

Machinery Auto Motorcycle Engine Parts Carbon Washing Cleaner Machine Cleaning Equipment

Our Product Introduction

for more products please visit us on skymenultrasonic.com

Basic Information

- Minimum Order Quantity: 1
- Price: 3456

Product Specification

- Material: Stainless Steel SUS304 OR SUS316
- Tank Capacity: 540L
- Timer: 1~99 H Adjustable
- Heater: 20°C To 95°C Adjustable
- Machine Voltage: AC220-240V/60Hz; AC380-400V/50Hz ; 3 Phase
- Ultrasonic Power: 5400W
- Heating Power: 18000 W
- Generator: External
- Washing Basket: 1 Pc
- Caster: 4 Pcs
- Drainage: Include
- Cover: Include
- Ultrasonic Frequency: 28,000 Hz/ 40,000Hz
- Adjustable Power: 20%-100%

Product Description

Carbon Washing Cleaner Machine for Engine Parts

Key Features

- Constructed with durable stainless steel SUS304
- Adjustable power control with clockwise adjustment and LED display for timer and heater settings
- Includes stainless steel washing basket and lid
- Full-open lid design for easy water filling with drainage valve for efficient dirty water discharge
- Advanced ultrasonic cleaning technology penetrates various soil types including oils, residues, solvents, pastes, and chemicals

Technical Specifications

Ultrasonic Frequency	28,000 Hz / 40,000 Hz
Material	Stainless Steel SUS304 or SUS316
Tank Capacity	540L
Timer	1~99 hours adjustable
Heater	20°C to 95°C adjustable
Machine Voltage	AC220-240V/60Hz; AC380-400V/50Hz; 3 phase
Ultrasonic Power	5400W
Heating Power	18000W
Generator	External
Washing Basket	1 piece
Caster	4 pieces
Drainage	Included
Cover	Included

Customization Options

We welcome customized machine solutions with additional functions including:

- PLC Control Systems
- Lifting Mechanisms
- Spraying Systems
- Condensation Technology
- Bubbling Features
- Agitation Systems
- Filtration Options
- Throwing Capabilities
- Drying Functions

About Skymen Cleaning Equipment

Skymen Cleaning Equipment Shenzhen Co., Ltd. was founded in 2007 and established a Hong Kong branch in 2009. Our Shenzhen factory specializes in research, development, and manufacturing of various ultrasonic cleaning systems, including household ultrasonic cleaners, bench top stainless steel cleaners, and industrial large tank ultrasonic cleaners.

With our mold injection department established in 2013, we now operate from a 5000 square meter factory, 1600 square meter sales office, and 1000 square meter warehouse. Our production capacity includes 30,000 units per month for household ultrasonic cleaners and 10,000 units per month for stainless steel ultrasonic cleaners.

Why Choose Skymen?

Built-in frequency scanning function effectively removes and cleans dead angles while optimizing cleaning performance
High ultrasound power with low noise operation
Adjustable power control from 20% to 100%
Integrated heating system promotes chemical activity of cleaning agents for enhanced cleaning effectiveness
Utilizes imported components and artistic stainless steel plates for superior durability
Multiple ultrasonic vibration methods including bottom, side, and multifaceted vibrating for different cleaning applications
Over 10 years of experience serving diverse industries with ultrasonic cleaning solutions
Professional team dedicated to design, research, and development of specialized ultrasonic cleaners
High efficiency with low failure rates
Trusted by major domestic manufacturers for comprehensive cleaning applications
Reliable quality with competitive pricing
