Large Tank Ultrasonic Cleaning Machine for Dendrobium and Herbal Materials

Our Product Introduction

Basic Information

- Place of Origin: Shenzhen, China
- Brand Name: Skymen
- Certification: CE, RoHS, FCC
- Minimum Order Quantity: 1 Unit/Units
- Price: Negotiation
- Packaging Details: 1pcs / wooden case packing

Product Specification

- Highlight: **Large ultrasonic cleaning machine, Ultrasonic cleaner for Dendrobium, Herbal material ultrasonic cleaner**

Our Product Introduction

Product Description

Product Overview: Large Tank Ultrasonic Cleaning Machine for Dendrobium and Herbal Materials

This large tank ultrasonic cleaning machine is purpose-built for the hygienic, high-throughput cleaning of dendrobium, herbs, roots, stems, leaves, and other plant-based materials. Using controlled ultrasonic cavitation, it removes dirt, dust, sand, insects, and surface impurities while preserving the integrity of delicate herbal materials — making it a reliable solution for herbal processing, food-grade production, and botanical extraction workflows.

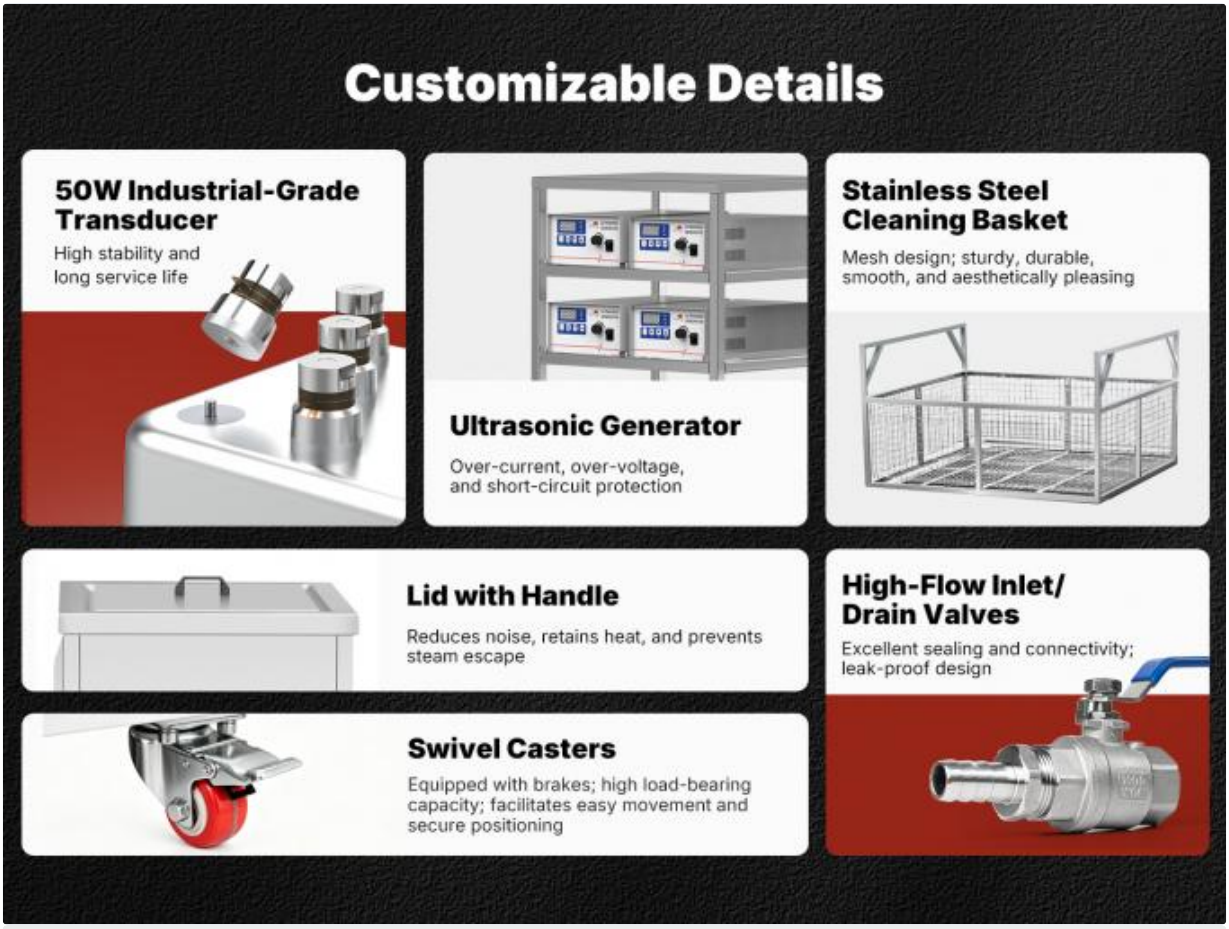

Product Highlights

- **Super large tank capacity** accommodates bulk quantities of dendrobium, herbs, roots, stems, leaves, and other plant materials.
- **Ultrasonic cavitation cleaning** effectively removes dirt, dust, sand, insects, and surface impurities without damaging delicate herbal materials.
- **Food-grade stainless steel construction** ensures hygienic operation and complies with food and herbal processing requirements.
- **Uniform ultrasonic distribution** provides thorough cleaning of irregularly shaped plant materials and hard-to-reach surfaces.
- **Customizable configuration** — tank size, ultrasonic power, filtration system, conveyor system, and lifting devices can be tailored to match your production capacity.
- **Improved processing efficiency** — reduces manual labor, shortens cleaning time, and raises overall product cleanliness.

Our Advantages

We are a direct manufacturer and factory with full mass production capability.

Our in-house R&D department ensures our products remain technologically advanced and innovative.

We own the Skymen brand and provide OEM & ODM services for distributors.

Skymen offers a wide range of industrial cleaning equipment, including:

Standard ultrasonic cleaning machines (single tank or multi-stage, from 38 L to 1500 L)

- Immersible ultrasonic transducer modules
- Extra-large ultrasonic cleaning equipment (over 20,000 L)
- Semi-automatic ultrasonic cleaning machines with translation and lifting systems
- Automatic ultrasonic cleaning machines with PLC control
- Special-function cleaning machines, such as rotary basket spraying cleaning machines, heated soak tanks, anilox roller ultrasonic cleaners, explosion-proof ultrasonic cleaners, and more
- Plasma surface treatment machines

Our products comply with international safety and environmental standards, with certifications including CE, FCC, RoHS, PSE, and Ex. We also follow strict quality management systems, including ISO 9001, ISO 14001, ISO 45001, and SA8000.

All goods are backed by a 1-year warranty.
