

Skymen Turbo Turbocharger Ultrasonic Cleaning Machine for Diesel Pump

Our Product Introduction

for more products please visit us on skymenultrasonic.com

Basic Information

- Certification: CE, RoHS
- Minimum Order Quantity: 1
- Price: 3200

Product Specification

- Model NO.: JP-600G
- Ultrasonic Power: 3000W
- Frequency: 40KHz / 28KHz
- Housing Material: SUS304
- Tank Material: SUS304 / 316
- Heating Power: 6000W
- Tank Capacity: 264L
- Timer: 1-99 Min Adjustable
- Heater Temperature: 0~80°C
- Voltage: AC 220V, 3phase 50Hz / AC 380V, 3phase 50Hz
- Tank Size: 800X600X550mm
- Net Weight: 250 Kg
- Gross Weight: 320 Kg
- Transport Package Size: 1370X1270X1225mm

Product Description

Skymen Turbo Turbocharger Ultrasonic Cleaning Machine for Diesel Pump

Skymen Turbo Turbocharger Ultrasonic cleaning machine for Diesel Pump

Application

Ultrasonic turbo cleaner machine is the fastest and most efficient solution for turbo/turbocharger re-constructors because it removes cinders and burnt oils regardless of the complexity of the turbocharger structure. It allows cleaning many turbochargers in the same process at one time, which improves quality and production times compared to traditional processes!

Features

Stainless steel tank has resistance to wear and long work life

Tank capacity: 960 Liter

Includes stainless steel basket

Use just tap water, or industrial alcohol and solvent cleaner for higher cleaning requirements

Industrial control chip microcontroller with flexible circuit boards control for secure and stable operation

Includes drainage, basket, lid and multi-direction castors

Transducer: Korea technique

PCB board is independent research and development design production by Skymen

Can be applied to clean cast iron, steel, stainless steel, brass, bronze

Technical Specifications

Model	JP-600G
Ultrasonic power	3000W (60pcs transducers)
Frequency	40KHz / 28KHz
Housing material	SUS304
Tank material	SUS304 / 316
Heating power	6000W
Tank capacity	264L
Timer	Digital 1-99 min adjustable
Heater	0~80°C
Voltage	AC 220V, 3phase 50Hz AC 380V, 3phase 50Hz
Tank size	800X600X550mm
N.W.	250 Kg
G.W.	320 Kg

Company Introduction

We are the ultrasonic cleaner manufacturer and have been in this industry for more than 13 years. We have two powerful factories, one located in Shenzhen and the other in Shaoguan to ensure production capacity. We also have our professional engineer team for making effective cleaning plans for our customers.

Frequently Asked Questions

Q: What's the advantage of Skymen ultrasonic cleaner?

A: Skymen ultrasonic cleaner is the best way to have thorough cleaning without damaging objects. It helps to remove stubborn dirt and dust from watches, eyeglasses, jewelry, etc., making them look new once again. It's very safe and easy to operate, proving to be the best helping hand for you at home.

Q: How often should I change the cleaning fluid in my tank?

A: Change the fluid whenever it becomes visibly too contaminated, or when the cleaning process is not as effective.

Q: Why do I need to use a basket?

A: The basket helps to load objects together and provides better cleaning effect.

Q: Can ultrasonic cleaning damage parts?

A: Although the effect of thousands of implosions per second is very powerful, the cleaning process is safe and will not damage your daily objects.

Q: What about the warranty?

A: 1 Year warranty for Skymen ultrasonic cleaner. If any technical problem occurs during warranty time, replacement parts will be sent free of charge. Technical support is also available after 1 year.
