

Fast Cleaning with Video Feedback Ultrasonic Bath for Plating or Coating

Our Product Introduction

for more products please visit us on skymenultrasonic.com

Basic Information

- Certification: CE
- Minimum Order Quantity: 1
- Price: 2000

Product Specification

- Tank Size: 1000X600X600mm
- Heater Temperature: 20~80c Adjustable
- Power Supply: Three Phase
- Ultrasonic Power: 3600W
- Material: SUS304
- Heating Power: 12kw
- Timer: 1-99 Mins Adjustable
- Frequency: 28,000Hz
- Tank Capacity: 400L
- Power Adjustable: 40%-100%
- Cleaning Precision: Ultra-Precision Industrial Cleaning
- Model NO.: JTS-1072
- Wood Case Size: 1300X900X1100mm
- Control: Manual
- Automation: Manual

Product Description

Fast Cleaning with Video Feedback Ultrasonic Bath for Plating or Coating

Ultrasonic cleaning prior to plating or coating your parts provides significant cost savings in time and labor by eliminating manual scrubbing and lengthy soak times. Ultrasonic cleaning thoroughly and quickly removes buffing compound, shop dirt, and other soils from a variety of metal and plastic items. The technology reaches crevices, blind holes, and other hard-to-reach places, resulting in cleaner parts and better adhesion, which improves the appearance and quality of the finished product.

Technical Specifications

Model	JTS-1072 (digital, power adjustable)
Tank Size	Customizing
Ultrasonic Power	1440W~3600W
Heating Power	12KW
Timer	1~99min adjustable
Heater Temperature	20~80°C adjustable
Frequency	28,000Hz
Tank Capacity	400L
Power Adjustable Range	40%-100%

Digital Control Panel

Key Features of JTS-1072

- Large capacity for high-volume cleaning operations
- Optional lift-up function for heavy coating parts
- Optional filter system for cleaning solution recycling
- Power adjustable function for optimal cleaning conditions

Lift-Up Function

For heavy coating parts that are difficult to handle manually, we offer an optional automatic lift-up function.

Filter System

The optional filter system enables recycling of cleaning solution while reducing environmental pollution.

Packaging and Delivery

Units are packed in standard wooden cases for shipping. Delivery occurs within 20 days after payment confirmation.

Company Profile

Skymen has been a leading manufacturer of ultrasonic cleaning systems for over 10 years. We offer various specifications and types of ultrasonic cleaners distributed throughout North America, Europe, and Asia. Our product range includes household ultrasonic cleaners, desktop cleaning machines, medical ultrasonic cleaners, electronic ironware cleaning machines, jewelry ultrasonic cleaners, and ultrasonic vibration plates. We also provide custom services to meet specific customer requirements. Our headquarters is located in Hong Kong with manufacturing facilities in Shenzhen, China.
