

Saving Time and Labor with Customer Feedback Ultrasonic Cleaner for Coating Process

Our Product Introduction

for more products please visit us on skymenultrasonic.com

Basic Information

- Certification: CE
- Minimum Order Quantity: 1
- Price: 2000

Product Specification

- Wood Case Size: 1300X900X1100mm
- Model NO.: JTS-1072
- Cleaning Precision: Ultra-Precision Industrial Cleaning
- Timer: 1-99 Mins Adjustable
- Ultrasonic Power: 3600W
- Heating Power: 12kw
- Power Supply: Three Phase
- Material: SUS304
- Tank Size: 1000X600X600mm
- Heater: 20~80c Adjustable
- Frequency: 28,000Hz
- Tank Capacity: 400L
- Power Adjustable: 40%-100%
- Automation: Manual
- Control: Manual

Product Description

Saving Time and Labor with Customer Feedback Ultrasonic Cleaner for Coating Process

Ultrasonic cleaning prior to plating or coating provides significant cost savings by eliminating manual scrubbing and lengthy soak times. Our ultrasonic cleaner thoroughly removes buffing compound, shop dirt, and other soils from various metal and plastic items, reaching crevices, blind holes, and other hard-to-reach areas for superior cleaning results.

Technical Specifications

Model	JTS-1072 (digital, power adjustable)
Tank Size	Customizing
Ultrasonic Power	1440W~3600W
Heating Power	12KW
Timer	1~99min adjustable
Heater Temperature	20~80°C adjustable
Frequency	28,000Hz
Tank Capacity	400L
Power Adjustable	40%-100%

Digital Control Panel

Key Features of JTS-1072

- Large capacity for high-volume cleaning operations
- Optional lift-up function for heavy coating parts
- Optional filter system for solution recycling
- Adjustable power settings for optimal cleaning conditions

Lift-Up Function

Designed for heavy coating parts that are difficult to handle manually. The automatic lift-up function ensures safe and efficient loading and unloading.

Filter System

The optional filter system enables cleaning solution recycling and reduces environmental impact by minimizing secondary pollution.

Packaging and Delivery

Products are securely packed in standard wood cases for shipping. Delivery is completed within 20 days after payment confirmation.

Company Profile

Skymen has been a leading manufacturer of ultrasonic cleaning equipment for over 10 years. We offer comprehensive specifications and types of ultrasonic cleaners serving markets across North America, Europe, and Asia. Our product range includes household ultrasonic cleaners, desktop cleaning machines, medical ultrasonic cleaners, electronic ironware cleaning machines, jewelry ultrasonic cleaners, and ultrasonic vibration plates. We also provide custom services to meet specific customer requirements.
