

100L Industrial Ultrasonic Cleaner DPF Cleaning

Our Product Introduction

for more products please visit us on skymenultrasonic.com

Basic Information

- Certification: CE, RoHS
- Minimum Order Quantity: 1
- Price: 1250

Product Specification

- Model NO.: JP-300ST
- Unit Size: 820*675*830mm
- Timer: 1-99min
- Frequency: 28kHz / 40kHz
- Heater: 20-95 Celsius
- Material: SUS304/ SUS316
- Specification: 100L
- Heating Power: 4500W
- Ultrasonic Power: 0-1500W
- Tank Size: 550*450*400mm
- Machine Voltage: AC220-240V Single Phase
- Generator Voltage: 240V Single Phase
- Washing Basket: 1 Pc
- Caster: 4 Pcs
- Tank Capacity: 99L

Product Description

100L Industrial Ultrasonic Cleaner for DPF Cleaning

Professional-grade 100L industrial ultrasonic cleaner specifically designed for Diesel Particulate Filter (DPF) cleaning applications. Built with durable stainless steel construction and advanced ultrasonic technology.

Key Features

- Constructed with high-quality Stainless Steel SUS304
- Adjustable power control with clockwise adjustment
- LED display for precise timer and heater settings
- Includes stainless steel washing basket and lid
- Full-open lid design for easy water filling
- Integrated drainage valve for efficient dirty water discharge
- Advanced ultrasonic cleaning solutions penetrate oils, residues, solvents, pastes, and chemicals
- Effectively cleans contaminants from crevasses and internal bores

Technical Specifications

Ultrasonic Frequency	28,000 Hz / 40,000 Hz
Material	Stainless Steel SUS304 or SUS316
Tank Capacity	99L
Timer	1~99 minutes adjustable
Heater	20°C to 95°C adjustable
Machine Voltage	AC220-240V single phase
Generator Voltage	240V single phase
Ultrasonic Power	1500W
Heating Power	4500W
Generator	Internal
Washing Basket	1 piece
Caster	4 pieces
Drainage	Included
Cover	Included

Customization Options

We welcome customized machine requests with additional functions including:

PLC Control
Lifting Systems
Spraying
Condensation
Bubbling
Agitation
Filtration

Throwing

Drying

About Skymen Cleaning Equipment

Skymen Cleaning Equipment Shenzhen Co., Ltd. was founded in 2007 and established a Hong Kong branch in 2009. Our Shenzhen factory specializes in R&D and manufacturing of various ultrasonic cleaners, including mini household units, bench top stainless steel cleaners, and industrial large tank systems.

With over 5,000 square meters of factory space, 1,600 square meters of sales office, and 1,000 square meters of warehouse, we maintain a production capacity of 30,000 household ultrasonic cleaners and 10,000 stainless steel ultrasonic cleaners per month.

Why Choose Skymen Ultrasonic Cleaners?

- Built-in frequency scanning function for effective cleaning of dead angles
- High ultrasound power with low noise operation
- Adjustable power from 20% to 100%
- Integrated heating system to enhance cleaning agent effectiveness
- Utilizes imported components and durable stainless steel construction
- Multiple ultrasonic vibration methods available (bottom, side, multifaceted)
- Over 10 years of industry experience across various sectors
- Professional design, research, and development team
- High efficiency with low failure rates
- Trusted by major domestic manufacturers
- Reliable quality at competitive prices
