Basic Information

- Minimum Order Quantity: 1
- Price: 1000

Product Specification

- Model NO.: JTS-1072
- Specification: 1100x600x980mm
- Ultrasonic Power: 1440W~3600W
- Heating Power: 12KW
- Timer: 1~99min Adjustable
- Heater: 20~80C Adjustable
- Frequency: 28,000Hz
- Power Adjustable: 40%-100%
- Tank Size: Customizing
- Unit Size: Pending
- Box Packing: Pending
- Tank Capacity: Customizing
- G.W.: Pending
- Production Capacity: 200PCS/Month
- Transport Package: Standard Wood Case Packing

Product Description

Quick Clean Oil Carbon Strong Power Boat Engine Ultrasonic Cleaner

Professional ultrasonic cleaning system designed for marine engine maintenance and repair applications, featuring large capacity and powerful cleaning performance.

Applications

Ideal for ship repair shop daily cleaning operations, including engine blocks, engine components, fuel injectors, carburetors, spark plugs, and various marine parts. Large capacity enables cleaning multiple objects simultaneously.

Target Contaminants: Effectively removes carbon deposits, dust, rust, oil, and other contaminants when used with appropriate cleaning solutions.

Technical Specifications

Model	JTS-1072 (digital, power adjustable)
Tank Size	Customizable
Ultrasonic Power	1440W~3600W
Heating Power	12KW
Timer	1~99 minutes adjustable
Temperature Control	20~80°C adjustable
Frequency	28,000Hz
Tank Capacity	Customizable
Power Adjustment	40%-100%

Product Overview

Key Features

- Large capacity for high-volume cleaning operations
- Optional lift-up function available
- Optional filtration system available
- Adjustable power settings for optimal cleaning conditions

Lift-Up Function

Designed for heavy automotive parts that are difficult to maneuver in cleaning tanks. The automatic lift-up system enhances cleaning efficiency and operator safety.

Filtration System

Optional filtration system conserves cleaning solution and reduces environmental impact by minimizing secondary pollution from oil-covered automotive parts.

Packaging & Delivery

Products are securely packed in standard shipping wood cases. Delivery typically occurs within 20 days after payment confirmation.

Company Profile

Skymen has been a leading manufacturer of ultrasonic cleaning equipment for over 10 years. Our diverse product range includes household ultrasonic cleaners, desktop cleaning machines, medical ultrasonic cleaners, electronic component cleaners, jewelry cleaners, and ultrasonic vibration plates. We serve markets across North America, Europe, and Asia, with company headquarters in Hong Kong and manufacturing facilities in Shenzhen, China.

Certifications
