

53L Skymen Jp-180st Ultrasonic Cleaner for Cleaning Bigger Hardware Parts

Our Product Introduction

for more products please visit us on skymenultrasonic.com

Basic Information

- Certification: CE, RoHS, FCC
- Minimum Order Quantity: 1
- Price: 880

Product Specification

- Ultrasonic Frequency: 40,000 Hz
- Material: Stainless Steel SUS304
- Tank Capacity: 53 L
- Timer: 1-99 Minutes, Digital Timer
- Heater: 20°C To 80°C
- Power Supply: AC 110 ~ 130V, 50 / 60Hz, AC 220 ~ 240V, 50 / 60Hz
- Heating Power: 3000 W, Digital Heating
- Power Adjustable: 360W ~ 900W
- Tank Size: 500 X 350 X 300 Mm (L X W X H)
- Unit Size: 650 X 410 X 530 Mm (L X W X H)
- Package Size: 800 X 620 X 880mm (wooden Case)
- Net Weight: 54KG
- Gross Weight: 75KG
- Model Number: JP-180ST

Product Description

53L Skymen JP-180ST Ultrasonic Cleaner for Industrial Parts

Professional-grade ultrasonic cleaning system designed for larger hardware components and industrial applications.

Technical Specifications

Ultrasonic Frequency	40,000 Hz
Material	Stainless Steel SUS304
Tank Capacity	53 L
Timer	1-99 minutes, Digital timer
Heater	20°C to 80°C
Power Supply	AC 110-130V, 50/60Hz AC 220-240V, 50/60Hz
Heating Power	3000 W, Digital Heating
Power Adjustable	360W - 900W
Tank Size	500 x 350 x 300 mm (L x W x H)
Unit Size	650 x 410 x 530 mm (L x W x H)
Package Size	800 x 620 x 880 mm (wooden case)
Net Weight / Gross Weight	54 KG / 75 KG
Warranty	1 year

Product Overview

Industrial-grade ultrasonic cleaning system engineered for demanding applications and extended service life.

- Stainless steel tank construction provides exceptional wear resistance and long operational lifespan
- 53-liter tank capacity accommodates larger industrial components
- Includes stainless steel basket for organized part handling
- Compatible with tap water, industrial alcohol, and specialized solvent cleaners
- Industrial-grade microcontroller with flexible circuit board control for enhanced security and stability
- Convenient features include drainage system, basket, lid, and multi-directional castors
- High-performance transducers utilizing Korean technology
- Proprietary PCB board designed and manufactured by Skymen
- Suitable for cleaning cast iron, steel, stainless steel, brass, bronze, and various metal alloys

Manufacturer Information

Frequently Asked Questions

What's the advantage of Skymen ultrasonic cleaner?

Skymen ultrasonic cleaners provide thorough cleaning without damaging objects. They effectively remove stubborn dirt and contaminants from industrial parts, watches, eyeglasses, jewelry, and other items, restoring them to like-new condition. The systems are safe, easy to operate, and ideal for both industrial and precision cleaning applications.

How often should I change the cleaning fluid in my tank?

Change the cleaning fluid whenever it becomes visibly contaminated or when cleaning effectiveness decreases significantly.

Why do I need to use a basket?

The basket helps organize multiple objects during cleaning and enhances cleaning effectiveness by ensuring proper exposure to ultrasonic waves.

Can ultrasonic cleaning damage parts?

Despite the powerful cleaning action of thousands of implosions per second, the ultrasonic cleaning process is safe and will not damage properly handled industrial components or delicate items.

What about the warranty?

Skymen ultrasonic cleaners include a 1-year warranty. During this period, replacement parts for technical issues are provided free of charge. Technical support remains available beyond the warranty period.
