damage parts?

Although ultrasonic cleaning generates thousands of implosions per second, the process is safe and will not damage properly handled industrial components.

What about the warranty?

Skymen ultrasonic cleaners include a 1-year warranty. During this period, replacement parts are provided free of charge for any technical issues. Technical support remains available after the warranty period.
