

## 77L Ultrasonic Cleaner for Industrial Cleaning Car Parts Cleaning

Our Product Introduction

for more products please visit us on [skymenultrasonic.com](http://skymenultrasonic.com)

### Basic Information

- Certification: CE, RoHS, FCC
- Minimum Order Quantity: 1
- Price: 1215

### Product Specification

- Model NO.: JP-240ST
- Automation: Semi-automatic
- Ultrasonic Frequency: 40KHz
- Material: Stainless Steel SUS304
- Tank Capacity: 77L
- Transducer: 24pcs
- Timer: 1-99minutes Adjustable
- Heater: 20°C To 95°C Adjustable
- Power Supply: AC220V, 1 Phase 50Hz, AC110V, 1 Phase 60Hz
- Heating Power: 3000W, Digital Heating
- Ultrasonic Power: 1200W (40%-100% Adjustable)
- Tank Size: 550x400x350mm
- Unit Size: 780x595x765mm
- Package Size: 850x800x950mm (wooden Case)

## Product Description

### 77L Ultrasonic Cleaner for Industrial & Automotive Parts

#### Technical Specifications

Ultrasonic Frequency	40KHz
Material	Stainless Steel SUS304
Tank Capacity	77L
Transducer	24pcs
Timer	1-99 minutes adjustable
Heater	20°C to 95°C adjustable
Power Supply	AC220V, 1 phase 50Hz AC110V, 1 phase 60Hz
Heating Power	3000W, Digital Heating
Ultrasonic Power	1200W (40%-100% adjustable)
Tank Size (LxWxH)	550x400x350mm
Unit Size (LxWxH)	780x595x765mm
Package Size (LxWxH)	850x800x950mm (wooden case)
N.W./G.W.	95KG/110KG
Warranty	1 year

#### Product Overview

- Stainless steel tank provides excellent wear resistance and long service life
- 77-liter tank capacity for industrial-scale cleaning applications
- Includes stainless steel basket for organized parts cleaning
- Compatible with tap water, industrial alcohol, and solvent cleaners
- Industrial-grade microcontroller with flexible circuit board control for enhanced security and stability
- Complete package includes drainage system, basket, lid, and multi-directional castors
- High-quality Korean transducer technology
- PCB board independently researched, developed, and manufactured by Skymen
- Suitable for cleaning cast iron, steel, stainless steel, brass, and bronze materials

#### Manufacturer Information

#### Frequently Asked Questions

##### What's the advantage of Skymen ultrasonic cleaner?

Skymen ultrasonic cleaner provides thorough cleaning without damaging objects. It effectively removes stubborn dirt and dust from various items, making them look new again. The system is safe and easy to operate, serving as an excellent cleaning solution for industrial applications.

##### How often should I change the cleaning fluid in my tank?

Change the cleaning fluid whenever it becomes visibly contaminated or when the cleaning process is no longer effective.

**Why do I need to use a basket?**

The basket helps organize multiple objects together and ensures better cleaning results by allowing optimal ultrasonic wave penetration.

**Can ultrasonic cleaning damage parts?**

Although the cleaning process involves thousands of implosions per second, it is completely safe and will not damage your parts or components.

**What about the warranty?**

Skymen ultrasonic cleaners come with a 1-year warranty. During this period, any technical problems will be addressed with free replacement parts. Technical support remains available after the warranty period.
